STATE OF JUDICIARY ADDRESS

TO THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF KENTUCKY

BY: ROBERT F. STEPHENS

CHIEF JUSTICE, KENTUCKY SUPREME COURT

MARCH 18, 1986

ACKNOWLEDGE:

LIEUTENANT GOVERNOR, SPEAKER OF THE HOUSE, MEMBERS OF THE GENERAL ASSEMBLY OF THE COMMONWEALTH, FELLOW MEMBERS OF THE JUDICIARY, GUESTS, FRIENDS AND CITIZENS OF THE COMMONWEALTH

The pinnacle of *judicial* distinction, according to the great Chief Justice John Marshall, is "the ability to look a lawyer straight in the eyes for two hours and not to hear a damned word he says." The pinnacle of *legislative* distinction, on the other hand, is the ability for you to listen with rapt attention to all that I tell you and to cast your votes similarly. Like Walter Mitty of literary fame, I, too, have my fantasies—a dream that someday all I ask of you will be summarily granted, with no questions asked, and that in this grand gesture of trust and confidence each you will be out front on a white horse leading the charge on the judiciary's behalf.

In a more serious vein, I assure you that the judges of Kentucky well recognize that this distinguished body is representative of the will of the people of Kentucky and that, consequently, we must fully justify our needs to you. It is an exercise which we welcome, for with it comes the opportunity to advise you of our hopes, our aspirations, of our most pressing concerns, and at the same time, to seek your assistance in the realization of our goals and in the resolution of the numerous complex problems with which we are presently plagued. Therefore, I deeply appreciate and welcome this opportunity to appear before this joint session of the Kentucky General Assembly to give my constitutionally mandated report to you and to the people of the Commonwealth, on the State of the Judiciary. I thank each of you for your deep interest in, and concern for, the judicial branch of government. All our citizens, of course, not just legislators, judges and lawyers, have a vital stake in the judiciary branch of government, for in our tripartite system of government, it is the fundamental mission of the judiciary—its core purpose—to secure the right of every citizen to fair and equal justice under the law—a profound principle upon which our republic was founded and under which it has flourished so successfully for so many years.

It is no exaggeration to say that this is a very crucial time in the history of our unified judicial system. In the ten years since the passage of the judicial article we have worked together to implement our court of justice and to develop its capacity to meet the demands of the caseload and the expectations of the public. Our ability to give each and every case adequate attention in a timely manner is crucial to our successfully filling our role as a public institution.

In 1985, the Commonwealth marked the tenth anniversary of the passage of the judicial article. On such an occasion, it is important that we not only recognize what has already been achieved, but also take stock of what is left to be done and to renew our dedication to the principles of court improvement which were at the heart of the Judicial Article, which is the most significant constitutional change since the adoption of the 1892 constitution. We must do so not only to bring about continued improvement, but, also to keep faith with the public which mandated the change.

In 1975, the public image of the courts of limited jurisdiction, for example, was very poor. They were viewed largely as being a collection of speed traps, bastions of local interests and ministers of favoritism to a select few. That image was undoubtedly justified in some instances, but may be viewed as the inevitable consequence of a judicial system attempting to sustain itself on the revenues which it collects. There is no more damning image of a court system than an institution with one eye on the scales of justice and the other eye on the cash register.

In 1975 the public voted in favor of the new judicial article and our "new" court system was born. The voters of Kentucky wanted a fair result from an impartial tribunal and they recognized that the new judicial system would fulfill those needs. No longer were the many courts of Kentucky islands unto themselves, rather they were joined together to form "the court of justice."

So, what has our court of justice achieved in its ten years of existence, its infancy, as it were.

As strongly as the public spoke for fair and impartial courts in 1975, they spoke just as strongly for a professional judiciary. People expect their judicial business to be handled by judges who are true professionals, educated in the law with substantial legal experience. Men and women who have chosen the judiciary as a full-time profession, not as an extra income producer to supplement their practice. Today full-time judges trained in the law serve all citizens of Kentucky. Their hard work and dedication ensure the success of our judicial system.

This principle of full-time, trained judges is at the very heart of the Supreme Court's recent requirement of mandatory continuing judicial education and mandatory continuing legal education for attorneys. To be true to the concept of a professional judiciary we must work to ensure the continued competency of the members of the legal profession and the judiciary.

The judicial article also brought with it the central administration of courts. The Administrative Office of the Courts was created to serve as the arm of the chief justice of the Supreme Court to perform the necessary administrative functions. The Administrative Office of the Courts is today a relatively small and highly efficient operation with its energies being entirely devoted to delivering services to the trial and appellate courts and assisting the courts in improving the capacity to handle their work. By efficient administration, we attempt to build the capacities of the trial courts through personnel, facilities and technological innovation, and we are able to competently address the concerns voiced by the legislature. We have had *no increase* in the number of personnel of the AOC for 6 years.

Another important aspect of central administration has been the vital relationship between the court of justice and the General Assembly of the Commonwealth. It is not entirely coincidental that the judicial and legislative departments of state government were emerging as truly independent branches of government at about the same time. The relationship between our two branches has been extremely productive and we deeply appreciate your efforts on our behalf. In light of the many revenue shortfalls of previous years and the tremendous competing demands for funds, the General Assembly has been and continues to be extremely supportive of the courts' needs.

With the mutual misgivings of the court and the General Assembly during the early days of our dual independence now largely a thing of the past, I pledge my efforts to ensure the continuation of the court's partnership with the General Assembly.

Reducing appellate delay was another important aspect of the judicial article. The creation of a new Court of Appeals which in effect tripled the number of existing appellate judges, held the promise of eliminating the backlog at the appellate level as well as increasing the opportunities for attorneys to be heard in oral argument.

However, the demands now placed upon the judiciary are now exhausting our court systems' resources. It is not simply the increasing caseload that strains our court system—although that is a significant factor—the complexity of litigation has steadily increased, as more and more critical societal values are tested and protected in the courts. Family matters represent an ever growing proportion of cases before our Kentucky courts, even though such matters may well be ill-suited to resolution through adversarial proceedings. Complex commercial law questions and technical matters of great importance to the business community are now a part of the regular fare of the state judiciary. Moreover, the courts are regularly called upon to resolve important constitutional questions.

Fortunately our constitutional framework allows the Chief Justice and the Supreme Court to do more than simply assess the situation and report to you about it. We have the authority to act and we are acting to meet the needs of the public.

It is the Court of Appeals which has been most adversely affected by the increase in caseload. In the first eight months of 1985 there were already as many case filings as in all of 1984. Despite the fact that each Court of Appeals' judge is handling at least ten cases per month, the press of work has been such that delays of a year are not uncommon. There are only *two* solutions to such a problem. The *first* is to add additional judgeships, which the Supreme Court did recommend in 1984 by certifying the necessity, thereof, to the General Assembly. While the members of the General Assembly were certainly sympathetic to our needs, the state's fiscal circumstances precluded any help of that nature. The *second* alternative is to substantially alter the way in which the Court of Appeals "does their business" and this we are doing. Owing to the aggressive and very effective leadership of Chief Judge John Hayes, the Court of Appeals has made internal changes which have begun to alleviate some of their problems.

First, a settlement program has been instituted in which a former judge of the Court of Appeals meets with attorneys for both sides in an appeal and attempts to settle the case. This program has achieved very encouraging results. Not only are settlements achieved in 26% of the cases, but, the settlement conference also has the ancillary benefits of limiting issues on appeal and effecting agreements to prosecute appeals without expensive transcripts and other legal documents. Even more encouraging has been the results of the new special appeals panel of the Court of Appeals. This speeded up process has afforded practitioners an opportunity to promptly and informally explain to the judges their position on the issues on appeal and receive a prompt decision. Each judge on the Special Appeals Panel has increased his work output by 100% per month.

Recognizing the importance of these programs, both versions of the judicial budget approved so far by the General Assembly include funding to expand the number of special appeals panels and settlement conferences, by utilizing retired judges on a limited basis and properly staffing these programs with sufficient law clerks and secretaries. With these measures we will provide full support to the Court of Appeals in their efforts to reduce delay and expense to the litigants.

The impact of increasing caseloads has been felt by the circuit court as well. In 1980, and before an additional judge was regularly added to each circuit where filings were over 1,000 per judge. In the last fiscal year, 23 circuits had filings of 1,000 or more. Since 1980, no additional circuit judgeships have been created, representing the longest period in the last twenty years in which no new circuit judgeships have been added. Again recognizing the needs of circuit courts in particular areas of the state, both versions of the judicial budget approved by the General Assembly provide additional support staff in the form of law clerks to assist circuit judges in the heaviest caseload areas. Our pilot program of law clerks for the Fayette circuit court, funded by the 1984 General Assembly, has proven to be of great assistance to the judges of that court and we anticipate similar good results in the other circuits. It saves a great deal of money in that a law clerk, effectively used, can obviate the need for an additional judge.

The district court has been likewise effected by the increased caseload and the Supreme Court has certified additional judgeships for those districts most in need. The legislature has recognized the need for additional judgeships in Bullitt County, and in Calloway and Marshall counties and both versions of the judicial budget provide much needed relief to these district courts.

During this session, the General Assembly has heard testimony regarding the need for the creation of additional judgeships throughout the Commonwealth. In response thereto, Representative Bob Jones has proposed a project, which I heartily support, to study and recommend to the legislature possible redistricting of judicial districts and circuits. I compliment Bob on the project and will be pleased to participate on the study committee. Ten years of operation of the new judicial system has produced inequities in caseloads which can be corrected by legislative action.

Prompt disposition of cases must be an important concern of the courts at all levels. The lives and futures of our litigants are tied up in these cases and intolerable delays in the disposition of cases has a devastating effect on the quality of service that we render to the public. For this reason, I have appointed a task force to develop time deadlines for the disposition of cases in our courts—at all levels. Raising our own level of concern for the timeliness of our work is important step in reassuring the public that the court's business is in good hands.

A major cost to the court system, expense for the litigant, and a delaying factor in the disposition of cases, is the reporting and transcribing of court proceedings. Court reporting is a two million dollar per annum proposition for the court of justice, just to have a court reporter present to take down the proceedings. Preparation of pauper transcripts requires an additional one-half million dollars expenditure, not to mention the hundreds of thousands of dollars which are expended by private litigants each year to secure the transcription of proceedings in civil matters.

Recently, the Administrative Office of the Courts worked in conjunction with a Kentucky firm located in Louisville, to design a court reporting system which would be entirely voice activated and which would eliminate the use of court reporters. The cornerstone of the system is an automatic mixer which switches cameras and microphones on and off depending on which of the participants in the court proceedings is speaking. The system represents a technological breakthrough. In the morning, the judge inserts two one-half inch video tapes into the recorders and six hours later, assuming that court is still in session, the tapes are changed. Other than that, you don't touch it and you have a complete video and audio record of everything which has occurred. This system is presently installed in ten courtrooms and will be expanded during the upcoming biennium.

The Supreme Court recently adopted procedures for the use of the video tapes at the appellate level. Basically, the tapes themselves will be used on appeal in lieu of a written transcript. References to the tape are made by day, hour, and minute, which is automatically and constantly recorded on the tape. In this way we have reduced the cost to the litigant from the thousands of dollars for transcription by a court reporter, to just a few dollars worth of video tapes and a few pages of transcription.

Of special significance is the fact that no new state monies have been devoted to this project. We have primarily relied on salary savings from attrition among court reporters to finance this important program.

We are very proud of the videotaping system because it represents yet another area in which Kentucky has assumed a position of leadership in judicial improvement. I am particularly gratified by the fact that while it is a tremendous improvement from the courts point of view and it will represent over the long run a tremendous savings to the Commonwealth, its most significant benefit is to the litigant whose time and money will be saved in tremendous proportions as we proceed with this program.

Likewise, the use of computers is an important innovation which can be a great help to our courts. We have spent the last four years developing the capacity to operate a statewide computer network. What remains to be done is to complete the development of the necessary programs and to purchase the peripherals for use at the local level. Likewise, widespread use of word processing and electronic mail can greatly increase the efficiency of appellate courts and can help them cope with the ever increasing press of work.

Modern online data processing systems can increase our understanding of the relative amounts of work being handled by each jurisdiction and can allow us to compare one court to another in terms of volume. Scarce resources can then be directed to the most hard pressed jurisdictions. Such data processing systems can also identify the source of delay within our system and thereby permit us to address administrative problems which occasion such delay. Comprehensive records created by automated systems can also be a tremendous management tool for a trial judge by permitting the judge to exert early and continuous control over the docket.

Another compelling reason for automation of records is the ever increasing expense of courthouse space. Electronic files will greatly ease the space crunch and in the long run will be the most efficient and economical means of record keeping.

Finally, electronic data processing will provide the vast array of information which the General Assembly and other policy makers require to make decisions not only relating to the budget of the Court of Justice, but, also in making judgements pertaining to the effectiveness of the statutes which they enact. Both bodies of the General Assembly have recognized the importance of data processing to the court system and have approved funding for our system in the coming biennium.

While we are encouraged about the benefit of these new technologies, we must never forget that our most important resources are our human resources.

Adequate judicial compensation is an essential element in sustaining a professional judiciary. The standard of compensation need not be that which is comparable to earnings of private practitioners. Rather, salary should be such as to allow a judge to pursue a judicial career while raising and educating a family. Judges willingly undertake a financial sacrifice in leaving the practice of law for the bench. We must, however, guard against a situation where a choice must be made between pursuing a judicial career and family responsibilities. Reasonable cost of living increases should continue to be provided to the members of the judicial branch as they are to other state workers and a fair salary differential should be maintained between the various levels of court. We are grateful that the Legislature has acted to decrease the extreme gap between the salaries of the district and circuit judges by providing incremental salary increases for district judges spread over the next six years. We urge this body to provide cost of living increases to the members of the judicial branch which are equal to the increases provided other state employees.

Of equal concern is compensation for non-elected personnel. The salary level of our employees in many categories substantially lags behind that of the executive branch and again I commend this body for adopting a salary improvement fund which will make the level of pay of court employees more comparable to employees in the executive branch.

Another personnel concern is that of benefits for retired judges. The judicial retirement system presently is the only state supported retirement system which does not provide a medical insurance supplement to medicare. This body recognized that fairness requires that this benefit be provided to retired judges as well and both versions of the judicial budget provide funds for such a medical insurance supplement for retired judges.

In closing, I would urge you to recognize that there is another step which should be taken to achieve the goal of a truly professional judiciary. I believe that the public will not embrace and ought to have the opportunity to adopt a constitutional amendment to provide for a system of uncontested retention elections for judges. I believe that such a system best balances our need for public participation in the selection of judges and the desire for a professional judiciary. The Judicial Article provided for eight year terms for most judges and likewise provided for non-partisan elections. I believe that with the overwhelming success of the Judicial Article, the time has come to take the additional step of entirely eliminating politics from judicial elections. I propose that the concept of judicial retention elections be studied in the upcoming biennium and be reported upon to you during your next session.

We live in a time when frustration with government is so much a fact of everyday life. What the passage and implementation of the Judicial Article clearly demonstrates is that reform and improvement are possible if hardworking and dedicated members of our society are willing to make the commitment necessary to devise a means for such improvement and offer them to the public.

It also, I believe, clearly demonstrates that Kentucky need not be content with anything but first rate services. Whether it be in education or in any other respect, we need not be content with Kentucky being ranked near the bottom. In adopting the Judicial Article for citizens of this Commonwealth distinguished themselves by making Kentucky a leader in the national court reform movement. Kentucky, today, has and is generally recognized as having one of the finest court systems in the country.

This is a fact of which each and every one of us should be extremely proud and should motivate us to renew our own dedication to the important principles of the article and to do our part to make these principles manifest in our service to the public. I thank each of you for your efforts on behalf of the judiciary and for your support of our programs and our system.

Amend the title to read as follows:

"AN ACT relating to education and declaring an emergency therefor."

Floor Amendment No. 3 to SB 152, by Representative Dawahare:

On page 1, after line 20, add the following:

"Section 2. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1978, a member of the retirement system may qualify for service retirement by meeting either of the following requirements:

(a) Attainment of age fifty-five (55) years and completion of five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, or

(b) Completion of *twenty-seven (27)* [~~thirty (30)~~] years of Kentucky service, two (2) years of which are subsequent to July 1, 1941. [~~A member having less than thirty (30) years of service may retire with benefits reduced according to the following schedule:~~

~~29 years—90% of benefits~~

~~28 years—80% of benefits~~

~~27 years—70% of benefits.~~]

[~~(c)~~] Benefits will be reduced in accordance with KRS 161.620 for persons qualifying under *paragraph* (a) *of this subsection* who are less than age sixty (60) years.

(2) Any member shall be automatically retired as of July 1 next following his seventieth (70th) birthday, providing, however, that a member reaching age seventy (70) and having fewer than five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, shall receive a refund of the member's accumulated contributions as provided in KRS 161.470(6) in lieu of a retirement annuity.

(3) Any person who has been a teacher in Kentucky for twenty-seven (27) years or more and who withdraws from teaching after July 1, 1941, and before reaching the age of sixty-five (65) years may continue to pay into the fund each year, until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during his last full year as a teacher. If he so elects he shall at any time be entitled to receive a retirement allowance as provided in KRS 161.620. No member shall make contributions as provided for above if such member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(4) Service credit in the Kentucky employes retirement system, the state police retirement system, the legislators' retirement plan, the county employes or the judicial retirement system may be used in meeting the

service requirements of subsections (1)(a) and (1)(b) of this section, provided such service is subsequent to July 1, 1956.

(5) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with regulations of the board of trustees.

(6) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to his death.

Section 3. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1980, and thereafter, the annual allowance for each year of service performed prior to July 1, 1941, shall be one hundred dollars ($100) and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section.

(b) For retirements effective January 1, 1984, and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2 1/2%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%).

(c) If the member has five (5) years or more of Kentucky service, but less than *twenty-seven (27)* [~~thirty (30)~~] years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than *twenty-seven (27)* [~~thirty (30)~~] years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances.

(2) Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one percent (1%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than eighty-eight dollars ($88) multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums shall be effective July 1, 1978, and shall apply to those members retiring on or subsequent to that date.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, 1982, the monthly allowance of each member retired on or before July 1, 1981, and each recipient of a retirement option of such retired members shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member has been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(6) Effective July 1, 1983, the monthly allowance of each member retired on or before July 1, 1982, and each recipient of a retirement option of such retired member shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member had been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(7) Effective July 1, 1980, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of such child or until such time as the mental condition creating the dependency no longer exists. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) The cost of providing the statutory cost-of-living increases for retired members during 1980-82 and 1982-84 shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1982-84 biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.

Section 4. KRS 161.540 is amended to read as follows:

(1) Effective *July 1, 1986* [~~July 1, 1984~~], each member shall contribute to the retirement system *nine and eight hundred and fifty-five thousandths percent (9.855%)* [~~nine and six-tenths percent (9.6%)~~] of annual compensation except that university faculty members shall contribute *eight and three hundred and seventy-five thousandths percent (8.375%)* [~~eight and twelve-hundredths percent (8.12%)~~] of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance.

(2) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 5. Whereas contributions to the retirement system must be made at the beginning of the fiscal year, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor."

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 421 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any other provision of law or rule of evidence, a child victim's out of court statements regarding physical or sexual abuse, or neglect of the child are admissible in any criminal or civil proceeding, including a proceeding to determine the dependency of the child if, prior to admitting such a statement, the court determines that:

(a) The general purpose of the evidence is such that the interest of justice will best be served by admission of the statement into evidence; and

(b) The statements are determined by the court to be reliable based upon the court's consideration of: the age and maturity of the child, the nature and duration of the abuse, the emotional or psychological effects of said abuse or neglect upon the child, the relationship of the child to the offender, the reliability of the child witness, and the circumstances surrounding the statement.

(2) If the statement is admitted into evidence either party may call the child to testify and the opposing party may cross-examine the child.

Section 2. KRS 421.350 is amended to read as follows:

(1) This section applies only to a proceeding in the prosecution of an offense, including but not limited to an offense under KRS 510.040 to 510.150, 529.030 to 529.050, 529.070, 530.020, 531.310, 531.320, 531.370, *the offense of endangering the welfare of a minor, all dependency proceedings pursuant to KRS Chapter 208,* and the criminal offense of unlawful transaction with a minor when the minor is induced, assisted or caused to engage in illegal sexual activity, when the act is alleged to have been committed against a child twelve (12) years of age or younger, and applies only to the statements or testimony of that child.

(2) The recording of an oral statement of the child made before the proceeding begins is admissible into evidence if:

(a) No attorney for either party was present when the statement was made;

(b) The recording is both visual and oral and is recorded on film or videotape or by other electronic means;

(c) The recording equipment was capable of making an accurate recording, the operator of the equipment was competent, and the recording is accurate and has not been altered;

(d) The statement was not made in response to questioning calculated to lead the child to make a particular statement;

(e) Every voice on the recording is identified;

(f) The person conducting the interview of the child in the recording is present at the proceeding and available to testify or be cross-examined by either party;

(g) The defendant or the attorney for the defendant is afforded an opportunity to view the recording before it is offered into evidence; and

(h) The child is available to testify.

If the electronic recording of the oral statement of a child is admitted into evidence under this section, either party may call the child to testify, and the opposing party may cross-examine the child.

(3) The court may, on the motion of the attorney for any party, order that the testimony of the child be taken in a room other than the courtroom and be televised by closed circuit equipment in the courtroom to be viewed by the court and the finder of fact in the proceeding. Only the attorneys for the defendant and for the state, persons necessary to operate the equipment, and any person whose presence would contribute to the welfare and well-being of the child may be present in the room with the child during his testimony. Only the attorneys may question the child. The persons operating the equipment shall be confined to an adjacent room or behind a screen or mirror that permits them to see and hear the child during his testimony, but does not permit the child to see or hear them. The court shall permit the defendant to observe and hear the testimony of the child in person, but shall ensure that the child cannot hear or see the defendant.

(4) The court may, on the motion of the attorney for any party, order that the testimony of the child be taken outside the courtroom and be recorded for showing in the courtroom before the court and the finder of fact in the proceeding. Only those persons permitted to be present at the taking of testimony under subsection (3) of this section may be present during the taking of the child's testimony, and the persons operating the equipment shall be confined from the child's sight and hearing as provided by subsection (3) of this section. The court shall permit the defendant to observe and hear the testimony of the child in person, but shall ensure that the child cannot hear or see the defendant. The court shall also ensure that:

(a) The recording is both visual and oral and is recorded on film or videotape or by other electronic means;

(b) The recording equipment was capable of making an accurate recording, the operator was competent, and the recording is accurate and is not altered;

(c) Each voice on the recording is identified; and

(d) Each party is afforded an opportunity to view the recording before it is shown in the courtroom.

(5) If the court orders the testimony of a child to be taken under subsections (3) or (4) of this section, the child may not be required to testify in court at the proceeding for which the testimony was taken.

Section 3. KRS 141.440 is amended to read as follows:

(1) Effective for the tax year beginning January 1, 1984 and until the state treasurer certifies that the assets in the child victims' trust fund exceed twenty million dollars ($20,000,000), any individual who is entitled to a tax refund sufficient to make a designation under this section may designate that two dollars ($2.00) *or four dollars ($4.00) or any amount of his refund* [~~of his or her refund~~] be credited to the child victims' trust fund. [~~In the case of a joint return of husband and wife who are entitled to a tax refund under this chapter sufficient to make a designation under this section, a designation may be made that four dollars ($4.00) of their refund be credited to the child victims' trust fund.~~]

(2) The tax designation authorized in this section shall be clearly and unambiguously printed on the first page of the state individual income tax return.

(3) The proceeds derived from the tax designation shall be credited to the child victim's trust fund to be allocated and distributed as provided in KRS 15.900 to 15.940.

Section 4. KRS 208.060 is amended to read as follows:

(1) All cases involving children brought before the court shall be granted a speedy hearing and shall be dealt with by the juvenile session of district court at separate hearings and without a jury except that a trial by jury may be had in accordance with the provisions of KRS 208.020(3), (4) and (5). The hearings may be conducted in an informal manner. The general public shall be excluded and only the immediate families or guardians of the parties before the court, witnesses necessary for the prosecution and defense of the case, the probation

worker with direct interest in the case, such persons admitted as the judge shall find have a direct interest in the case or in the work of the court, and such other persons as agreed to by the child and his attorney may be admitted to the hearing. Witnesses shall be admitted to the hearing only for the duration of their testimony.

(2) Juvenile proceedings shall consist of two distinct hearings, an adjudication and a disposition, which may, upon motion of the child, be held on separate days.

(a) The adjudication shall determine the truth or falsity of the allegations in the petition and shall be made on the basis of an admission or confession of the child to the court or by the taking of evidence.

(b) Upon motion by any child brought before the court on a petition under KRS 208.020(1)(a), (b), or (c), the Rules of Criminal Procedure shall apply to all matters involved in the adjudication of the case. All adjudications shall be supported by evidence beyond a reasonable doubt. *On a petition brought under KRS 208.020(1)(d), the rules of civil procedure shall apply to all matters involved in the adjudication of the case, and all adjudications shall be supported by clear and convincing evidence.*

(c) After adjudication, a determination by the court that detention pending disposition is necessary shall be based on a finding of the court by a preponderance of the evidence that the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community.

(d) The disposition shall determine the action to be taken by the court on behalf of, and in the best interest of, the child. Unless the provisions of subsections (3) and (4) are observed by the court, the disposition shall be limited to an informal adjustment of the matter between the parties and the court. The provisions of subsections (3) and (4) shall be conditions precedent to any commitment, court-ordered probation, restitution, or other disposition enforceable by the authority of the court. No public or private agency or body, or party before the court, shall participate in any order of the court unless it receives from the court a verified statement, signed by the juvenile judge, that the rights enumerated in subsections (3) and (4) were granted to the child during the proceedings in juvenile court.

(3) Before commencing a hearing and proceeding to determine the truth or falsity of the allegations in a petition filed with the court under KRS 208.020(1)(a), (b), or (c), the court shall decide, on the basis of a preliminary inquiry made by the court, whether or not the best interest of the child indicates that the petition should be dismissed and the child's case adjusted informally among the parties. An informal adjustment may be made at any time during the proceedings. All petitions brought under KRS 208.020(1)(a), (b), or (c) shall receive this consideration by the court. No petition shall be brought against the child as a result of information given to the court by the child as part of an informal adjustment. If the court finds it necessary to extend the discussion, during an informal adjustment, beyond the immediate subject matter of the complaint before it, the child and his parents, relative, guardian, or custodian shall be advised of all the rights under this subsection. If the court determines that a formal proceeding is required to determine the truth or falsity of the allegations against the child, a petition, sworn to by the complainant, shall be required pursuant to KRS 208.070(1) and (2), and the court shall, when the child is brought before the court:

(a) Explain to the child and his parents, relative, guardian, or custodian their respective rights to counsel and, if the child and his parents, relative, guardian, or custodian are unable to obtain counsel, shall appoint counsel for the child and may appoint counsel for the parents, relative, guardian, or custodian;

(b) Explain the privilege against self-incrimination by saying that the child, parents, relative, guardian, or custodian may remain silent concerning the charges against the child, and that anything said may be used against the child and result in his commitment to the cabinet or an institution for juvenile delinquents;

(c) Explain the right to confront anyone who has accused the child and to cross-examine that person on the allegations made against the child;

(d) Advise the child and his parents, relative, guardian, or custodian of the right to appeal from a determination of the court;

(e) Advise the child that these rights belong to him and may not be waived by his parents, relative, guardian, or custodian.

(4) At the disposition of a child adjudicated on a petition brought pursuant to KRS 208.020(1)(a), (b), or (c), all information helpful in making a proper disposition, including oral and written reports, may be received by

the court in compliance with KRS 208.060(2)(d) and relied upon to the extent of their probative value, provided that the parties or their counsel shall be afforded an opportunity to examine and controvert the reports and cross-examine the individuals making the reports.

(5) In the case of any child brought before the court on a petition under KRS 208.020(1)(d), the rules of evidence and procedure described in subsection (3) of this section shall apply.

Section 5. KRS 199.335 is amended to read as follows:

(1) The purpose of this section, KRS 530.060, 530.070, subsections (4) and (5) of KRS 208.020 and subsections (4) and (5) of KRS 208.990 is to provide for the identifying of any abused or neglected child; to require reports of any suspected abused or neglected child; to assure that the protective services of the state will be made available to an abused or neglected child in order to protect such a child and his siblings; to further prevent abuse or neglect; to preserve and strengthen family life, where possible, by enhancing parental capacity for adequate child care; and to provide for immediate and prompt investigation of such reports.

Policyholders shall be given full credit for all investment income, net of expenses and a reasonable management fee on policyholder supplied funds. Any additional premium resulting from a retrospective adjustment will first be collected from the stabilization fund set forth in Section 7 of this Act. If these funds are insufficient to pay the entire amount due, the balance will be recouped through surcharges upon policyholders in accordance with a procedure approved by the commissioner.

(3) In providing for the recoupment of deficits which may be incurred by the association, an option shall be offered to an insured each policy year to pay a capital stabilization charge which shall not exceed one hundred percent (100%) of the premium charged to the insurer in that year. The commissioner shall determine the amount of the charge from appropriate factors of loss experience and risks associated with the plan of operation and the insurer. An insured who pays the stabilization charge shall not be required to pay any assessment to recoup a deficit in the plan incurred in any policy year for which the charge is paid. The plan of operation shall provide for the return to the insured so much of his payment as remains after all actual or potential liabilities under the policy have been discharged.

The association shall cancel the policy of any policyholder who fails to pay the stabilization reserve fund charge.

(3) The monies held in trust shall be used solely for the purpose of discharging when due any retrospective premium charges payable by policyholders of the association under the group retrospective rating plan authorized by this subtitle. Payment of retrospective premium charges shall be made by the board of directors upon certification to them by the association of the amount due.

A member insurer may not be assessed in any one (1) year an amount greater than five percent (5%) of his direct written premiums for the preceding calendar year. HB 913, AN ACT relating to motor vehicle operators.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 186 IS CREATED TO READ AS FOLLOWS:

(1) The transportation cabinet, in making a determination that a person is an habitually reckless or negligent driver pursuant to KRS 186.570(1)(d) for the purpose of denying, suspending or revoking that person's operator's license, shall utilize a schedule of penalty points as established by KRS 189.572. Points shall be assessed for conviction, forfeiture of bail or payment of fine, with or without a court appearance, for the enumerated offenses regardless of whether the conviction is received from a court of competent jurisdiction within the Commonwealth or any other jurisdiction, except for out-of-state speeding offenses.

(2) "Probation" for the purposes of this Act means that upon any additional conviction for a moving violation, with or without a court appearance, or upon failure to successfully complete the driver improvement clinic, the driver shall have his driving right in Kentucky suspended for the period of time established by Section 2 of this Act. When a driver has been convicted of driving under the influence of intoxicants in a foreign jurisdiction, probation may include successful completion of the alcohol driver education course in lieu of terms previously stated.

(3) Information regarding convictions may be secured from any official sources or records available to public or cabinet inspection. Complete records of suspensions and point system assessments shall be maintained in the transportation cabinet.

SECTION 2. A NEW SECTION OF KRS CHAPTER 186 IS CREATED TO READ AS FOLLOWS:

(1) On the accumulation of six (6) or more points against any driver the transportation cabinet may send a letter to the address shown on his driver license record that will require said driver to be interviewed by a driver improvement officer for the purpose of seeking a solution to his errant driving behavior. Failure to report for the interview may be cause for the cabinet to suspend the person's driving right for a period of not less than thirty (30) days. After this interview, the cabinet may require the driver to attend a driver improvement clinic approved by the transportation cabinet. Failure to successfully complete the driver improvement clinic may be cause for the cabinet to suspend the person's driving rights for a period of not less than thirty (30) days.

(2) Upon evidence to the cabinet that a valid license holder has successfully completed this clinic, a four (4) point credit shall be given on the driver record of those who voluntarily complete the driver improvement clinic after the effective date of this Act. This subsection shall not apply when a driver is required to attend the driver improvement clinic as a condition of his probation. No driver shall be permitted to attend this clinic until two

(2) years have elapsed following the date of completion of a previous clinic for the reduction of points or reduction of a suspension period.

(3) Upon the accumulation of twelve (12) points by any driver within a period of two (2) years, the cabinet may suspend the operating right of such driver for a period of six (6) months for the first such accumulation of twelve (12) points, one (1) year for the second such accumulation of twelve (12) points, and two (2) years for any subsequent accumulation of twelve (12) points within the two (2) year period. For any violation for which the suspension of the driving privilege is six (6) months or less for the first offense, the second conviction of a similar offense shall result in a suspension period of not less than one (1) year, and any subsequent conviction for any similar offense not less than two (2) years. Provided the driver is eligible for "probation," the cabinet may waive the remainder of a driver's suspension period after he has served one-half (1/2) of it. Upon this waiver, the cabinet shall place the driver on "probation" as defined in Section 1(2) of this Act, for two (2) times the amount of time remaining on the suspension period.

(4) Any driver who accumulates twelve (12) points or more within a period of two (2) years, or who is convicted of any offense that could result in a discretionary suspension, may be placed on "probation" in lieu of suspension.

(5) A driver receiving a conviction from a moving hazardous violation from any court outside the boundaries of Kentucky which may result in a suspension shall be offered a hearing prior to any suspension of his driving right.

(6) Once a driver has been placed on "probation" by the cabinet, he shall not be considered for probation again until a lapse of two (2) years from the ending date of any previous probation period granted, whether served or not.

SECTION 3. A NEW SECTION OF KRS CHAPTER 186 IS CREATED TO READ AS FOLLOWS:

(1) Any driver who holds a valid driver's license from another licensing jurisdiction and desires to become a valid license holder in Kentucky, upon establishing residency in this state, but has a driving record of one (1) or more convictions for moving violations within the preceding two (2) years, may be considered for an operator's license in Kentucky. However, such person must not be under suspension or revocation by any state at the time of his application in Kentucky. This driver applicant may be required to appear for an interview, as outlined in Section 2(1) of this Act, and may be required by the cabinet to successfully complete a driver improvement clinic, as outlined in Section 2(2) of this Act, as a prerequisite to obtaining a permanent Kentucky operator's license.

(2) Whenever a conviction report is used for a suspension or probation, it shall never be used for an additional suspension. It may be used to show that the driver has previously been suspended on his record.

(3) No person's driving right will be suspended under this Act without his first being offered a hearing, unless such hearing offer has been waived.

(3) No license shall be suspended or revoked except after a hearing thereon. The licensor shall give the licensee at least thirty (30) days' notice of the time and place of hearing and of the charges against it.

(4) The [~~department or~~] commission may inspect the pertinent books, letters, records and contracts of a licensee.

(5) If a licensee is a firm or corporation, it shall be sufficient cause for the denial, suspension or revocation of a license that any officer, director or trustee of the firm or corporation, or any member in case of a partnership, has been guilty of any act or omission which would be cause for refusing, suspending or revoking a license to such party as an individual. Each licensee shall be responsible for the acts of any or all of his salesmen while acting as his agent, if such licensee approved of or had knowledge of said acts or other similar acts and after such approval or knowledge retained the benefit, proceeds, profits or advantages accruing from said acts or otherwise ratified said acts.

Section 1. KRS 95.290 is amended to read as follows:

(1) The city legislative body in cities of the first class may enact ordinances providing for a system of pensions for retired and disabled members of the police and fire divisions of the department of public safety and their dependents, may appropriate funds for the purpose of paying such pensions, may allot and pay to the policemen's pension fund or the fire fighter's pension fund or either or both of them, all fines and forfeitures imposed upon members of the respective divisions, and may provide for, assess and collect contributions from the members for the benefit of the fund.

(2) There shall be a governing body of the policemen's pension fund, and a governing body of the fire fighter's pension fund. The governing bodies of the respective funds shall hold title to all assets in their respective funds, and shall have exclusive authority relating to investment of the assets of the funds, including contracting with investment advisors or managers to perform investment services as deemed necessary and prudent by the board. A majority of the governing body of each fund shall be comprised of members of the respective pension systems, and no more than one (1) member of the city legislative body may be a member of the governing body of either the policemen's or the fire fighter's pension fund.

(3) Any pension fund established under the provisions of this section shall be held *or* [~~and~~] distributed for *any of the following purposes:*

(a) Paying pensions;

(b) Payments to the city for transfer to the county employes retirement system for alternate participation pursuant to KRS 78.530(3)(a) and 78.531(2);

(c) Transfer of pension assets through investment contract or other financial instrument for the purpose of amortizing unfunded service liability; and

(d) Payment from the city to the county employes retirement system for future pension contributions required pursuant to KRS 61.565.

Pursuant to the terms of this Act, if fire fighters of the city of the first class elect entry into the county employes retirement system and thereby create excess funds over those required to provide for the purposes set forth in paragraphs (a), (b), and (c) of this subsection, these excess funds shall be distributed to the city for use by the city for any other purpose it may elect, including, but not limited to, the establishment of a reserve for payment under paragraph (d) of this subsection. [~~the purpose of paying pensions and for no other purpose, except that~~] The governing board of the fund may annually expend for the necessary expenses connected with the fund, including but not limited to expenses for medical, actuarial, accounting and legal services, the amount such governing board deems proper.

(4) Any ordinance establishing a pension fund under this section shall make equitable provision for the rights of persons having an interest in assets transferred to the fund from any fund heretofore established by statute.

(5) The legislative body in a city of the first class may issue the appropriate order, pursuant to KRS 78.530(1), directing participation for fire fighters in the county employes retirement system. If the legislative body issues such an order, all new employes who would have been granted membership in the local fire fighters' pension system shall be members of the county employes retirement system. All active members of the local fire fighters' pension system at the time of transition to the county employes retirement system may choose membership in the county employes retirement system or may retain membership in the local system. The city shall elect the alternate participation plan, pursuant to KRS 78.530(3), for fire fighters who transfer to the county employes retirement system. Notwithstanding the provisions of KRS 78.530(3)(b), the city may, at its option, extend the payment period for the cost of alternate participation to a maximum of twenty (20) years with the interest at the rate actuarially assumed by the board. The city shall have the right to use assets in the local pension fund, other than assets necessary to pay benefits to the remaining active members of the local fire fighters' pension system and to retirees and their survivors as determined by actuarial evaluation, to assist in the payment of the annual installment cost of alternate participation. All fire fighters who become members of the county employes retirement system pursuant to this Act shall be granted hazardous duty coverage, and the city may, at its option, purchase accumulated sick leave for each fire fighter upon retirement pursuant to KRS 78.616.

(6) Notwithstanding the provisions of KRS 61.565, which relate to the contributions required of participating employers, any city of the first class participating in the county employes retirement system hazardous duty pension plan which has in effect a collective bargaining agreement with a group of employes who participate in said plan, shall have the right to enter into agreement with its employes or with their respective collective bargaining representatives. This agreement may include, but is not limited to, specifications of what portion of the required employer contribution shall be borne by the participating employer and what portion shall be borne by the participating employe. This provision in no way modifies the employer's obligation to remit the contributions required by the county employes retirement system pursuant to KRS 61.565, whether such contributions are borne by the city or by its participating employes.

(7) With regard to the employer participation or employer contributions pursuant to KRS 61.565 as it relates to future pension contribution requirements or as it relates to payback period or interest charge for service liability cost under alternate participation, if any statute or any resolution of the appropriate state board of trustees having authority over employer participation or employer contribution grants any terms or conditions to any city of the second through the sixth class, or to any county, or to any urban-county government, which are more favorable in terms of participation than terms or conditions granted to any city of the first class, then said provisions for employer participation or contribution shall be available to the city of the first class, at its option and effective upon adoption by the city of the first class and notification to the county employes retirement system.

Section 2. KRS 78.531 is amended to read as follows:

(1) Any member of a retirement system created pursuant to KRS 67A.320, 67A.340, 79.080, 90.300 through 90.420, *95.290,* 95.520 through 95.620, 95.621 through 95.629, 95.767 through 95.784, 95.851 through 95.884 and 96.180 notwithstanding any provisions of the statutes to the contrary, may elect to terminate coverage under the retirement system in which he is a member, if the city or urban-county government has adopted the provisions of the county employes retirement system pursuant to KRS 78.510 through 78.852.

(2) If the city or urban-county government elects the alternate participation plan, as set forth in KRS 78.530(3), employe contributions made to the fund under authority of KRS 67A.320, 67A.340, 79.080, 90.400(1), 90.410, *95.290,* 95.520 through 95.620, 95.621 through 95.629, 95.767 through 95.785, 95.851 through 95.884 or 96.180 shall be paid to the county employes retirement system and credited to the individual member's account in the system for any employe electing to terminate coverage under the provisions of this section. Proper credit for these employe contributions shall be given to the city or urban-county government in computing the cost of participation under the alternate participation plan as provided by KRS 78.530(3).

(3) If the city or urban-county government does not elect the alternate participation plan as set forth in KRS 78.530(3), the employe contributions paid into the fund under authority of KRS 67A.320, 67A.340, 79.080, 90.400(1), 90.410, *95.290,* 95.520 through 95.620, 95.621 through 95.629, 95.767 through 95.785, 95.851 through 95.884 or 96.180 by each employe electing to terminate coverage under the provisions of this section shall be refunded to the employe with interest as specified in the applicable statute, unless the employe has a vested account in which case he may elect to leave his contributions in the fund in order to later receive a pension when he becomes eligible.

Section 3. Whereas, the interest rates available to any city of the first class through investments are dramatically decreasing for the purpose of amortizing the unfunded service liability, an emergency is declared to exist, and this Act shall become effective upon passage and approval by the Governor.

(11) The state and the state investment commission are not liable to any eligible lending institution in any manner for payment of the principal or interest on the loan to an eligible small or agri business. Any delay in payments or default on the part of a borrower does not in any manner affect the deposit agreement between the eligible lending institution and the state.

(1) Monies obtained from the linked investment loan program by eligible small and agri businesses may be used for annual working capital for production costs, interest costs, capital expense, and debt refinancing. The energy produced through the employment of the atmospheric fluidized bed combustion technology must constitute the major energy source for the primary operations of the facility.

(2) "Atmospheric fluidized bed combustion technology tax exemption certificate" shall mean that certificate issued by the revenue cabinet pursuant to Section 2 of this Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

(1) Application for an atmospheric fluidized bed combustion technology tax exemption certificate shall be filed with the revenue cabinet in such manner and in such form as may be prescribed by regulations issued by the revenue cabinet and shall contain plans and specifications of the structure including all materials incorporated and to be incorporated therein and a descriptive list of all equipment acquired or to be acquired by the applicant for the purpose of installing an atmospheric fluidized bed combustion unit to reduce the sulfur emissions from coal combustion and any additional information deemed useful by the revenue cabinet for the proper administration of this Act. The energy cabinet shall provide technical assistance and factual information as requested in writing by the revenue cabinet. If the revenue cabinet finds that the facility qualifies as a fluidized bed energy production facility, it shall enter a finding and issue a certificate to that effect. The effective date of said certificate shall be the date of issuance of said certificate.

(2) Before issuing an atmospheric fluidized bed combustion technology tax exemption certificate, the revenue cabinet shall give notice in writing by mail to the secretary of the energy cabinet and shall afford to the applicant and to the secretary of the energy cabinet an opportunity for a hearing. The hearing shall take place within sixty (60) days following notification. The secretary of the energy cabinet along with the applicant shall be notified of the hearing at least two (2) weeks prior to the hearing. On like notice and opportunity for a hearing the revenue cabinet shall on its own initiative revoke such certificate whenever any of the following appears:

(a) The certificate was obtained by fraud or misrepresentation;

(b) The holder of the certificate has failed substantially to proceed with the construction, reconstruction, installation or acquisition of the atmospheric fluidized bed combustion unit; or

(c) The structure or equipment or both to which the certificate relates has ceased to be used for the primary purpose of generating energy.

(3) Where the circumstances so require, the revenue cabinet, in lieu of revoking such certificate, may modify the same.

(4) On mailing of notice of the action of the revenue cabinet revoking or modifying a certificate as provided in subsection (5) of this section, such certificate shall cease to be in force or shall remain in force only as modified as the case may require.

(5) An atmospheric fluidized bed combustion technology tax exemption certificate, when issued, shall be sent by certified mail to the applicant and the notice of such issuance in the form of certified copies thereof shall be sent to the secretary of the energy cabinet. Notice of an order of the revenue cabinet denying, revoking, or modifying a certificate in the form of certified copies shall be sent by certified mail to the applicant or the holder and shall be sent to the secretary of the energy cabinet. The applicant or holder and the secretary of the revenue cabinet are deemed parties for the purposes of the review afforded by subsection (6) of this section.

(6) Any party aggrieved by the issuance, refusal to issue, revocation, or modification of an atmospheric fluidized bed combustion technology tax exemption certificate may appeal from the final ruling of the revenue cabinet to the Kentucky board of tax appeals as provided in KRS 131.340.

(7) In the event of the sale, lease, or other transfer of an atmospheric fluidized bed combustion unit, not involving a different location or use, the holder of the atmospheric fluidized bed construction technology tax exemption certificate for such facility may transfer the certificate by written instrument to the person who, except for the transfer of the certificate would be obligated to pay taxes on such facilities. The transferee shall become the holder of the certificate and shall have all rights pertaining thereto, effective as the date of transfer, together with a copy of the instrument of transfer to the revenue cabinet.

(8) In the event an atmospheric fluidized bed combustion unit for which an exemption certificate is held ceases to be used for the purpose of generating energy or is used for a purpose other than that for which the exemption certificate was granted, the holder of the certificate shall give written notice by certified mail of such change to the energy and revenue cabinets.

(9) The atmospheric fluidized bed combustion technology tax exemption certificate, upon approval, shall exempt said facilities from taxes outlined in the provision of this Act and KRS Chapters 132, 136, 138 and 139. Each exemption certificate shall remain in force for a period of five (5) years from the date of issuance and at the end of said period shall lapse. Any atmospheric fluidized bed combustion unit previously exempt under the terms of this Act shall not be eligible for re-certification upon completion of the five (5) year certificate period.

Section 3. KRS 139.480 is amended to read as follows:

Any other provision of this chapter to the contrary notwithstanding, the terms "sale at retail," "retail sale," "use," "storage," and "consumption," as used in this chapter do not include the sale, use, storage, or other consumption of:

(1) Locomotives or rolling stock, including materials for the construction, repair, or modification thereof, or fuel or supplies for the direct operation of locomotives and trains, used or to be used in interstate commerce;

(2) Coal for the manufacture of electricity;

(3) All energy or energy-producing fuels used in the course of manufacturing, processing, mining, or refining to the extent that the cost of the energy or energy-producing fuels used exceeds three percent (3%) of the cost of production. Cost of production shall be computed on the basis of plant facilities which shall mean all permanent structures affixed to real property at one (1) location;

(4) Livestock of a kind the products of which ordinarily constitute food for human consumption provided the sales are made for breeding or dairy purposes and by or to a person regularly engaged in the business of farming;

(5) Poultry for use in breeding or egg production;

(6) Farm work stock for use in farming operations;

(7) Seeds, the products of which ordinarily constitute food for human consumption or are to be sold in the regular course of business, feed for livestock or poultry of a kind the products of which ordinarily constitute food for human consumption, and commercial fertilizer to be applied on land the products from which are to be used for food for human consumption or are to be sold in the regular course of business; Provided such sales are made to farmers who are regularly engaged in the occupation of tilling and cultivating the soil for the production of crops as a business, or who are regularly engaged in the occupation of raising and feeding livestock or poultry or producing milk for sale; and provided further that such tangible personal property so sold is to be used only by those persons designated above who are so purchasing;

(8) Machinery for new and expanded industry;

(9) Farm machinery. As used in this section the term "farm machinery" means machinery used exclusively and directly in the occupation of tilling the soil for the production of crops as a business, or in the occupation of raising and feeding livestock or poultry or of producing milk for sale. The term "farm machinery" as used in this section includes machinery, attachments, and replacements therefor, repair parts, and replacement parts which are used or manufactured for use on, or in the operation of farm machinery and which are necessary to the operation of such machinery, and are customarily so used; but this exemption shall not include automobiles, trucks, trailers, and truck-trailer combinations;

(10) Property which has been certified as a pollution control facility as defined in KRS 224.850;

(11) Tombstones and other memorial grave markers; and

(12) On-farm facilities used exclusively for grain or soybean storing, drying, processing, or handling. The exemption applies to the equipment, machinery, attachments, repair and replacement parts, and any materials incorporated into the construction, renovation, or repair of such facilities;

(13) Gasoline, special fuels, and liquefied petroleum gas used to operate or propel stationary engines or tractors for agricultural purposes. As used in this subsection:

(a) "Gasoline" is defined as in KRS 138.210(4);

(b) "Special fuels" is defined as in KRS 138.560(3);

(c) "Liquefied petroleum gas" is defined as in KRS 234.100(1); and

(d) "Agricultural purposes" is defined as in KRS 138.343(4);

(14) Textbooks, including related workbooks and other course materials, purchased for use in a course of study conducted by an institution which qualifies as a nonprofit educational institution under KRS 139.495. The term "course materials" means only those items specifically required of all students for a particular course but does not include notebooks, paper, pencils, calculators, tape recorders, or similar student aids;

(15) Any property which has been certified as an alcohol production facility as defined in KRS 247.910; and

(16) Aircraft, repair and replacement parts therefor, and supplies, except fuel, for the direct operation of aircraft in interstate commerce and used exclusively for the conveyance of property for hire. Nominal intrastate use will not subject the property to the taxes imposed by this chapter.

(17) Any property which has been certified as a fluidized bed energy production facility as defined in Section 1 of this Act.

Section 4. KRS 136.070 is amended to read as follows:

(1) Every corporation organized under the laws of this state, every corporation having its commercial domicile in this state, and every foreign corporation owning or leasing property located in this state or having one (1) or more individuals receiving compensation in this state, except state and national banks and trust companies, savings and loan associations organized under the laws of this state and under the laws of the United States and making loans to members only, open-end registered investment companies organized under the laws of this state and registered under the investment company act of 1940, production credit associations, insurance companies, including farmers' or other mutual hail, cyclone, windstorm or fire insurance companies, insurers and reciprocal underwriters, public service companies subject to taxation under KRS 136.120, those corporations exempted by section 501 of the Internal Revenue Code, any property or facility which has been certified as an alcohol production facility as defined in KRS 247.910, *any property or facility which has been certified as a fluidized bed energy production facility as defined in Section 1 of this Act,* and any other religious, educational, charitable or like corporations not organized or conducted for pecuniary profit, shall pay to the state an annual license tax of two dollars and ten cents ($2.10) on each one thousand dollars ($1,000) of the capital employed in the business as computed under the provisions of subsections (2) and (3) of this section, subject to the credit provided in subsection (6) of this section.

(2) (a) The term "capital" as used in this section means capital stock, surplus, advances by affiliated companies, intercompany accounts, borrowed monies or any other accounts representing additional capital used and employed in the business. Accounts properly defined as "capital" in this section shall be reported at the value reflected on financial statements prepared for book purposes as of the last day of the calendar or fiscal year.

(b) "Capital employed," in the case of corporations having property or payroll only in this state, means "capital" as defined above.

(c) "Capital employed," in the case of corporations having property or payroll both within and without this state means "capital" as defined above and as apportioned under subsection (3) of this section.

(d) Property means either real property or tangible personal property which is either owned or leased. Payroll means compensation, paid to one (1) or more individuals, as described in subsection (3) of this section. Property and payroll are deemed to be entirely within this state if all other states are prohibited by Public Law 86-272, as it existed on December 31, 1975, from enforcing income tax jurisdiction.

(3) The total capital, as determined under subsection (2) of this section, shall be apportioned as follows:

(a) The total capital shall be multiplied by a fraction, the numerator of which is the property factor plus the payroll factor, plus the sales factor, and the denominator of which is three (3); provided, however, that effective with taxable years beginning after July 31, 1985, in lieu of the equally weighted three (3) factor apportionment fraction based on property, payroll, and sales, an apportionment fraction composed of a sales factor representing fifty percent (50%) of the fraction, a property factor representing twenty-five percent (25%) of the fraction, and a payroll factor representing twenty-five percent (25%) of the fraction shall be used.

(b) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.850 shall be excluded from the property factor.

1. Property owned by the taxpayer is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero, such property shall be valued by the cabinet under regulations promulgated by the cabinet. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals, provided that such rental and such subrentals are reasonable. If the cabinet determines that the annual rental or subrental rate is unreasonable, or if nominal or zero rate is charged, the cabinet may determine and apply such rental rate as will reasonably reflect the value of the property rented by the taxpayer.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the cabinet may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(c) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid or payable everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state; or

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(d) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Sales of tangible personal property are in this state if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale;

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government; or

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(4) If the apportionment provisions of this section do not fairly measure the taxpayer's capital in this state, the taxpayer may petition for or the cabinet may require:

(a) The exclusion of any one (1) or more of the factors;

(b) The inclusion of one (1) or more additional factors which will fairly measure the taxpayer's capital in this state; or

(c) The employment of any other method to produce an equitable apportionment of the taxpayer's capital.

(5) No corporation required to pay an annual license tax under this section shall pay less than thirty dollars ($30).

(6) Every corporation with a gross income of not more than five hundred thousand dollars ($500,000) shall be entitled to a credit equivalent to one dollar and forty cents ($1.40) per one thousand dollars ($1,000) of the initial three hundred and fifty thousand dollars ($350,000) of capital employed in the business, as computed under the provisions of KRS 136.070(2) and (3).

Section 5. KRS 132.020 is amended to read as follows:

(1) An annual ad valorem tax for state purposes of thirty-one and one-half (31-1/2) cents upon each one hundred dollars ($100) of value of all real property directed to be assessed for taxation, and one and one-half (1-1/2) cents upon each one hundred dollars ($100) of value of all privately-owned leasehold interests in industrial buildings, as defined under KRS 103.200, owned and financed by a tax-exempt governmental unit, or tax-exempt statutory authority under the provisions of KRS Chapter 103 directed to be assessed for taxation, and one and one-half (1-1/2) cents upon each one hundred dollars ($100) of value of all tobacco directed to be assessed for taxation, and twenty-five (25) cents upon each one hundred dollars ($100) of value of all money in hand, shares of stock, notes, bonds, accounts and other credits, whether secured by mortgage, pledge or otherwise, or unsecured, except as otherwise provided in subsection (2) of this section, and one and one-half (1-1/2) cents upon each one hundred dollars ($100) of value of unmanufactured agricultural products, one-tenth of one cent ($.001) upon each one hundred dollars ($100) of value of all farm implements and farm machinery owned by a person actually engaged in farming and used in his farm operations, one-tenth of one cent ($.001) upon each one hundred dollars ($100) of value of all livestock and domestic fowl, one-tenth of one cent ($.001) upon each one hundred dollars ($100) of value of all tangible personal property located in a foreign trade zone as designated under 19 U.S.C. sec. 81, fifteen (15) cents upon machinery and products in course of manufacture, of individuals or corporations actually engaged in manufacturing, and their raw material actually on hand at their plant for the purpose of manufacture, fifteen (15) cents upon commercial radio, television and telephonic equipment directly used or associated with electronic equipment which broadcasts electronic signals to an antenna, fifteen (15) cents upon property which has been certified as a pollution control facility as defined in KRS 224.850, one-tenth of one cent ($.001) upon property which has been certified as an alcohol production facility as defined in KRS 247.910, *or as a fluidized bed energy production facility as defined in Section 1 of this Act,* twenty-five (25) cents upon each one hundred dollars ($100) of value of motor vehicles qualifying for permanent registration as historic motor vehicles under the provisions of KRS 186.043, and forty-five (45) cents upon each one hundred dollars ($100) of value of all other property directed to be assessed for taxation shall be paid by the owner or person assessed except as provided in subsection (2) of this section and KRS 132.030, 132.050, 132.200, 136.270, 136.300, 136.320 and other sections providing a different tax rate for particular property.

(2) An annual ad valorem tax for state purposes of one and one-half (1-1/2) cents upon each one hundred dollars ($100) of value shall be paid upon the following classes of intangible personal properties, when such intangible personal properties have not acquired a taxable situs without this state:

(a) Accounts receivable, notes, bonds, credits, nondomestic bank deposits, and any other intangible property rights arising out of or created in the course of regular and continuing business transactions substantially performed outside this state.

(b) Patents, trademarks, copyrights and licensing or royalty agreements, relating thereto.

(c) Shares of capital stock of any affiliated company as defined in subsection (3) of this section and notes, bonds, accounts receivable and all other intercompany intangible personal property due from such company.

(3) "Affiliated company" shall mean a parent corporation or subsidiary corporation, and any corporation principally engaged in business outside the United States in which the owner or the person assessed directly or indirectly owns or controls not less than ten percent (10%) of the outstanding voting stock.

(4) With respect to the intangible properties taxed pursuant to subsection (2) of this section, no other ad valorem tax shall be levied by the state or any county, city, school or other taxing district on such intangible properties, or directly or indirectly against the owner with respect thereto.

(5) Unmined coal and any interest therein, in whatever form held, including, but not limited to, leasehold and royalty interests shall be taxed at the rate of one-tenth of one cent ($.001) per one hundred dollars of assessed value.

(6) Thirty (30) cents of the thirty-one and one-half (31-1/2) cents state tax rate on real property and thirty (30) cents of the forty-five (45) cents state tax on tangible personalty subject to local taxation shall be considered as local school district tax levies for purposes of computing any direct payments of state or federal funds to said districts as replacement for ad valorem taxes lost on property acquired by a governmental agency. Should the equivalency ever be less than thirty (30) cents, as certified by the department of education, the direct payments shall be reduced proportionately.

(7) The provisions of subsection (1) of this section notwithstanding, the state tax rate on real property shall be reduced to compensate for any increase in the aggregate assessed value of real property to the extent that such increase exceeds the preceding year's assessment by more than four percent (4%). In any year in which the aggregate assessed value of real property is less than the preceding year, the state rate shall be increased to the extent necessary to produce the approximate amount of revenue that was produced in the preceding year from real property.

(8) By July 1 each year, the revenue cabinet shall compute the state tax rate applicable to real property for the current year in accordance with the provisions of KRS 132.020(6) and certify the rate to the county clerks for their use in preparing the tax bills. In the event the assessments for all counties have not been certified by July 1, the cabinet shall, when real property assessments of at least seventy-five percent (75%) of the total number of counties of the Commonwealth have been certified, make an estimate of the real property assessments of the uncertified counties and compute the state tax rate.

(9) In the event that the tax rate set by the cabinet as provided in subsection (8) of this section produces more than a four percent (4%) increase in real property tax revenues, the rate shall be adjusted in the succeeding year so that the cumulative total of each year's property tax revenue increase shall not exceed four percent (4%) per year.

(10) An ad valorem tax for state purposes on distilled spirits shall be levied according to the following rate schedule:

Calendar Year	Rate per $100 of Assessed Value
1982	$.225
1983	$.1125
1984 and after	$.001

Section 6. KRS 132.200 is amended to read as follows:

(3) When an annuity or a life estate is terminated by the death of the annuitant or life tenant, and the tax upon such interest has not been fixed and determined, the value of the interest for the purpose of taxation shall be that amount of the annuity or income actually paid or payable to the annuitant or life tenant during the period for which the annuitant or life tenant was entitled to the annuity or was in possession of the life estate. The tax on such annuities and life interests shall be payable out of the corpus of the estate, unless otherwise provided under the terms of the will.

(4) Notwithstanding anything in this chapter to the contrary, the value of a surviving spouse's interest in a trust or life estate which was exempt from Kentucky inheritance tax in the first spouse's estate pursuant to an election made under KRS 140.080(1)(a) shall be deemed to be equal to the entire value of the property held in the trust or life estate, at the surviving spouse's death, for Kentucky inheritance tax purposes in the surviving spouse's estate.

Section 3. KRS 140.220 is amended to read as follows:

(1) A personal representative or trustee holding property subject to any of the taxes levied by this chapter shall not deliver the property until he has collected the tax thereon.

(2) When a specific bequest of personal property other than money is subject to the tax and the legatee neglects or refuses to pay the tax upon demand, the personal representative or trustee may, upon such notice as

the court having jurisdiction of the settlement of the estate may direct, be authorized to sell the property or, if it can be divided, such portion thereof as may be necessary. He shall deduct the tax from the proceeds of the sale, and account to the legatee for the balance, if any, of the proceeds, in lieu of the property.

(3) The personal representative or trustee shall collect the taxes due upon land or the proceeds of insurance policies that are subject to tax from the heirs or devisees entitled thereto, and he may be authorized to sell the land if they refuse or neglect to pay the tax.

(4) If any trust or life estate is subject to the taxes levied by this chapter by virtue of its inclusion in the decedent's estate under KRS 140.100(4), unless the decedent directs otherwise in his will, the personal representative of the decedent's estate shall be entitled to recover from the trust or life estate property that portion of the total taxes assessed against the decedent's estate under this chapter equal to the gross value of such trust or life estate property at the decedent's death divided by the value of the decedent's entire gross estate, such values to be as finally determined for purposes of this chapter.

SB 288, AN ACT relating to state police disability retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 16.165 is amended to read as follows:

Any state police officer (as defined in KRS 16.010) who becomes disabled after July 1, 1977, as a direct result of an injury or disease arising out of the performance of a hazardous duty in the course of employment with the department may elect to be retained on the regular payroll of the department of state police subject to the following:

(1) Compensation paid to the officer by the department shall be adjusted and maintained at the officer's regular rate of pay based upon the officer's rank and tenure with the department, and shall include annual increments, salary adjustments, and other benefits of employment, provided, however, such compensation paid to the officer by the department shall be reduced by the amount of payments received by the officer from workers' compensation insurance, social security benefits and other federal or state financed disability programs designed to supplement the officer's income for which the officer is qualified and elects

participation. Final compensation shall not be reduced by payments for medical care. The disabled officer's regular rate of pay, without the reductions required by this subsection, shall be his creditable compensation for purposes of KRS 16.510 to 16.652.

(2) Such officer shall be assigned by the commissioner of the department of state police to a position in the department for which he is qualified, if the commissioner determines, based upon medical reports and recommendations submitted for that purpose, that the officer is able to perform limited duties. If it is determined that the officer is able to perform limited duties and refuses to accept an assignment from the commissioner, the officer shall not be eligible for the payment of compensation authorized by this section. If the commissioner determines that the officer is unable to perform limited duties, the officer shall be eligible for the payment of compensation authorized by this section without the performance of limited duties. Any officer adversely affected or aggrieved by a final determination of the commissioner pursuant to this section may appeal within thirty (30) days to the local circuit court.

(3) Payments made pursuant to this section shall continue until the officer is eligible for normal retirement allowances pursuant to KRS 16.576 or until the officer elects early retirement allowances pursuant to KRS 16.577 or disability retirement allowances pursuant to KRS 16.581 or KRS 16.591. If the officer receives pre-retirement payments under this section or KRS 16.167 and subsequently elects disability retirement, the effective date of his disability retirement shall be the first month following the month in which the officer last receives pre-retirement payments under this section or KRS 16.167, KRS 16.505(16) to the contrary notwithstanding.

(4) Any state police officer, disabled prior to July 1, 1977 as a result of severe physical injuries arising out of the performance of duty, who is unable to maintain gainful employment as a result of such injuries, but who was ineligible for retention on the regular payroll because of the date of his injury, shall, if his time in active service plus his time on disability retirement allowance equal the time necessary for normal retirement pursuant to KRS 16.505(15), have his retirement allowance increased to the amount he would receive, had he been retained on the regular payroll of the department pursuant to this section and had he subsequently elected normal retirement pursuant to KRS 16.576 when first eligible, but any survivor option which he chose at the time of disability retirement shall not be changed.

SB 361, AN ACT relating to industrial development and authorizing the establishment and financing by the Commonwealth of Kentucky of projects designed to promote such development and declaring an emergency.

WHEREAS, it is the public policy of the Commonwealth of Kentucky to encourage, engender, promote and support economic development, new job formation, the retention of existing industry and the development and growth of industry and commerce in the Commonwealth, for the public purposes of alleviating and preventing unemployment, stabilizing and promoting the economy of Kentucky as the economy is transformed from agrarian to industrial, and creating new tax bases to increase the revenues of the Commonwealth and its agencies and subdivisions for the economic, educational and social benefit of the citizens and residents of the Commonwealth; and

WHEREAS, the general welfare and well-being of the citizens of the Commonwealth is inextricably connected with and related to the economic opportunities which may be created and made available to them, and it is the legitimate business of Kentucky state government in an increasingly complex society, to provide, to the maximum extent practicable, the impetus for economic development in the Commonwealth by the creation and financing of programs which will directly and proximately cause the location and retention of industry in the Commonwealth; and

WHEREAS, it is essential to provide additional authority, procedures and techniques to enable the appropriate state agencies of Kentucky to induce and cause the location of major industry in the Commonwealth and to authorize the creation and financing of incentive programs for industry which will result in the creation of new employment opportunities for the citizens of the Commonwealth, the increase of the economic base of the Commonwealth, increased tax revenues to the Commonwealth and the general stabilization of the economy of Kentucky as it is transformed from agrarian to industrial, all of which are recognized as being vitally essential public purposes;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

(1) It is hereby found, determined and declared as a legislative finding of fact that the general welfare and well-being of the citizens of the Commonwealth is inextricably connected with and related to the economic opportunities which may be created and made available to them and that it is the legitimate business of Kentucky state government in an increasingly complex society to provide to the maximum extent practicable the impetus for economic development in the Commonwealth by the creation and financing of programs which will directly and proximately cause the location of major industries in the Commonwealth.

(2) It is hereby further found, determined and declared as a legislative finding of fact that the establishment of major manufacturing, processing and assembling facilities on sites which may be acquired and developed by the Commonwealth for such uses will proximately result in increased tax revenues to the Commonwealth, as taxing entity, including state corporate income taxes, state income taxes paid by employes who work in such facilities, state property taxes, state corporation license taxes and state sales and use taxes, which would not be received by the Commonwealth but for the establishment of such manufacturing, processing and assembling facilities and which tax receipts are hereby found, determined and declared to constitute receipt of value by the Commonwealth for the lease or conveyance of any such sites, as developed and improved, to persons, firms and corporations establishing major manufacturing, processing and assembling facilities on such sites.

(3) It is the purpose of this Act to promote the gainful employment, business and economic development opportunities and general welfare of the citizens and residents of the Commowealth by the creation of authority to enable the Commonwealth to acquire real estate for use as manufacturing, processing and assembling sites, and to develop such sites for occupancy, use, lease or conveyance to industrial corporations, partnerships and other entities which will provide citizens and residents of the Commonwealth with employment opportunities and will provide to the Commonwealth additional tax revenues. The authority granted by this Act and the purposes to be accomplished by this Act are hereby declared to be public purposes for which public money may be expended. The general assembly hereby declares that financing the acquisition and development of sites for industries pursuant to this Act is governmental and public in nature.

Section 2. KRS 56.440 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Commission" means the state property and buildings commission.

(2) "Real estate" includes lands together with improvements thereon and appurtenances thereto.

(3) "Building" includes any structure or improvement upon real estate of a permanent nature and additionally includes any sites, structures, equipment, machinery or devices for the purpose of establishing, developing or furthering television or related services in aid of education or in aid of any other proper public functions, whether or not the same would otherwise be legally defined as buildings; but only *(except for industrial development projects)* if used or to be used by the Commonwealth of Kentucky or one of its departments or agencies (not including independent municipal corporations or political subdivisions).

(4) "Building project" includes the construction, reconstruction and structural maintenance of buildings, the installation of utility services, including roads and sewers, and the purchase and installation of equipment, facilities and furnishings of a permanent nature for buildings, and the purchase and installation initially of movable equipment, furnishings and appurtenances necessary to make a building operable, and for television or related purposes as referred to in subsection (3) of this section, for use by the state government or one of its departments or agencies, not including any independent municipal corporation or political subdivision.

(5) "Industrial development project" means and includes the acquisition of any real estate and the construction, acquisition and installation thereon and with respect thereto of improvements and facilities necessary and useful for the improvement of such real estate for conveyance to or lease to industrial entities to be used for manufacturing, processing or assembling purposes, including surveys, site tests and inspections, sub-surface site work, excavation, removal of structures, roadways, cemetaries and other surface obstructions, filling, grading and provision of drainage, storm water detention, installation of utilities such as water, sewer, sewage treatment, gas, electricity, communication and other similar facilities, off-site construction of utility extensions to the boundaries of such real estate, construction and installation of buildings including buildings to be used for worker training and education, rail facilities, roads, sidewalks, curbs and other improvements to such real estate necessary to its manufacturing, processing or assembling use by industrial entities; provided

that an industrial entity must have agreed with the commission, prior to the financing of an industrial development project, to develop, in conjunction with such industrial development project, manufacturing, processing or assembling facilities satisfactory to the commission.

(6) "Industrial entity" means any corporation, partnership, person or other legal entity, whether domestic or foreign, which will itself or through its subsidiaries and affiliates construct and develop a manufacturing, processing or assembling facility on the site of an industrial development project financed pursuant to this chapter.

(7) "Incremental taxes" means, for any fiscal year of the Commonwealth, that amount of money which is equal to all tax revenues received by the Commonwealth, as taxing entity, during such fiscal year in respect of an industrial development project and improvements and equipment thereon and the products thereof, and activities carried out by the occupants and users of such industrial development project, minus an amount equal to all tax revenues received by the Commonwealth, as taxing entity, in respect of the site of the industrial development project and the same type of taxable properties and activities during the fiscal year immediately preceding the fiscal year during which construction of the improvements undertaken by an industrial entity as a result of the financing of such industrial development project commenced. Incremental taxes shall include such tax revenues as state corporate income taxes, state income taxes paid by employes of manufacturing, processing and assembling facilities developed on the site of an industrial development project, state property taxes, state corporation license taxes and state sales and use taxes but shall not include any taxes levied specifically for educational purposes.

(8) "State agency" means any state administrative body, agency, department or division as defined in KRS 42.005, or any board, commission, institution, or division exercising any function of the state but which is not an independent municipal corporation or political subdivision.

(9)[~~(6)~~] "Cabinet" means the finance and administration cabinet.

Section 3. KRS 56.510 is amended to read as follows:

(1) In carrying out the purposes of KRS Chapter 56, and in providing for the expenditure of funds for the acquisition of real estate or for a building project for the state or for any state agency, the cabinet may find that the cost may be paid in whole or in part (a) out of the funds appropriated specifically for capital outlay purposes, or (b) out of funds directly appropriated to the involved state agency which may legally be available for the purpose, or (c) out of funds derived or which may be derived by the issuance and sale of revenue bonds by the commission (but only for the purpose of acquiring property for use by the state government or one of its departments or agencies, but not including any independent municipal corporation or political subdivision), or (d) by any one (1) or a combination of said methods of financing. Any such findings providing for the issuance and sale of bonds shall be submitted to the commission for final determination. When any funds appropriated to or standing to the credit of a particular state agency are to be used for a purpose of the character above contemplated, the head of the agency may direct that the funds be transferred to the credit of the finance and administration cabinet and made available for expenditure by the finance and administration cabinet for the agreed purpose. *Industrial development projects may be financed by the issuance of revenue bonds of the commission only at the request of the commerce cabinet, subject to the provisions of subsection (3) of this section.*

(2) In any case where the expenditures for the acquisition of real estate or for a building project for the state or any state agency are to be financed in whole or in part by the issuance or sale of revenue bonds, the commission may provide that the title to any real estate which may be so acquired shall not vest in the Commonwealth until the revenue bonds, together with interest thereon, have been paid in full. In such cases the commission may, by agreement or in a trust indenture securing the payment of such revenue bonds, provide that the title of such real estate may be vested in some other state agency, or in a trustee named in such indenture, until the revenue bonds, together with the interest thereon, have been paid in full. It shall be provided in any such financing (i) that upon the retirement and discharge of the bonds, notes, or other obligations issued by the commission at the direction of and on behalf of a state agency, title to the public project or public projects so acquired shall vest in the Commonwealth; (ii) that in the event of default with respect to such bonds, notes, or other obligations, the Commonwealth shall have the exclusive option to acquire the public project or public projects for the amount required to discharge such bonds, notes, or other obligations, and is provided a reasonable time to exercise such option; (iii) that the issuance of such bonds, notes, or other obligations shall be directed by and approved by such state agency not more than sixty (60) days prior to the date of issue of such obligations; and (iv) that no bonds, notes, or other obligations shall be issued by the commission for and on behalf of such state agency except upon express direction of such state agency.

(3) *(a) In any case where the expenditures for the acquisition, installation and construction of an industrial development project will be financed in whole or in part by the issuance or sale of revenue bonds, the commission may provide that the title to the industrial development project which may be so acquired shall be conveyed to the industrial entity which will occupy and utilize the industrial development project; provided, however, that such conveyance shall only be made if:*

1. The subject industrial entity agrees in writing prior to the issuance of any revenue bonds to construct and acquire in connection with the industrial development project manufacturing, processing and assembling facilities satisfactory to the commission;

2. The commission makes a finding in writing, that, based upon diligent investigation, the aggregate incremental taxes to be received by the Commonwealth as a result of such industrial development project are reasonably expected, over the life of the revenue bond issue, to be at least equal to the principal amount of any revenue bonds issued to finance such industrial development project;

3. The industrial development project is separately approved in writing by the governor;

4. The industrial development project is separately approved and authorized by the general assembly; and

5. Any revenue bond proceedings for the financing of an industrial development project provide that in the event of any disposition by an industrial entity of any such industrial development project previously conveyed to such industrial entity prior to the collection by the Commonwealth of incremental taxes in the amount specified in subparagraph 2. of this paragraph, the subject industrial entity shall pay to the Commonwealth an amount equal to the difference between the aggregate incremental taxes collected by the Commonwealth to such date of disposition and the principal amount of such revenue bonds.

(b) As an alternate to the initial conveyance of an industrial development project to an industrial entity, such industrial development project may be leased to such industrial entity upon such terms as the commission and the commerce cabinet shall determine to be proper, and in such case, subject to the provisions of subparagraphs 1., 2. and 3. of subsection (3)(a) of this section, provision may also be made for title to such industrial development project to be conveyed to the subject industrial entity at such time as the Commonwealth has collected incremental taxes in respect of the industrial development project in an amount equal to the principal amount of any revenue bonds issued to finance such industrial development project.

(c) It is hereby determined and declared as a legislative finding of fact that the provisions and requirements of subsection (3)(a) and (b) of this section provide for the receipt by the Commonwealth of fair market value for any industrial development project conveyed to an industrial entity pursuant to this Act.

(d) The commerce cabinet is authorized and empowered to initiate industrial development projects and to finance such projects pursuant to the provisions of this chapter. When revenue bonds are issued for the financing of any such industrial development project, the commerce cabinet is authorized and empowered to enter into financing agreements or lease agreements with the commission providing for the making of financing payments by the commerce cabinet from appropriations made to the commerce cabinet as, if and when received, for the amortization of revenue bonds so issued, provided, that no such obligation shall be binding upon the commerce cabinet for a period extending beyond the legislative biennium during which such obligation is incurred, but such obligation may be renewed during successive biennial periods by the commerce cabinet. The issuance of any revenue bonds, notes or other obligations for the financing of industrial development projects shall be directed by and approved by the commerce cabinet not more than sixty (60) days prior to the date of the issue of such obligations, and no bonds, notes or other obligations shall be issued by the commission for and on behalf of the commerce cabinet, except upon such express direction and upon compliance with subsection (3) of this section. Any portion of an industrial development project may be financed by a city or county of the Commonwealth in the same manner as a financing by the commission under this Act or pursuant to the statutory authority of such city or county. In such event, the commerce cabinet may enter into similar financing agreements or lease agreements with such city or county in order to make proper provision for such financing.

(4) The cabinet, in providing for the expenditure of funds for any of the purposes mentioned in this section, or the commission in providing for the issuance and sale of *revenue* bonds, shall have power to provide by agreement with the state agency affected, or by provision in the trust indenture securing the bonds, such terms and conditions as may be considered appropriate and reasonable so as to permit *either* the leasing to, and use by, any state agency *of any building project or the conveyance or lease of any industrial development project to*

any industrial entity, any such building project to be paid for by such state agency [~~which provides funds~~] either*:*

(a) From its own appropriation*;* [~~, or~~]

(b) By the issuance of revenue bonds*;* [~~,~~] or

(c) By means of a proposal to pay a rental for the use of all or any part of any building proposed to be constructed *and any such industrial development project to be paid for by the commerce cabinet by the issuance of revenue bonds of the commission, subject to the provisions of subsection (3) of this section, and amortization of such revenue bonds by the commerce cabinet.*

The cabinet or the commission, in making any such lease agreement *or financing agreement*, or in making provision in any trust indenture securing revenue bonds, is authorized and empowered to lease all or any part of the *facility financed* [~~building~~] for such term and upon such conditions and for such considerations *or enter into financing agreements with the commerce cabinet in respect of any industrial development project* as may appear to be in the public interest.

Section 4. KRS 56.513 is amended to read as follows:

(1) When the state property and buildings commission makes a determination, in accordance with the provisions of KRS Chapter 56, that one or more building projects *or industrial development projects* will be financed by the issuance of revenue bonds, then in anticipation of such financing the commission may borrow money to provide interim financing therefor and issue in evidence thereof its revenue bond anticipation notes, bearing interest at a rate or rates not exceeding the maximum rate permitted for the issuance of such bonds. Such interim financing may be entered into for the commission's own projects, for those of the University of Kentucky and the state colleges or universities or for any other agency of the Commonwealth where approval by the commission is required regarding the issuance of revenue bonds of such an agency. In instances where the revenue bonds involved are to be issued by other agencies, such agencies, with the prior approval of the commission, may borrow money in the same manner and for the same purpose and issue in evidence thereof their own revenue bond anticipation notes, according to rules and regulations promulgated by the commission.

(2) The commission shall solicit proposals for such interim financing from at least three (3) responsible lenders, and shall select in its discretion the best of such proposals consistent with sound financial practices. A selection may be made even though less than three (3) proposals are received. The term of any such revenue bond anticipation note shall not exceed five (5) years; and the same may be renewed, if necessary.

(3) Each revenue bond anticipation note may include prepayment provisions which will allow the commission or other borrowing agency to prepay the loan after giving reasonable notice to the lender; shall identify the revenue bond issue from the proceeds of which the note or notes and any interest thereon are to be paid; and shall include a statement that the note is being issued in anticipation of the identified revenue bond issue, and that neither the note, nor the interest thereon, shall constitute or evidence an indebtedness of the Commonwealth of Kentucky. Each such note and the interest thereon (to any extent not previously paid from other sources) shall be paid from the proceeds of the identified revenue bond issue, when such proceeds have been received and are available.

(4) Instead of borrowing money and issuing revenue bond anticipation notes in the full amount necessary for construction contract purposes, the commission (or such agencies with the prior approval of the commission and according to its rules and regulations), may enter into loan agreements with one or more lenders (determined by the commission to be responsible) according to the terms of which it may be agreed:

(a) That the lender will continuously make available to the borrowing agency a stated maximum amount of money for a stated period of time,

(b) That the borrowing agency may demand and obtain cash advances against such commitment from time to time upon reasonable and agreed notice, and upon issuing in evidence of each advance a bond anticipation note which will bear an agreed rate of interest, not exceeding the maximum rate permitted for the issuance of the proposed bonds, and

(c) That in consideration of the making of such loan agreement the borrowing agency will pay to the lender or lenders a commitment fee determined by the commission to be reasonable according to financial conditions existing at the time the loan agreement is made.

Such loan agreements may be recorded as receivables upon the books of account of the commission, the secretary of the finance and administration cabinet, or other borrowing agency, and construction contracts may be awarded against the same to the amount of money which the lender contractually agrees to make available to the borrowing agency, the same as in the case of loan agreements made with departments or agencies of the United States government.

(5) Each revenue bond anticipation note issued according to this section, and the receipt of interest thereon, shall be exempt from all taxation by the Commonwealth and all of its subdivisions, municipalities and taxing authorities; and this may be stated as a representation in the text of each such revenue bond anticipation note.

(6) The state property and building commission and other state agencies authorized to issue revenue bond anticipation notes under the terms of this section may as an alternative and if authorized to do so by the governing body of such commission or agency, adopt the procedures for interim financing established for counties, cities, and other municipal corporations, or their agencies, by KRS 58.150.

SECTION 5. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

The following provisions shall be applicable to Sections 1 to 4 of this Act:

(1) As used in this section, the following terms shall have the following meanings:

(a) "Commercial paper revenue bonds" means revenue bond anticipation notes which by their terms mature not more than two hundred seventy (270) days from the date of issuance thereof and are to be refunded by the issuance of commercial paper revenue bonds or by refunding revenue bonds; provided, however, that all commercial paper revenue bonds must possess the characteristics set forth and described in subsection (3)(d) of this section.

(b) "Refunding revenue bonds" means revenue bonds issued by the commission to refund outstanding issues of revenue bonds, commercial paper revenue bonds and variable rate revenue bonds.

(c) "Variable rate revenue bonds" means revenue bonds the rate of interest on which fluctuates either automatically by reference to predetermined formulas and indices or pursuant to the standards set forth in subsection (3)(e) of this section.

(2) The commission may issue and sell revenue or other authorized bonds, including variable rate and commercial paper bonds, to pay all or any part of the expense or cost of or incidental to an industrial development project, in denominations and amounts, as it deems to be for the best interest of the Commonwealth.

(3) (a) Revenue bonds issued to pay the costs of industrial development projects may bear interest at any rate or rates, either fixed or variable in accordance with such method as shall be determined by the commission, shall be payable either annually or at shorter intervals, may be of such terms and maturities, may bear such conversion privileges, may be executed by the manual or facsimile signatures of such officers of the commission, and shall be executed in such manner and at such time or times, or from time to time, and be payable at such times not exceeding forty (40) years from the date thereof, or, if commercial paper, from the date of initial issuance thereof, and at such place or places as the commission determines.

(b) Such revenue bonds may provide that they or any of them may be called for redemption prior to maturity under conditions determined by the commission before issuing the bonds.

(c) Such revenue bonds may, at any time on or after the earliest redemption date provided therefor at the time of their issuance, be refunded by the commission, in such amount as the commission may deem necessary to refund the principal of the revenue bonds to be refunded, together with any unpaid interest thereon, to create any necessary debt service reserve fund, and to pay any premiums, expenses and commissions required to be paid in connection therewith.

(d) At the time of the initial issuance of commercial paper revenue bonds to pay the costs of industrial development projects, the commission may designate individual officials of any state agency as agents for

purposes of approving the principal amount, the interest rate, the discount, if any, and the maturity date of revenue bonds being issued later to refund the maturing commercial paper revenue bonds; provided, however, that at the time of the initial issuance of any such commercial paper revenue bonds, the commission shall set the maximum principal amount, the maximum interest rate, and the maximum discount, if any, of the refunding revenue bonds plus the final maturity date of the last issue of such refunding revenue bonds; and provided further that the commission shall retain the right to revoke any such agent's authority at any time and for any reason whatsoever. Individual issues of commercial paper revenue bonds, issued as part of a continuing financing program, may be refunded by the approvals of such agents of the commission.

(e) At the time of issuance of variable rate revenue bonds to pay the costs of industrial development projects, the commission may designate individuals or institutions which in the sole judgment of the commission have financial market expertise to serve as agent for the commission for establishing and changing from time to time while such variable rate revenue bonds remain outstanding the rate of interest to be borne by and the price to be paid for such revenue bonds; provided, however, that the rate-setting procedures and authority of each such agent shall be set forth in writing, and may include a formula or an index or indices based upon market factors, and shall be established by the commission at the time of issuance of such revenue bonds; and provided further that at the time of the issuance of such revenue bonds, the commission shall establish the maximum interest rate to be borne by the revenue bonds; and provided further that the commission shall retain the right to remove or replace any such agent at any time and for any reason whatsoever.

(f) Any revenue bonds issued and outstanding hereunder to pay the costs of industrial development projects and the interest due on such revenue bonds shall, prior to the maturity or redemption date thereof, be deemed to have been paid to the same extent as if they had actually been paid in cash and retired, if:

1. In the event any of such revenue bonds are to be redeemed on any date prior to their maturity, the commission shall have given a trustee appointed for the holders of such revenue bonds in connection with their issuance, in form satisfactory to such trustee and in conformity with the requirements of the resolution authorizing their issuance irrevocable instructions to give notice of redemption of such revenue bonds to the holders thereof by written notice which is satisfactory to such trustee;

2. There shall have been deposited with the trustee either money in an amount which shall be sufficient, or direct obligations of or obligations guaranteed by the United States of America, or other obligations specified by the commission, the principal of and the interest on which, when due, will provide money which, together with the money, if any, deposited with the trustee at the same time, shall be sufficient, to pay when due the principal and the interest due and to become due on such revenue bonds on and prior to redemption date or maturity date thereof, as the case may be; and

3. In the event that such revenue bonds are not to be redeemed within the next succeeding sixty (60) days, the commission shall have given the trustee in form satisfactory to it irrevocable instructions to give, as soon as practicable, in a manner satisfactory to it, a notice to the holders of such revenue bonds that the deposit required by subparagraph 2. of this paragraph has been made with the trustee, that such revenue bonds are deemed to have been paid in accordance with the provisions hereof and stating such maturity or redemption date upon which money is to be available for the payment of the principal of and interest on such revenue bonds.

(g) It is hereby declared and determined that the issuance of any and all refunding bonds as provided herein will be for a public purpose if the commission so declares in the proceedings authorizing same.

(h) If any officer whose signature or countersignature appears on revenue bonds issued to pay the costs of industrial development projects ceases to be such officer before delivery of the bonds, his signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until delivery. Any such revenue bonds issued to pay the costs of industrial development projects shall be sold upon such terms as the commission deems best, either at public or private sale, and for such price, as the commission may determine. In the event the revenue bonds are sold at private, negotiated sale, the commission shall publish in accordance with the requirements of KRS Chapter 424 a notice of the intent of the commission to negotiate the sale of such revenue bonds within thirty (30) days of such proposed sale, which notice shall include the identification and description of such revenue bonds, an estimate of the week during which the negotiated sale is expected to occur and the identity of the state officer or agency and the fiscal advisor or managing underwriter from whom further information regarding the revenue bonds may be obtained. Revenue bonds, notes or other obligations issued by the commission under this chapter, the income thereon, and the transfer thereof, including any profit made on the sale thereof, shall at all times be exempt from taxation or

assessment of any type by the Commonwealth, its agencies and departments, and by all political subdivisions within the state. Nothing contained in this section shall preclude or prevent the authorization and issuance by the commission from time to time of revenue bonds, notes or other obligations, the receipt of interest on which may be subject to federal income taxation.

(4) The payment of revenue bonds issued to pay the cost of an industrial development project, together with the interest thereon, may be secured by a pledge of and a first lien on all of the receipts and revenue derived, or to be derived, from the rental, financing or operation of the industrial development projects involved including rentals and financing payments made by the commerce cabinet from appropriated funds on a biennial basis, pursuant to lease agreements or financing agreements between the commerce cabinet and the commission. Neither the payment of any revenue bond, nor the interest thereon, issued under the authority of this section shall constitute an indebtedness of the Commonwealth of Kentucky, nor shall any revenue bond or interest thereon be payable out of any fund except funds derived from rentals, financing payments or other revenues derived from the operation of the industrial development projects or from revenues as are available for the purpose by law.

(5) In the event revenue bonds are sold at public, competitive sale, such revenue bonds issued by the commission under the provisions of this section shall be sold after newspaper advertising conforming to the requirements of KRS Chapter 424.

(6) In the event revenue bonds are sold at public, competitive sale, competitive bids for the sale of such revenue bonds shall be opened and read publicly by the secretary of the finance and administration cabinet or his representative at a designated place, day and hour, all of which shall be announced in the advertising made relative thereto.

(7) All money from the sale of revenue bonds issued pursuant to this section shall be deposited in the state treasury and shall be credited to a special account to be designated as directed by the cabinet, and no part thereof shall be withdrawn from the state treasury except for the purposes authorized by KRS Chapter 56, together with the cost incidental to the issuing and selling of the revenue bonds and other expenses directly related thereto. The commission may provide in any trust indenture securing revenue bonds for additional terms and conditions thereof, or for other restrictions not in conflict with KRS Chapter 56.

Section 6. Whereas, a potential loss of thousands of jobs and millions of dollars of tax revenue to the Commonwealth and its citizens does now exist unless certain laws respecting industrial development and the financing thereof are revised and provided for, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

Representative Yates moved the adoption of the following HR 160:

HR 160, A RESOLUTION urging the fiscal court of Jefferson County to continue funding for the transportation of school children in grades eight and below.

WHEREAS, the Jefferson County fiscal court has traditionally provided financial aid subsidizing the costs of transporting certain public, private and parochial school students in grades eight and under; and

WHEREAS, this significant program currently enables over 13,000 students to have safe and dependable transportation to and from their schools; such transportation being essential to the safety and welfare of younger students; and

WHEREAS, without the county subsidy, already hard-pressed private and parochial schools may not have the wherewithal to provide such transportation services to their students; and

WHEREAS, the loss of such subsidy will increase the financial burdens on the parents of students in parochial and private schools or result in the termination of transportation programs to the detriment of the health and welfare of such students; and

WHEREAS, it is only reasonable, fair and just that the county assist in the costs of transporting private and parochial school students since the parents of those children pay county school taxes, but otherwise get no benefits for such taxes;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That this body respectfully requests that the fiscal court of Jefferson County seriously contemplate the detrimental effects which will flow from the termination of its longstanding program assisting the transportation of younger school children and that it provide adequate funding in its 1986-87 budget for the transportation of parochial and private school children.

Section 2. That the Clerk of the House is directed to send a copy of this resolution to Dr. Harvey I. Sloane, County Judge/Executive of Jefferson County and to the County Commissioners, Irv Maze, Chris Gorman and Daryl Owens.

HR 160 was adopted by voice vote.

HR 152, A RESOLUTION urging the City of Cincinnati to amend city Ordinance 869 to promote competition between Cincinnati and Northern Kentucky towing operators.

WHEREAS, in order to operate within the city limits of Cincinnati, Ohio, all wrecker operators are required to purchase a forty dollar license, show proof of insurance, post a bond and submit all equipment for inspection; and

WHEREAS, despite meeting these requirements, Northern Kentucky based towing operators are not included in the police call notation and can only be summoned to an interstate highway upon the request of an individual; and

WHEREAS, customers involved in an automobile accident in Cincinnati wishing to patronize a Northern Kentucky towing business must find a pay telephone in order to have their vehicle removed rather than the convenience of being radio dispatched as provided to Cincinnati based operators; and

WHEREAS, towing operators in Northern Kentucky are required by the Commonwealth of Kentucky to show proof of insurance before a license is issued and Cincinnati's bond requirement duplicates this safeguard, thereby increasing costs to Kentucky operators; and

WHEREAS, these additional requirements for Northern Kentucky towing operations and their customers discourages competition within the towing business and further discriminates against Kentucky businesses which meet all requirements of the ordinance, but fail to receive equitable treatment;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the House of Representatives urge the City of Cincinnati to consider amending ordinance 869 to allow for equitable treatment of its citizens or patrons who may need towing services within Cincinnati.

Section 2. That the House of Representatives urge the legislative body of Cincinnati to review the regulatory treatment of towing operators wishing to do nothing more than pick up a vehicle in need of mechanical repairs, its insurance and bonding requirements and notification of towing services by city employees.

Section 3. That the Clerk of the House of Representatives be directed to transmit a copy of this resolution to the mayor of Cincinnati, its city council and the Tri-State Towing Association.

HR 159, A RESOLUTION adopting the modern version of the state song "My Old Kentucky Home".

WHEREAS, born in Lawrenceville, Pennsylvania on July 4, 1826, Stephen Collins Foster penned over 200 songs, words as well as music, before his death on January 13, 1864; and

WHEREAS, the popular minstrel songs and sentimental ballads composed by Stephen Foster ensured him an honored place in the history of music in the United States; and

WHEREAS, Stephen Foster gained international recognition for his compositions of "Oh, Susanna", "Beautiful Dreamer", "Jeanie with the Light Brown Hair", "Nelly Bly" and "Camptown Races"; and

WHEREAS, Foster is most noted for his minstrel composition known as "My Old Kentucky Home" which is now the state song for the great Commonwealth; and

WHEREAS, "My Old Kentucky Home" is sung around the world and by millions of visitors to our state prior to the running of racing's most prestigious event, the Kentucky Derby; and

WHEREAS, the style and verbiage used by Foster while penning "My Old Kentucky Home" was contemporary of the era which included the tragic division of Americans in the Civil War; and

WHEREAS, some of the phrases included in the original rendition of "My Old Kentucky Home" convey connotations of racial discrimination that are not acceptable in our present society;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the House adopts the modern version of our state song "My Old Kentucky Home" whose lyrics are as follows:

1. The sun shines bright on the old Kentucky home;
'Tis summer, the people are gay.
The corn top's ripe and the meadow's in the bloom
While the birds make music all the day.
The young folks roll on the little cabin floor;
All merry, all happy, and bright.
By 'n' by hard times comes a knocking at the door;
Then, my old Kentucky home, good night!

Chorus: Weep no more my lady.
Oh, weep no more today.
We will sing one song for the old Kentucky home;
For the old Kentucky home far away.

2. They hunt no more for the possum and the coon;
On the meadow, the hill, and the shore.
They sing no more by the glimmer of the moon;
On the bench by the old cabin door.
The day goes by like a shadow o'er the heart;
With sorrow where all was delight.
The time has come when the people have to part;
Then, my old Kentucky home, good night!

(Chorus)

3. The head must bow and the back will have to bend;
Wherever the people may go.
A few more days and the trouble all will end;
In the fields where the sugar canes grow.
A few more days for to tote the weary load;
No matter, 'twill never be light.
A few more days till we totter on the road;
Then, my old Kentucky home, good night!

HB 982, AN ACT relating to medical assistance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 205.560 is amended to read as follows:

(1) The scope of medical care for which the cabinet for human resources undertakes to pay shall be designated and limited by regulations promulgated by said cabinet, pursuant to the provisions hereof. Within the limitations of any appropriation therefor, the provision of complete upper and lower dentures to recipients of medical assistance program benefits who have their teeth removed by a dentist resulting in the total absence of teeth shall be a mandatory class in the scope of medical care. Payment to a dentist of any such medical assistance program benefits for complete upper and lower dentures shall only be provided on the condition of a preauthorized agreement between an authorized representative of the medical assistance program and the dentist prior to the removal of such teeth. The selection of another class or other classes of medical care shall be recommended by the council to the secretary for human resources after taking into consideration, among other things, the amount of federal and state funds available, the most essential needs of recipients, and the meeting of such need on a basis insuring the greatest amount of medical care as defined in KRS 205.510 consonant with the funds available including but not limited to the following categories, except where such aid is for the purpose of obtaining an abortion:

(a) Hospital care, including drugs, and medical supplies and services during any period of actual hospitalization;

(b) Nursing home care, including medical supplies and services, and drugs during confinement therein on prescription of a physician, dentist, or podiatrist;

(c) Drugs, nursing care, medical supplies and services during the time when a recipient is not in a hospital but is under treatment and on the prescription of a physician, dentist, or podiatrist;

(d) Physician, podiatric and dental services;

(e) Optometric services for all age groups shall be limited to prescription services, services to frames and lenses, and diagnostic services provided by an optometrist, to the extent the optometrist is licensed to perform the services and to the extent the services are covered in the ophthalmologist portion of the physician's program. Eyeglasses are provided only to children under age twenty-one (21).

(f) Nonprofit neighborhood health organizations or clinics where some or all of the medical services are provided by licensed registered nurses or by advanced medical students presently enrolled in a medical school accredited by the Association of American Medical Colleges and where such students or licensed registered nurses are under the direct supervision of a licensed physician who rotates his services in this supervisory capacity between two (2) or more of the nonprofit neighborhood health organizations or clinics specified herein.

(2) Payments for hospital care, nursing home care, and drugs or other medical, ophthalmic, podiatric and dental supplies shall be on bases which relate the amount of the payment to the cost of providing such services or supplies. It shall be one (1) of the functions of the council to make recommendations to the cabinet for human resources with respect to such bases for payment.

(3) No vendor payment shall be made unless the class and type of medical care rendered and the cost basis therefor has first been designated by regulation.

(4) The rules and regulations of the cabinet for human resources shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for induced premature births. This statement shall indicate the procedures used in providing such medical services.

(5) The range of medical care benefit standards provided and the quality and quantity standards and the methods for determining cost formulae for vendor payments within each category of public assistance and other recipients shall be uniform for the entire state, and shall be designated by regulation promulgated within the limitations established by the Social Security Act and federal regulations. The amount of payments for units of services need not be uniform for the entire state but may vary from county to county and from city to city, as well as among hospitals, based on the prevailing cost of medical care in such locale and other local economic and geographic conditions, except that insofar as allowed by applicable federal law and regulation, the maximum amounts reimbursable for similar services rendered by physicians within the same specialty of medical practice shall not vary according to the physician's place of residence or place of practice, so long as the place of practice is within the boundaries of the state.

(6) Nothing in this section shall be deemed to deprive a woman of all appropriate medical care necessary to prevent her physical death.

(7) To the extent permitted by federal law, no medical assistance recipient shall be recertified as qualifying for a level of long-term care below the recipient's current level, unless such recertification includes a physical examination conducted by a physician licensed pursuant to KRS Chapter 311 or by an advance registered nurse practitioner licensed pursuant to KRS Chapter 314 and acting under such a physician's supervision.

(3) "Chronic" means that clinically significant symptoms of mental illness have persisted in the individual for a continuous period of at least two (2) years, or that the individual has been hospitalized for mental illness more than once in the last two (2) years, and that the individual is presently significantly impaired in his ability to function socially or occupationally, or both.

(1) The secretary of the cabinet for human resources is authorized to designate such private homes, private nursing homes and private institutions as he shall deem, after a thorough investigation of the personal and financial qualifications of the owners and tenants, the facilities and management, and the desirability of the location of such homes, to be suitable for the placement of patients, including the mentally ill and mentally handicapped and retarded of all ages, outside of the state mental hospitals. The secretary of the cabinet for human resources is authorized to prescribe, from time to time by regulation, standards for the selection and operation of private homes, private nursing homes and private institutions designated for the placement of patients. No home of an officer or employe of the cabinet for human resources or of a member of his immediate family shall be designated for the placement of patients.

(2) Whenever the staff of a state mental hospital has determined that a patient who is not being held on an order arising out of a criminal offense has sufficiently improved and is not dangerous to himself or other persons, and that it would be in the patient's best interest to be placed outside of the hospital in a private home or private nursing home, the hospital shall so certify *and* [~~to the secretary of the cabinet for human resources, who may then~~] authorize the patient to be transferred to a designated private home or private nursing home for care and custody for such length of time as the *hospital* [~~secretary~~] deems advisable.

(3) No mentally retarded patient lodged in a state institution may have his level of care reclassified nor may he be transferred to a private nursing home or other private institution without first providing ten (10) days notice by certified mail return receipt requested to the patient's parents or guardian that a reclassification of the patient's level of care or a transfer in the place of residence is being considered.

(4) Any parent or guardian of any mentally retarded patient lodged in a state institution may participate in any evaluation procedure which may result in a reclassification of such patient's level of care or in a transfer in the place of residence of such patient. Such participation may include the submission by the parents or guardian of medical evidence or any other evidence deemed relevant by the parents or guardian to the possible reclassification or transfer of such patient.

(5) If the decision to reclassify or transfer any mentally retarded patient is adverse to the best interests of such patient as expressed by the parents or guardian, they shall be given notice by certified mail return receipt requested that they are entitled to a thirty (30) day period from the receipt of such notice to file with the secretary of the cabinet for human resources a notice of appeal and application for a hearing.

(6) The appeal shall be heard by a three (3) member panel composed of a designated representative of the cabinet for human resources, a designated representative of the state institution where the mentally retarded patient is presently lodged, and a designated neutral representative appointed by the county judge/executive wherein the institution in question is located.

(7) Decisions made by the panel may be appealed, within thirty (30) days from the date of decision, to the circuit court of the county wherein the state institution in question is located, to the circuit court of the county wherein either of the parents or guardians or committee of the patient in question is domiciled at the time of the decision, or to Franklin Circuit Court.

(8) All parents or guardians or committee of a mentally retarded patient lodged in a state institution shall be fully apprised by the cabinet for human resources of their rights and duties under the provisions of subsections (3), (4), (5), (6), and (7) of this section.

Section 5. KRS 210.360 is amended to read as follows:

(1) When a person who has been twice previously convicted of a felony, is indicted by a grand jury as a persistent felony offender, the circuit clerk of the court in which he is indicted shall give notice of the indictment to the secretary of the cabinet for human resources within seven (7) days after the indictment is returned by the grand jury. The secretary shall cause such person to be examined by a psychiatrist *or licensed clinical psychologist* already in the employ of the cabinet, to determine his mental condition and the existence of any mental disease or defect which would affect his criminal responsibility. This examination shall be made without expense other than the amount to cover necessary travel, as provided by law for any other employe of the state traveling on official business.

(2) The psychiatrist *or licensed clinical psychologist* making the examination shall submit a written report of his findings to the judge of the court having jurisdiction, who shall make the report available to the prosecuting attorney and the attorney for the defendant.

(3) The secretary may decline to cause such examination to be made if the number of psychiatrists *or licensed clinical psychologist* on duty in the cabinet is insufficient to spare one from his regular official duties, in which event the secretary shall notify the clerk of the circuit court to that effect within three (3) days.

Section 6. KRS 202A.201 is amended to read as follows:

(1) Whenever an inmate of any penal and correctional institution is reported by the staff of that institution to the bureau of corrections as being so mentally ill that he cannot be properly treated with the facilities at the disposal of the staff, the bureau of corrections shall have an examination conducted on such inmate by a physician.

(2) If this examination reveals that the inmate is mentally ill and appropriate treatment cannot be properly carried out in the institution in which he is incarcerated or within the facilities at the disposal of the bureau of corrections, the secretary may then order his transfer to a hospital or forensic psychiatric facility, where he shall remain until the staff of the facility which received him advises the secretary that his condition has so improved that he may be returned to the institution from which he came, *provided that no transfer shall be made to a correctional facility located on the grounds of a state mental hospital.* The secretary shall then authorize his return. If the prisoner's sentence expires during his stay in the facility, and he is still in need of involuntary hospitalization, then the staff of the facility shall petition the applicable district court for further involuntary hospitalization of the patient under provisions of this chapter.

(3) During the time of the prisoner's stay in a facility his legal status as a prisoner shall remain unchanged until the termination of his sentence. The facility staff shall have no authority to parole, grant permission to visit relatives or friends outside the facility, or discharge the individual unless otherwise agreed to by the bureau of corrections. The time the prisoner spends in the facility shall be counted as a part of the prisoner's sentence.

HB 441, AN ACT relating to the Public Service Commission.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 278.020 is amended to read as follows:

(1) No person, partnership, public or private corporation or combination thereof shall begin the construction of any plant, equipment, property or facility for furnishing to the public any of the services enumerated in KRS 278.010, except retail electric suppliers for service connections to electric-consuming facilities located within its certified territory and ordinary extensions of existing systems in the usual course of business, until such person has obtained from the public service commission a certificate that public convenience and necessity require such construction. Upon the filing of an application for such a certificate, and after any public hearing which the commission may in its discretion conduct for all interested parties, the commission may issue or refuse to issue the certificate, or issue it in part and refuse it in part. Unless exercised within one year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.

(2) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one (1) year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.

(3) No utility shall apply for or obtain any franchise, license or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.

In determining whether issuance of a certificate to operate a utility is in the public interest, the commission may consider whether the applicant has demonstrated adequate financial, technical, and managerial abilities.

(6) No person under the jurisdiction of the commission shall acquire or transfer ownership of or control, or the right to control, any utility, by sale of assets, transfer of stock or otherwise, or abandon the same, without prior approval by the commission.

Section 1. KRS 278.015 is amended to read as follows:

(1) Notwithstanding any of the provisions of KRS chapter 74 any water district, combined water, gas or sewer district, or water commission shall be a public utility and shall be subject to the jurisdiction of the public service commission in the same manner and to the same extent as any other utility as defined in KRS 278.010, *except as provided in subsection (2) of this section.*

(2) In the event that any water district shall make application to the public service commission under the terms of this chapter for any approval related to a project to be financed in whole or in part under the terms of an agreement between the water district and the U.S. department of agriculture, farmers home administration, or any other federal agency authorized to make loans or contributions to the water district, it is declared to be the public policy of this state to accept the decision of the water district to enter into an agreement for a loan or contribution from a federal agency as final; and the public service commission shall have no authority to disappove, deny or forbid any action taken by the water district to comply with the minimum requirements of the agreement with the federal agency. The application of the water district to the public service commission for a certificate of public convenience and necessity to undertake and to finance the project, and to establish the minimum rates required by the terms of the agreement with the federal agency, shall be approved upon the filing with the public service commission of a certified copy of the agreement with the federal agency. The publication of the proposed rates shall be made as required for other public utilities.

Section 2. KRS 278.012 is amended to read as follows:

(1) Notwithstanding any other provisions of the Kentucky Revised Statutes, any water association formed for the purpose of furnishing water services to the general public pursuant to KRS Chapter 273 is deemed to be and shall be a public utility and shall be subject to the jurisdiction of the public service commission in the same manner and to the same extent as any other utility as defined in KRS 278.010, *except as provided in subsection (2) of this section.*

(2) In the event that any water association shall make application to the public service commission under the terms of this chapter for any approval related to a project to be financed in whole or in part under the terms of an agreement between the water association and the U.S. department of agriculture, farmers home administration, or any other federal agency authorized to make loans or contributions to the water association, it is declared to be the public policy of this state to accept the decision of the water association to enter into an agreement for a loan or contribution from a federal agency as final; and the public service commission shall have no authority to disapprove, deny or forbid any action taken by the water association to comply with the minimum requirements of the agreement with the federal agency. The application of the water association to the public service commission for a certificate of public convenience and necessity to undertake and to finance the

project, and to establish the minimum rates required by the terms of the agreement with the federal agency, shall be approved upon the filing with the public service commission of a certified copy of the agreement with the federal agency. The publication of the proposed rates shall be made as required for other public utilities.

The Committee Substitute to HB 899 is as follows:

HB 899, AN ACT relating to the regulation of water districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 278.015 is amended to read as follows:

Notwithstanding any of the provisions of KRS chapter 74 any water district, combined water, gas or sewer district, or water commission shall be a public utility and shall be subject to the jurisdiction of the public service commission in the same manner and to the same extent as any other utility as defined in KRS 278.010, *except as provided in Section 4 of this Act.*

Section 2. KRS 278.012 is amended to read as follows:

Notwithstanding any other provisions of the Kentucky Revised Statutes, any water association formed for the purpose of furnishing water services to the general public pursuant to KRS Chapter 273 is deemed to be and shall be a public utility and shall be subject to the jurisdiction of the public service commission in the same manner and to the same extent as any other utility as defined in KRS 278.010, *except as provided in Section 4 of this Act.*

Section 3. KRS 278.020 is amended to read as follows:

(1) No person, partnership, public or private corporation or combination thereof shall begin the construction of any plant, equipment, property or facility for furnishing to the public any of the services enumerated in KRS 278.010, except retail electric suppliers for service connections to electric-consuming facilities located within its certified territory and ordinary extensions of existing systems in the usual course of business, until such person has obtained from the public service commission a certificate that public convenience and necessity require such construction. Upon the filing of an application for such a certificate, and after any public hearing which the commission may in its discretion conduct for all interested parties, the commission may issue or refuse to issue the certificate, or issue it in part and refuse it in part, *except that the commission shall not refuse or modify an application submitted under Section 4 of this Act without consent by the parties to the agreement.* Unless exercised within one year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.

(2) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one (1) year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.

(3) No utility shall apply for or obtain any franchise, license or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.

(4) All carriers or conveyors of electricity or electric power are declared to be common carriers and subject to the obligations incident thereto.

SECTION 4. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

(1) The provisions of this section shall apply to any construction project undertaken by a water association, commission, district, or combined water, gas or sewer district formed under KRS Chapters 74 or 273, which project is financed in whole or in part under the terms of an agreement between the water utility and the U.S.

farmers home administration or the U.S. department of housing and urban development. Because federal financing of such projects entails prior review and oversight by the federal agency and obligates the utility to certain actions, and because conflicting requirements by the federal agency and the public service commission may place the water utility in an untenable position and delay or jeopardize such projects, it is declared to be the policy of the Commonwealth that such agreements shall be accepted by the public service commission, and that the commission shall not prohibit a water utility from fulfilling its obligations under such an agreement.

(2) No agreement between a water utility and federal agency under this section shall take effect until thirty (30) days after such agreement, together with necessary applications and documentation, is filed with the commission, unless the commission acts within a lesser time. The commission in its administrative regulations shall list the specific documents required to be filed under this subsection.

(3) The commission shall review the project and the agreement, may recommend changes to the utility and the federal agency, but shall not modify or reject any portion of the agreement on its own authority. The commission shall issue a certificate of necessity and convenience and such other orders as may be required to implement the terms of the agreement no later than thirty (30) days after filing.

(4) The commission shall not prohibit the inclusion of any cost or the use of any accounting procedure in reviewing or setting the rates of the utility if such cost or procedure is required as a condition for federal financing of a construction project under an approved agreement between the water utility and federal agency.

(3) In all blasting operations, except as hereinafter otherwise provided, the maximum peak particle velocity of the ground motion in any direction shall not exceed two inches per second at the immediate location of any dwelling house, public building, school, church, *natural gas pipeline,* commercial or institutional building and the particle velocity at such location immediately after a period of one second following the peak particle velocity produced by any charge shall not continuously exceed one-half inch per second.

(4) Blasting operations without instrumentation will be considered as being within the limits set forth in this subsection if such blasting operations are conducted in accordance with rules and regulations of the department establishing the maximum amount of explosives to be used in a single charge and in a single subcharge within specified distances from any location provided by subsection (1) *of this section*. No more than 40,000 pounds of explosives may be used in any charge except with the approval of the commissioner. Regulations promulgated by the department pursuant to this subsection shall be in such terms that compliance therewith will assure compliance with the provisions of subsection (3) *of this section.*

(5) No two consecutive subcharges containing the maximum permitted by the department pursuant to this subsection shall have a detonation time separated by less than eight milliseconds, except that if the amount of explosive used in any subcharge is less than maximum permitted by the department pursuant to subsection (4) *of this section*, the time delay between detonation times may be decreased in the same ratio.

(6) Any blasting operation may be conducted without reference to any maximum amount or period provided by or pursuant to subsection (4) *of this section* if the operator of such blasting operation demonstrates by instrumentation that maximum particle velocity of the ground motion in any direction does not exceed the limits provided in subsection (3) *of this section.*

(7) Instruments for determining particle velocity as set forth in this subsection shall be limited to such specific types of devices as shall have been expressly approved by the department and the commissioner or his duly authorized agent may enter upon any premises for the purpose of conducting or supervising any necessary instrumentations provided by KRS 351.315 to 351.375.

(8) When blasting operations are contemplated which would result in ground vibrations that would have a particle velocity in any direction in excess of two (2) inches per second at the immediate location of any dwelling house, public building, school, church, commercial or institutional building, blasting operations may proceed after receiving written consent from the property owner or owners affected.

(9) When blasting operations, other than those conducted at a fixed site as a part of any industry or business operated at such site, are to be conducted within the vicinity of a pipeline or public utility, the blaster or person in charge of the blasting operations shall take due precautionary measures for the protection of the pipeline or utility, and shall give adequate notice to the owner or his agent that such blasting operations are intended. The blaster shall be subject to regulations promulgated by the department concerning such a blasting operation.

(10) Blasting operations near streams shall be prohibited in all cases where the effect of the blasting is liable to change the course or channel of any stream without first obtaining a permit from the department which has been approved by the division of water in the department for natural resources and environmental protection.

(11) Blasting operations shall not be conducted within eight hundred feet of any public highway, unless due precautionary measures are taken to safeguard the public.

(12) Mudcapping in blasting operations shall be permitted only where it would endanger the safety of the workers to drill the rock or material to be blasted. If mudcapping is necessary, no more than ten (10) pounds of explosives shall be used for each charge.

(13) When the use of detonating cord would cause severe air blast the department may cause all trunk lines to be covered by five (5) to six (6) inches of loose earth.

(14) In blasting operations, flying rocks shall not be allowed to fall greater than one-half the distance between the blast and a dwelling house, public building, school, church, commercial or institutional building. Protective material shall be used to insure this limit.

(15) When a blast is about to be fired, ample warning shall be given to allow all persons to retreat to a safe place, and care shall be taken to ascertain that all persons are in the clear. Each operator shall follow a definite plan of warning signals that can be clearly seen or heard by anyone in the blasting area. The operator shall inform all employes at the operation as to the established procedure.

(16) No persons shall use explosives in such manner that safety to persons or property is threatened.

(17) The two (2) inch per second maximum peak particle velocity as specified in subsections (3) and (8) of this section shall be construed as the threshold below which blasting damage is unlikely to occur. However, the department shall have the authority to promulgate regulations requiring more restrictive levels of maximum peak particle velocity when necessary to maintain consistency with federal statutes or regulations.

(18) When blasting operations are contemplated which could result in particle velocities at the immediate location of any natural gas pipeline greater than those set out in subsection (3) of this section, the blaster or person in charge of the blasting operation shall submit a blasting plan to the department, to the owner of the pipeline or his agent, and to the public service commission, and shall not commence any such blasting without first obtaining from the department a permit to conduct blasting according to an approved blasting plan. The department shall consult with the owner of the pipeline or his agent and with the public service commission prior to issuing any permit under this subsection.

Where the regulatory authority has provided rules for the establishment of a drilling unit and an operator, proceeding within the framework of the rules so prescribed, has taken the action necessary to have a specified area established for production from a well, such area shall be a drilling unit*;*

(20) "Underground source of drinking water" means those subsurface waters identified as such in regulations promulgated by the department which shall be consistent with the definition of underground source of drinking water in regulations promulgated by the environmental protection agency pursuant to the safe drinking water act, 42 USC 300(f) et seq.;

(21) "Underground injection" means the subsurface emplacement of fluids by well injection but does not include the underground injection of natural gas for purposes of storage;

(22) "Endangerment of underground sources of drinking water" means underground injection which may result in the presence in underground water, which supplies or can reasonably be expected to supply any public water system, of any contaminant and if the presence of such contaminant may result in such system's not complying with any national primary drinking water regulation or may otherwise adversely affect the health of persons;

(23) "Class II well" means wells which inject fluids:

(a) Which are brought to the surface in connection with conventional oil or natural gas production and may be commingled with waste waters from gas plants which are an integral part of production operations, unless those waters are classified as a hazardous waste at the time of injection;

SECTION 2. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

The purpose of this Act shall be, upon delegation of authority for administration of the underground injection control program under section 1425 of the safe drinking water act (public law 93-523 as amended), to protect underground sources of drinking water and to prevent their endangerment from class II wells. This Act shall apply to all persons as defined in KRS 353.510; to all lands including federally-owned lands; and to all class II wells without regard to the time the well was drilled; provided that the department may make reasonable distinctions between existing and new class II wells in the implementation of this Act. No provision of this Act shall apply to crude oil or natural gas production wells that are not class II wells.

SECTION 3. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

In addition to the powers conferred upon the department by KRS 353.500 to 353.720 and notwithstanding any provision of KRS 353.500 to KRS 353.720, the department is authorized but not obligated to develop and promulgate a regulatory program for the purpose of accepting primary responsibility for administration of the underground injection control program under section 1425 of the safe drinking water act (public law 93-523 as amended). To that end, the department shall include in any regulatory program developed and promulgated under this provision:

(1) Regulations regarding the drilling, casing, operation, plugging, construction, conversion maintenance and abandonment of class II wells to protect underground sources of drinking water and to prevent their endangerment;

(2) Regulations prohibiting underground injection through class II wells except as authorized by such regulations or by a permit issued pursuant thereto;

(3) Regulations requiring owners or operators of class II wells to demonstrate financial responsibility for the costs of closure of all class II wells. Such demonstration of financial responsibility may include but need not be limited to the well plugging bond required by KRS 353.590(5);

(4) Regulations providing for reasonable public notice of applications for permits for class II wells and providing for public participation in the issuance of such permits;

(5) Regulations establishing a schedule of fees for the mechanical integrity testing and periodic registration of class II wells to be paid by the owners or operators thereof. The schedule of fees shall be based upon the reasonable cost to the department of administering the underground injection control program. The regulations may provide for the collection of a fee prior to delegation of authority by the federal environmental protection agency which shall be refunded by the department if the department does not receive said delegation.

No regulation promulgated pursuant to this section shall authorize the endangerment of an underground source of drinking water or be more stringent than regulations promulgated by the environmental protection agency pursuant to the underground injection control program of the safe drinking water act, 42 USC 300(f) et seq.

SECTION 4. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

Any person who violates this Act or who fails to perform any duties imposed by this Act or who violates any permit, rule or regulation promulgated pursuant thereto shall be subject to a civil penalty of not more than five thousand dollars ($5,000) for each day of such violation or, if such violation is willful, such person may, in lieu of the civil penalty, be fined not more than ten thousand dollars ($10,000) for each day of such violation and may concurrently with such civil penalty or fine be enjoined from any such violation. The civil penalties or fines shall be assessed by the circuit court of the county in which the violation occurred.

SECTION 5. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

Appeals may be taken from all final actions of the department to issue, deny, modify or revoke any permit under the underground injection control program. Such appeals shall be taken within thirty (30) days from the department's action to the circuit court of the county in which the well is located or proposed to be located. The party or parties affected by the action shall file in the circuit court a petition which states fully the grounds upon which a review is sought and assign all errors relied on. The department shall be named respondent, and service shall be had on the commissioner. Summons shall issue upon the petition directing the department to send its entire record, properly bound, to the clerk of the circuit court after certifying that such record is its entire original record or a true copy thereof, which shall be filed by the clerk of the circuit court and such record shall then become official and be considered by the circuit court on the review. After the case has been properly docketed in the circuit court, any party directly affected by the issues on appeal, may, upon notice to the parties and upon proper showing and in the discretion of the court, be permitted to intervene. Upon hearing of the appeal the findings of the department shall be prima facie evidence of the facts found therein. The court shall review the entire record and the findings and orders of the department. Appeals to the Court of Appeals from orders of the circuit court, shall be taken in the manner provided in the Kentucky Rules of Civil Procedure.

SCR 2, A CONCURRENT RESOLUTION establishing a Low-Income Energy Task Force.

WHEREAS, there are many low-income households in this state which cannot afford to pay for adequate heat; and

WHEREAS, the only statewide energy assistance program, the Low-Income Home Energy Assistance block grant, has historically only been able to meet between thirty percent to fifty percent of the need; and

WHEREAS, the only statewide weatherization program has identified over 250,000 households which qualify and need weatherization services; and

WHEREAS, there are at least seven states which have either adopted or are considering adoption of a guaranteed service plan whereby utility customers who cannot pay their full bill are assured continued service if they pay a portion of that bill, based on income; and

WHEREAS, the reports on the experience of those states adopting guaranteed service plans which should be available soon could provide useful information to this state; and

WHEREAS, for six months a subcommittee of the Interim Joint Committee on Energy considered alternatives to the way this state addresses energy assistance, but concluded that significant changes should not be made without further study and the expertise of the various entities in the state which deal with energy assistance daily;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. The Legislative Research Commission is directed to establish a Low-Income Energy Task Force. The task force shall consist of membership from both houses of the legislature, which shall choose from among its membership a chairperson and vice-chairperson, by mutual agreement. In addition, the Legislative Research Commission shall appoint to the task force representatives from utilities and low-income advocacy groups; the agency head or designee from the Kentucky Public Service Commission, the Kentucky Energy Cabinet, the Kentucky Department for Social Insurance, the Kentucky Department for Employment Services, and the Kentucky Association for Community Action; and such other members as the Commission desires. However, the total membership of the task force shall not exceed fifteen members.

Section 2. The task force shall examine all aspects of energy assistance for low-income households and make recommendations to the Legislative Research Commission on how energy assistance in the state could be made more efficient and more effective. The task force shall consider current Public Service Commission regulations, state weatherization and energy assistance programs, guaranteed service plans, and conservation incentives for those receiving energy assistance. The task force shall meet at least quarterly and shall report its findings and recommendations to the Legislative Research Commission no later than January 1, 1988.

Section 3. The task force may engage, if necessary, the services of professional consultants, the cost of such services not to exceed $20,000, subject to approval by the Legislative Research Commission. The members of the task force shall be reimbursed for their expenses in attending meetings. It is estimated that the operation of the task force and the provision of staff services, excluding any consultant fees, will cost approximately $20,000. Staff services are to be provided by the Legislative Research Commission from its regular budget and are subject to the limitations and other research responsibilities of the Commission.

The Committee on Natural Resources and Environment reported HB 201, HB 757, HB 768, HB 804, HB 809 with Committee Substitute attached, HB 871, HB 898, SB 20, SB 22, SB 48, SB 225, SB 305 with Committee Amendment attached thereto, and SJR 54 with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 201, AN ACT relating to solid waste management.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 109.041 is amended to read as follows:

(1) In addition to all other powers enumerated in Chapter 67 and other sections of the Kentucky Revised Statutes, counties, acting by and through their fiscal courts, may plan, initiate, acquire, construct and maintain solid waste management facilities and promulgate rules and regulations with respect thereto in accordance with this chapter. It is hereby determined and declared that in the implementation, acquisition, financing and maintenance of solid waste management facilities, and in the enforcement of their use, counties will be performing state functions duly delegated to them for the public welfare. In such regard, the right of counties to condemn land necessary for the acquisition of solid waste management facilities pursuant to the Eminent Domain Act of Kentucky and to exercise the police power in respect thereto is confirmed. Any county may contract with third parties for the management by public or private means of solid waste within the county.

(2) No sanitary landfill shall be acquired and constructed until the construction thereof has been approved in writing by the department. Planning for sanitary landfills shall be conducted only in accordance with the policy set forth in KRS 109.011(7).

(3) Except as provided in KRS 109.062, no county or waste management district shall prohibit or otherwise restrict the resource recovery of materials by:

(a) Any resource recovery operation in existence in the county or district on the effective date of the mandatory program; or

(b) Any person supplying material to resource recovery operations on the effective date of the mandatory program; or

(c) Any new resource recovery operation that reclaims the same type of materials as resource recovery operations included in paragraph (a) of this subsection; or

(d) Any new suppliers to resource recovery operations included in paragraphs (a) and (c) of this subsection; or

(e) Any resource recovery operation for glass, plastic or metal beverage containers, unless a commitment has been made by a local government or other political subdivision of the state, by ordinance or contract, to a solid waste project consistent with the provisions of this chapter, that is dependent upon the resource recovery of glass, plastic or metal beverage containers to meet its financial obligations for said project, and such commitment has been made prior to the operation of any other such resource recovery facility in the county or district; or

(f) Any other resource recovery operation within the county or district not included in paragraphs (a) through (e) of this subsection or the supply of materials to such operation unless it is established that such operation would jeopardize the ability of a local government or other political subdivision of the state to meet financial obligations incurred in the maintenance, operation, or amortization of capital acquisition costs for a solid waste management facility.

(4) Notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, no county or waste management district shall regulate special wastes as defined in KRS 224.868 or solid waste from agricultural or mining operations.

(5) Any county undertaking the planning, implementation, construction, installation, acquisition and financing of a solid waste management facility pursuant to this chapter shall have the authority set forth in Chapter 58 of the Kentucky Revised Statutes concerning the financing of such solid waste management facility including the authority to promulgate, enforce and collect reasonable rates, rentals and charges for the use of such solid waste management facility.

(6) Bonds authorized to be issued by any county pursuant to the authority of this chapter for the financing of solid waste management facilities may be sold at either private or public sale as may in the sound discretion of the county be in the best interests of the county.

(7) Any county undertaking solid waste management pursuant to the provisions of this chapter may contract with any person for the provision of solid waste management services. A county may contract with any city to provide solid waste management services or may delegate the responsibility for solid waste management within incorporated areas to a city when the city agrees to assume such responsibility. In connection with solid waste management, any county may enter into contracts with any person for any term of years.

(8) Counties are authorized to charge a reasonable fee to haulers for the handling of their waste at a solid waste management facility approved by the department.

(9) Counties are authorized to sell or market materials and energy recovered from solid waste and to enter into long-term contracts guaranteeing supply to insure markets for the sale of recovered products.

(10) In carrying out the provisions of this chapter, counties shall be subject to standards set by regulations promulgated by the department on waste management pursuant to KRS Chapter 224.

(11) No county or waste management district shall prohibit long-term contracts by ordinance or other means.

(12) Counties are expressly authorized in addition to the powers enumerated in KRS Chapter 65 and this chapter to contract with one another in order to regionalize solid waste management to the maximum extent practicable.

(13) Solid waste generated in a county which has planning and zoning shall not be disposed of at any other location in Kentucky outside of that county by any person unless permitted by and in accordance with a multi-county solid waste management area contract entered into pursuant to KRS 109.082 or a multi-county waste management district formed pursuant to this chapter.

HB 757, AN ACT relating to surface coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.060 is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the cabinet a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the cabinet may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the cabinet and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The natural resources and environmental protection cabinet shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight-month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the cabinet under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the cabinet within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered.

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the cabinet finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5) An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) ten percent (10%) or more of any class of voting stock of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify;

(h) A listing of any and all violations of this chapter, P.L. 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three-year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(6) The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(7) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of a United States geological survey topographic map or such other map acceptable to the cabinet on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(8) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of an enlarged United States geological survey topographic map or such other map acceptable to the cabinet meeting the requirements of paragraphs (a) through (i) of this subsection. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) of this section, except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining;

(d) Show the boundaries of surface properties and names of owners on the affected area and adjacent to any part of the affected area;

(e) Be of a scale of 1:24,000 or larger;

(f) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(g) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(h) Show the date on which the map was prepared, the north point and the quadrangle name; and

(i) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(9) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the cabinet of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(10) All certifications required by this chapter to be made by professional engineers shall be done in the form prescribed by the cabinet and shall be reasonably specific as to the work being certified. The cabinet may reject any document or map as incomplete if it is not properly certified.

(11) The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the transportation cabinet attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges. All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.

(12) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(13) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the cabinet for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the cabinet. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(14) A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed three hundred seventy-five dollars ($375) plus a fee set by regulation but not to exceed seventy-five dollars ($75) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued; provided that if the cabinet approves an incremental bonding plan submitted by the applicant, the acreage fees may be paid in increments and at times corresponding to the approved plan. The operator shall file with the cabinet a bond payable to the Commonwealth of Kentucky with surety satisfactory to the cabinet in the penal sum to be determined by the cabinet for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the cabinet. In determining the amount of the bond the cabinet shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture. The cabinet shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and

forfeiture of such bonds. Where the circumstances are such as to warrant an exception, the cabinet, in its discretion, may reduce the amount of the bond for a two (2) acre operation to less than the required minimum.

(15) Surface coal mining and reclamation operations which affect two (2) acres or less shall be exempt from the requirements of this chapter, except that the cabinet shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, revegetation, refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in no event shall the cabinet require that the highwalls left by such operations be eliminated. In no event shall the bond be more than one thousand dollars ($1,000) per acre. The cabinet shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days. All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted and permits granted pursuant to this subsection. The cabinet shall enforce this subsection consistent with this chapter except that the cabinet shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(16) The cabinet shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The cabinet shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the cabinet shall require, for underground mines that are greater than two (2) acres under subsection (15) of this section, that all of the areas overlying underground workings be permitted but that the areas overlying underground workings not affected by operations and facilities occurring on the surface shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section or of KRS 350.151; provided, however, that applications for operations of two (2) acres or less filed under subsection (15) of this section shall clearly identify the boundaries of the proposed deep mine operation.

(17) Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the cabinet are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the cabinet might require; or

(e) Any additional revised or updated information required by the cabinet has not been provided;

Prior to the approval of any renewal of permit the cabinet shall provide notice to the appropriate public authorities.

(18) If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(19) Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(20) Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the cabinet may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(21) Each application for a permit or revision for auger mining on a previously mined area must contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the cabinet determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The cabinet shall, consistent with all applicable requirements of this chapter, issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The cabinet shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum of four (4) feet above the coal seam being mined.

[~~(22) All operations involving the crushing, screening, or loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter.~~]

HB 768, AN ACT relating to surface coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

When the reclamation bond for an interim or pre-interim program permit is forfeited by the cabinet, and the entire forfeited amount is not necessary to establish proper drainage and revegetation on the permit area for which it was submitted, the cabinet may use any remaining funds to supplement forfeited bonds for reclamation of other permit areas, if such other permit areas endanger public health and safety.

HB 804, AN ACT relating to forestry.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 149.405 is amended to read as follows:

(1) It shall be unlawful, when the forest lands, brush lands and fields in this state or any part thereof have become so dry or parched as to create an extraordinary fire hazard endangering lives and property, for any person, except the owner, tenant or owner's authorized agent, persons regularly engaged in cutting, processing, or moving forest products, persons engaged in constructing, maintaining, and operating utility or pipeline rights-of-way, or persons on official duty, to enter or travel in any state, county, municipal or private forest lands, brush lands, fields or idle or abandoned lands in the area so affected except on public highways or well defined private roads.

(2) When such an emergency is found to exist by the director of forestry, the governor may proclaim such a condition to exist in the commonwealth or any described part thereof. The provisions of subsection (1) shall be effective only during the time such proclamation is in force and only in the area where such emergency is declared to exist.

(3) The secretary of state shall cause notice of such proclamation or any amendments or rescission thereof to be published in a newspaper or newspapers of general circulation in the area affected. *Upon publication of a notice of a forest fire emergency proclamation, it shall be unlawful for any person to build, maintain, attend, or use any outdoor fire, during the time such proclamation is in force and in the area where such emergency is declared to exist.*

HB 809, AN ACT relating to oil and gas.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 353.540 is amended to read as follows:

(1) The department is authorized and it shall be its duty to administer and enforce KRS 353.500 to 353.720, all rules and regulations promulgated and orders issued hereunder, and to conduct such investigations as it deems necessary.

(2) The department is hereby granted authority and jurisdiction over all persons and property necessary for such purposes.

(3) The department is authorized to adopt administrative regulations in order to carry out the purposes of KRS 353.500 to 353.720 following a hearing pertaining to oil and gas operations and the minimization of the impact on the surface of the land by oil and gas operations.

Section 2. KRS 353.590 is amended to read as follows:

(1) Any person, seeking a permit required by KRS 353.570, shall submit to the department a written application in such form as may be prescribed by the department.

(2) Each application shall be accompanied by a specified fee as follows:

(a) The fee shall be *five* [~~one~~] hundred dollars *($500.00)* [~~($100.00)~~] for each well to be drilled, deepened or reopened for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole.

(b) If the department receives delegation of authority for administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended), the department may, by regulation, establish a fee or schedule of fees in an amount not to exceed fifty dollars ($50.00) per well, in addition to the fees imposed by paragraph (a) of this subsection, upon each application to drill, deepen or reopen a well for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole. The fees or schedule of fees to be established by regulation shall not exceed an amount sufficient to recover the costs incurred by the department in administering the underground injection control program less any other state or federal funds which are made available for such purpose.

(c) All money paid to the state treasurer for fees required by paragraph (b) of this subsection shall be for the sole use of the department in the administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended).

(3) All money paid to the state treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the general assembly for the use of the department.

(4) Each application shall be accompanied by a plat, which shows the *proposed* location and elevation of each well, prepared according to the rules and regulations promulgated under KRS 353.500 to 353.720, *and a topographic map with a scale of one (1) inch equals four hundred (400) feet, which shows the proposed location of all new ingress and egress, the locations of diversions, drilling pits, dikes and related structures and facilities, the location of proposed storage tanks and all other proposed surface disturbances.* The plat *and map* shall be certified as accurate and correct by the applicant, a qualified employe of the applicant, a person approved by the department, or an engineer registered in Kentucky, provided that when the location of the well is known to be underlaid by coal-bearing stratum, such plat *and map* shall be certified accurate and correct only by an engineer registered in Kentucky. If any plat *or map* submitted by an applicant is determined by the department to be materially inaccurate or incomplete, the department may require that a new plat *or map* be prepared and submitted either by a person approved by the director or an engineer registered in Kentucky. The department may further require that all future plats submitted by such an applicant be prepared either by a person approved by the director or an engineer registered in Kentucky. *No later than the filing of the application with the department for a permit to drill and prior to any site preparation, the applicant shall give notice by certified mail of intent to drill to the property owner or owners of the surface of the land to be drilled or to be affected*

by surface disturbances as a result of the drilling operation. Such notice shall contain a correct copy of the plat required to be submitted with the application. Any amendments to the original application or to the plat shall be sent by certified mail to the owner or owners of the surface no later than the filing of the amendments with the department. If a surface owner is aggrieved by the proposed location of the wells or surface disturbances, as set out in an application for a permit or amendment of a permit, he may, within thirty (30) days from the date of the receipt of the notice, request a hearing before the department. This hearing shall be conducted as an adversary proceeding by the commissioner, or his designated representative, not sooner than twenty (20) days nor later than sixty (60) days after receipt of the request. The surface owner, or owners, and the applicant shall have the right to present evidence and cross-examine the other party's witnesses; however, the rules of evidence applicable to the court shall not apply. In no event shall the department issue the permit prior to the decision of the hearing as provided for herein. Within thirty (30) days after the hearing, the commissioner or his designated representative shall render a decision, which shall be the final order of the agency, as to the location of the wells and other surface disturbances so as to minimize the impact of the proposed drilling operation on the surface of the land. If aggrieved, the surface owner or applicant shall have the right to appeal the decision of the commissioner, or his designated representative, to the Franklin circuit court, which shall hear the dispute de novo. The permit applicant, in the design of the proposed drilling operation, shall minimize, to the extent possible, unnecessary disturbance of the natural land surface and impact on water resources, including the design of roads and location of drill sites and shall reclaim the site when the well is plugged or abandoned.

(5) When any person submits to the department of mines and minerals an application for a permit to drill a well, or to reopen, deepen or temporarily abandon any well which is not covered by surety bond, the department shall except as provided in this section, require from the well operator a bond in the sum of $1,000 in favor of the department of mines and minerals, conditioned that the well upon abandonment shall be plugged in accordance with the rules and regulations of the department and that all records required by the department be filed as specified. The bond shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of such bond may file with the department a blanket bond in a sum of $5,000, covering all wells drilled or to be drilled in the Commonwealth by the principal in the bond, and the acceptance and approval by the department of such blanket bond shall be in full compliance with the above provision requiring an individual well bond. The bond or bonds referred to in this section shall be executed by the well operator as principal and by a corporate surety authorized to do business in the Commonwealth. A deposit in cash shall serve in lieu of either of the above bonds.

(6) Notification in writing to the department by a successor to the well operator with bond as provided in subsection (5) that said successor is assuming the obligations of this chapter as to a particular well or wells, will relieve the original permittee of responsibility under this chapter with respect to such well or wells.

(7) If the requirements of subsection (5) with respect to proper plugging upon abandonment and submission of all required records on all well or wells have not been complied with within the time limits set by the department or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator by certified mail, addressed to the permanent address shown on the application for a permit. The notice shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth by it within forty-five (45) days after mailing of the notice, the bond shall then be forfeited to the department.

(8) When a bond is forfeited pursuant to the provisions of this chapter, the director shall give notice to the attorney general, who shall collect the forfeiture.

(9) All sums received through the forfeiture of bonds shall be placed in the state treasury and credited to a special agency account to be designated as the oil and gas well plugging fund. This fund shall be available to the department and may be expended for the plugging of any abandoned wells coming within the authority of the department pursuant to this chapter. The plugging of any well pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist except for such plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

(10) Upon request by any person applying for a permit for a geological or structure test hole, the department shall keep the location and elevation of said hole confidential until such information is allowed to be released by the person obtaining such permit.

(11) For the purpose of this chapter, "water supply well" shall not include:

(a) Any well for a potable water supply for domestic use or for livestock.

(b) Any water well used primarily for cooling purposes in an industrial process.

The Committee Substitute to HB 809 is as follows:

HB 809, AN ACT relating to oil and gas.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 353.590 is amended to read as follows:

(1) Any person, seeking a permit required by KRS 353.570, shall submit to the department a written application in such form as may be prescribed by the department.

(2) Each application shall be accompanied by a specified fee as follows:

(a) The fee shall be one hundred dollars ($100) for each well to be drilled, deepened or reopened for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole.

(b) If the department receives delegation of authority for administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended), the department may, by regulation, establish a fee or schedule of fees in an amount not to exceed fifty dollars ($50.00) per well, in addition to the fees imposed by paragraph (a) of this subsection, upon each application to drill, deepen or reopen a well for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole. The fees or schedule of fees to be established by regulation shall not exceed an amount sufficient to recover the costs incurred by the department in administering the underground injection control program less any other state or federal funds which are made available for such purpose.

(c) All money paid to the state treasurer for fees required by paragraph (b) of this subsection shall be for the sole use of the department in the administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended).

(3) All money paid to the state treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the general assembly for the use of the department.

(4) Each application shall be accompanied by a plat, which shows the location and elevation of each well, prepared according to the rules and regulations promulgated under KRS 353.500 to 353.720. The plat shall be certified as accurate and correct by the applicant, a qualified employe of the applicant, a person approved by the department, or an engineer registered in Kentucky, provided that when the location of the well is known to be underlaid by coal-bearing stratum, such plat shall be certified accurate and correct only by an engineer registered in Kentucky. If any plat submitted by an applicant is determined by the department to be materially inaccurate or incomplete, the department may require that a new plat be prepared and submitted either by a person approved by the director or an engineer registered in Kentucky. The department may further require that all future plats submitted by such an applicant be prepared either by a person approved by the director or an engineer registered in Kentucky.

(5) *No later than the filing of the application with the department for a permit to drill and prior to any site preparation, the applicant shall give notice by certified mail of intent to drill to the property owner or owners of the surface of the land to be drilled or to be affected by surface disturbances as a result of the drilling operation. Such notice shall contain a correct copy of the plat required to be submitted with the application.*

(6) Before the permit is issued under subsection (5) of this section, if a surface owner is aggrieved by the proposed location of the well in an application for a permit, he shall be entitled to injunctive relief in the circuit court where the land is located.

(7) When any person submits to the department of mines and minerals an application for a permit to drill a well, or to reopen, deepen or temporarily abandon any well which is not covered by surety bond, the department shall except as provided in this section, require from the well operator a bond in the sum of $1,000 in favor of the department of mines and minerals, conditioned that the well upon abandonment shall be plugged in accordance with the rules and regulations of the department and that all records required by the department be filed as specified. The bond shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of such bond may file with the department a blanket bond in a sum of $5,000, covering all wells drilled or to be drilled in the Commonwealth by the principal in the bond, and the acceptance and approval by the department of such blanket bond shall be in full compliance with the above provision requiring an individual well bond. The bond or bonds referred to in this section shall be executed by the well operator as principal and by a corporate surety authorized to do business in the Commonwealth. A deposit in cash shall serve in lieu of either of the above bonds.

(8)[~~(6)~~] Notification in writing to the department by a successor to the well operator with bond as provided in subsection *(7)* [~~(5)~~] that said successor is assuming the obligations of this chapter as to a particular well or wells, will relieve the original permittee of responsibility under this chapter with respect to such well or wells.

(9)[~~(7)~~] If the requirements of subsection *(7)*[~~(5)~~] with respect to proper plugging upon abandonment and submission of all required records on all well or wells have not been complied with within the time limits set by the department or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator by certified mail, addressed to the permanent address shown on the application for a permit. The notice shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth by it within forty-five (45) days after mailing of the notice, the bond shall then be forfeited to the department.

(10)[~~(8)~~] When a bond is forfeited pursuant to the provisions of this chapter, the director shall give notice to the attorney general, who shall collect the forfeiture.

(11)[~~(9)~~] All sums received through the forfeiture of bonds shall be placed in the state treasury and credited to a special agency account to be designated as the oil and gas well plugging fund. This fund shall be available to the department and may be expended for the plugging of any abandoned wells coming within the authority of the department pursuant to this chapter. The plugging of any well pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist except for such plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

(12)[~~(10)~~] Upon request by any person applying for a permit for a geological or structure test hole, the department shall keep the location and elevation of said hole confidential until such information is allowed to be released by the person obtaining such permit.

(13)[~~(11)~~] For the purpose of this chapter, "water supply well" shall not include:

(a) Any well for a potable water supply for domestic use or for livestock.

(b) Any water well used primarily for cooling purposes in an industrial process.

HB 871, AN ACT relating to water pollution.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.033 is amended to read as follows:

SB 22, AN ACT relating to oil and gas.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 353.630 is amended to read as follows:

(1) Whenever any separate tract of land is so situated because of size or other condition that it does not contain a location at which a well for oil or gas may be drilled, deepened or reopened by reason of the spacing provisions of KRS 353.610, the department shall order, after notice and a hearing, the pooling of all oil and gas interests in the separate tract or in a portion thereof with all like interests in a contiguous tract or tracts, or portions thereof, as are necessary to afford the pooled tracts one (1) location for the drilling, deepening or reopening of a well for the production of oil or gas in compliance with the spacing requirements of KRS 353.500 to 353.720. The department shall require the development and operation of all pooled tracts as a single leasehold estate in accordance with regulations and rules promulgated under KRS 353.500 to 353.720.

(2) No pooling as permitted by this section shall be ordered except:

(a) After an application to drill, deepen or reopen a well for the production of oil upon the tract or within four hundred (400) feet of the tract, or after an application for a permit to drill, deepen or reopen a well for the production of gas upon the tract or within one thousand (1,000) feet of the tract has been submitted; and

(b) After a lessee or owner of an oil or gas interest in the tract shall request the pooling.

(3) No pooling as permitted by this section shall be ordered with respect to any tract or portion thereof upon which a well is drilled, deepened or reopened:

(a) Unless the pooling was requested prior to the commencement of the drilling, deepening or reopening of the well by a lessee or owner of an oil and gas interest in a contiguous tract which does not contain a location at which a well for oil or gas may be drilled, deepened or reopened; and

(b) Unless the request, if made by the owner of an operating interest who elects to participate in the risk and cost of the drilling, deepening or reopening of the well, is accompanied by a bond or other security satisfactory to and in an amount set by the director for the payment of such owner's share of the cost of drilling, deepening or reopening the well.

(4) *Production from any well which is ordered pooled pursuant to KRS 353.500 to 353.720 shall be deemed for all purposes to have been so produced from each tract or portion thereof included in the pool in proportion to the amounts established in the pooling order* [~~From and after the date of the pooling all operations, including the commencement, drilling or operating of a well for the production of oil or gas, upon any tract or portion thereof pooled under KRS 353.500 to 353.720 with one or more other tracts or portions thereof shall be deemed for all purposes the conduct of such operations upon which tract or portion thereof included in the pooling; and that portion of production from the well shared by all owners of each tract or portion thereof included in the pooling shall be deemed to have been actually produced from the tract or portion thereof by a well drilled thereon~~].

SB 48, AN ACT relating to oil and gas.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 353.652 is amended to read as follows:

(1) Upon the application of any operator in a *deep well* pool productive of oil or gas, or both, and other minerals which may be associated and produced therewith and after notice given by the commission to all persons reasonably known to own an interest in the oil or gas in such pool, and after a hearing, the commission may enter an order requiring the unit operation of a pool or of any portion or combinations thereof within a

field. Such unit operation shall be in connection with a program designed to avoid the drilling of unnecessary wells, or otherwise to prevent waste, or to increase the ultimate recovery of the unitized minerals by additional recovery methods. The order shall provide for the unitization of separately owned tracts and interests within such pool or pools, but only after finding that:

(a) Said order is reasonably necessary for the prevention of waste;

(b) The proposed plan of unitized operation will increase the ultimate recovery of oil or gas, or both, from the pool and will be economically feasible;

(c) The production of oil or gas, or both, from the unitized pool can be allocated in such a manner as to insure the recovery by all owners of their just and equitable share of such production; and

(d) A contract incorporating the unitization agreement has been signed or in writing ratified or approved by the owners of at least seventy-five (75) percent in interest as costs are shared under the terms of the order and by seventy-five (75) percent in interest as production is to be allocated of the royalty in the unit area, and a contract incorporating the required arrangements for operations has been signed or in writing ratified or approved by the owners of at least seventy-five (75) percent in interest as costs are shared, and the commission has made a finding to that effect either in the order or a supplemental order.

(2) The order requiring such unit operation shall designate one (1) operator as unit operator and shall also make provision for the proportionate allocation to all operators of the costs and expenses of the unit operation, including a reasonable charge for supervision, which allocation shall be in the proportion that the separately owned tracts share in the production from the unit. In the absence of an agreement entered into by the operators and filed with the commission providing for sharing the costs of capital investments in wells and physical equipment, and intangible drilling costs, the commission shall provide by order for the sharing of such costs in the same proportion as the costs and expenses of the unit operation; provided, that any operator who has not consented to the unitization shall not be required to contribute to the costs or expenses of the unit operation, or to the cost of capital investment in wells and physical equipment, and intangible drilling costs, except out of the proceeds from the sale of the production accruing to the interest of such operator exclusive of any royalty or overriding royalty interest.

(3) The commission, after notice and hearing as provided above may from time to time by entry of a new or amending order enlarge the unit area by approving agreements adding to such area a pool or any portion or combinations thereof not previously included. Any such order shall not become effective unless and until:

(a) All of the terms and provisions of the unitization agreement relating to the extension or enlargement of the unit area or to the addition of pools or portions or combinations thereof to unit operations have been fulfilled and satisfied and evidence thereof has been submitted to the commission; and

(b) The extension or addition effected by such order has been agreed to in writing by the owners of at least seventy-five (75) percent in interest as costs are shared in the pool or pools or portions or combinations thereof to be added to unit operations by such order and by seventy-five (75) percent in interest as production is to be allocated of the royalty owners in said pool, pools, portions or combinations and evidence thereof has been submitted to the commission.

(4) Any agreement, in providing for allocation of production from the unit area, shall first allocate to each pool or portion thereof so added a portion of the total production of oil and gas, or both, from all pools affected within the area, as enlarged, such allocation to be in proportion to the contribution which added pool or portions or extensions thereof are expected to make, during the remaining course of unit operations, to the total production of oil or gas, or both, of the unit as enlarged. The remaining portion of unit production shall be allocated among the separately owned tracts within the previously established unit area in the same proportions as those specified prior to the enlargement.

limits liability coverage for bodily injury of at least twenty-five thousand dollars ($25,000) per person with an aggregate of at least fifty thousand dollars ($50,000) and for property damage of at least fifty thousand dollars ($50,000) per accident with an aggregate of at least one hundred thousand dollars ($100,000), *or single limits liability coverage of not less than one hundred thousand dollars ($100,000) for all damages whether arising out of bodily injury or damage to property as a result of any one (1) accident or occurrence.* Notice shall be given by certified mail to the executive secretary and treasurer of the board by the insurer upon lapse of coverage by the insurance company for any reason, including nonpayment of premiums.

(2) Prior to the issuance of a driller certificate, proof of a surety bond must be filed along with the application for a certificate. The penal sum of this bond shall be five thousand dollars ($5,000), with the applicant designated as the principal obligor and the Commonwealth designated as the obligee. The surety may be called on by the secretary if the certified individual knowingly or wilfully violates any administrative regulation promulgated pursuant to KRS 223.420 or 223.435 or provision of KRS 223.405 to 223.460. Notice of lapse of coverage for any reason by the surety shall be given by certified mail to the executive secretary and treasurer of the board by the surety.

Section 2. Whereas, it is increasingly difficult to obtain liability insurance coverage for water well drillers, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

SJR 54, A JOINT RESOLUTION directing the Secretary of the Natural Resources and Environmental Protection Cabinet to report on the funding necessary for Kentucky to continue administration of the surface mining reclamation and enforcement program.

WHEREAS, interests of the coal industry and the general public are best served by implementation of the Surface Mining Control and Reclamation Act of 1977 through a state program rather than by the federal government; and

WHEREAS, continued state implementation of the Surface Mining Control and Reclamation Act of 1977 by the Natural Resources and Environmental Protection Cabinet requires sufficient administrative and technical personnel and sufficient funding to regulate surface coal mining operations in accord with the requirements of the federal Act; and

WHEREAS, the General Assembly is committed to assuring that the state program has adequate funding in order that Kentucky can retain primary responsibility for regulation of Kentucky's surface coal mining operations;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Secretary of the Natural Resources and Environmental Protection Cabinet shall provide to the Interim Joint Committee on Agriculture and Natural Resources, by October 1 of each odd-numbered year, a report containing a determination of the amount of funds which the Cabinet considers necessary for continued administration of the surface mining reclamation and enforcement program under the Surface Mining Control and Reclamation Act of 1977. The report shall further indicate the current budget and existing staffing levels within the Cabinet which are committed to this program, and shall indicate any anticipated increases or decreases in necessary funding commitments during the following biennium.

Section 2. That a copy of this resolution be sent to the Secretary of the Natural Resources and Environmental Protection Cabinet.

The Committee on State Government reported HB 905, SB 60, SB 110 with Committee Amendment attached thereto, SB 111 with Committee Amendment attached thereto, and SB 154 with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 45A.070 is amended to read as follows:

As used in KRS 45A.070 to 45A.165, unless the context in which they are used clearly requires a different meaning:

(1) "Cost-reimbursement contract" shall mean a contract under which the Commonwealth reimburses the contractor for those contract costs, within a stated ceiling, which are allowable and allocable in accordance with cost principles (as provided in KRS 45A.215), and a fee, if any.

(2) "Established catalogue price" shall mean the price included in the most current catalogue, price list, schedule, or other form that:

(a) Is regularly maintained by the manufacturer or vendor of an item; and

(b) Is either published or otherwise available for inspection by customers; and

(c) States prices at which sales are currently or were last made to a significant number of buyers constituting the general buying public for that item.

(3) "Evaluated bid price" shall mean the dollar amount of a bid after bid price adjustments are made pursuant to objective measurable criteria, set forth in the invitation for bids, which affect the economy and effectiveness in the operation or use of the product, such as reliability, maintain ability, useful life, and residual value.

(4) "Invitation for bids" shall mean all documents, whether attached or incorporated by reference, utilized for soliciting bids in accordance with the procedures set forth in KRS 45A.080 of this code.

(5) "Request for proposals" shall mean all documents, whether attached or incorporated by reference, utilized for soliciting proposals in accordance with the procedures set forth in KRS 45A.085, 45A.090, 45A.095 or 45A.100.

(6) "Responsible bidder or offeror" shall mean a person who has the capability in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.

(7) "Responsive bidder" shall mean a person who has submitted a bid under KRS 45A.080 which conforms in all material respects to the invitation for bids, so that all bidders may stand on equal footing with respect to the method and timeliness of submission and as to the substance of any resulting contract.

(8) "Kentucky bidder" shall mean any individual, partnership, association, or corporation which maintains at the time of submission of the bid, a bona fide place of business, within the state of Kentucky, and in the case of corporations is duly qualified to do business and is in good standing under the laws of the state of Kentucky.

(9) "Nonresident firm" or "nonresident bidder" shall mean a firm or bidder which does not meet the definition of a "Kentucky bidder" as provided in subsection (8) of this section.

SECTION 2. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The chief purchasing officer, in the purchase of all supplies, services, equipment, commodities and construction by competitive sealed bidding, competitive negotiation, and negotiation after competitive sealed bidding when all bids exceed available funds, shall grant preference to responsive and responsible Kentucky bidders over a nonresident bidder whose state grants preference on like purchases to its resident bidders. The preference applied to Kentucky bidders shall be the same preference as is applied to resident bidders on like purchases in the nonresident firm's state. If a bidder is a resident of a state that has no in-state preference, no preference shall be granted to Kentucky bidders, except that in the case of tie bids between Kentucky bidders and nonresident firms, the award shall be made to the Kentucky bidder. If a nonresident bidder meets the residency requirements of the purchasing preference laws of more than one state, such bidder shall be considered a resident of the state whose preference provisions, when applied to Kentucky bidders under the terms of this Act, would result in the least cost to the Commonwealth.

(2) The secretary of finance and administration shall compile and maintain an up-to-date compilation of the statutes and regulations of other states which statutes and regulations grant a preference to bidders located within those states. The secretary shall specify the documentation, other than statutes and regulations, that state purchasing officers shall accept for purposes of this Act as sufficient evidence that a state grants a preference to resident bidders.

(3) If any provision or condition of this Act conflicts with any provision of federal law or any rule or regulation made under federal law pertaining to federal grant-in-aid programs or other federal aid programs, such provision or condition shall not apply on such federally supported contracts for purchases to the extent that the conflict exists, but all provisions or conditions of this Act with which there is no conflict shall apply to contracts for purchases to be paid in whole or part from federal funds. This section shall not apply to purchases which are subject to Kentucky Constitution, Section 247.

(4) Nothing in this section is intended to override KRS 45A.470 relating to purchase preferences given to prison industries and handicapped industries.

Section 3. KRS 45A.080 is amended to read as follows:

(1) Contracts exceeding the amount provided by KRS 45A.100 shall be awarded by competitive sealed bidding unless it is determined in writing that this method is not practicable. Factors to be considered in determining whether competitive sealed bidding is not practicable shall include whether:

(a) Specifications can be prepared that permit award on the basis of either the lowest bid price or the lowest evaluated bid price; and

(b) The available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive sealed bidding.

(2) The invitation for bids shall state whether award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter basis is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids.

(3) Adequate public notice of the invitation for bids shall be given a sufficient time prior to the date set forth therein for the opening of bids. Such notice shall include publication in a newspaper or newspapers of general circulation in the state as determined by the secretary of the finance and administration cabinet for all price contracts and purchase contracts estimated to exceed ten thousand dollars ($10,000) not less than seven (7) days before the date set for the opening of the bids.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection.

(5) *Subject to Section 2 of this Act,* the contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or lowest evaluated bid price.

(6) Correction or withdrawal of bids may be allowed only to the extent permitted by regulations issued by the secretary.

Section 4. KRS 45A.085 is amended to read as follows:

(1) When, under regulations issued by the secretary, the purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in KRS 45A.095 and 45A.100, a contract may be awarded by competitive negotiation.

(2) Adequate public notice of the request for proposals shall be given in the same manner and circumstances as provided in KRS 45A.080(3).

(3) Contracts may be competitively negotiated when it is determined in writing by the purchasing officer that the bid prices received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which:

(a) Each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate; and

(b) The negotiated price is lower than the lowest rejected bid by any competitive bidder; and

(c) The negotiated price is the lowest negotiated price offered by any competitive offeror.

(4) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals *and the requirements of Section 2 of this Act.*

(6) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where such prices are fixed by law or regulation, except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable prices, and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

Section 5. KRS 45A.090 is amended to read as follows:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.080 result in bid prices in excess of the funds available for the purchase, and the chief purchasing officer determines in writing:

(a) That there are no additional funds available from any source so as to permit an award to the lowest responsive and responsible bidder; and

(b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in KRS 45A.080, then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one bidder, competitive negotiations pursuant to KRS 45A.085 shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing to be the lowest responsive and responsible bidders to the competitive sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded, *subject to Section 2 of this Act,* upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror.

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.095.

Section 6. KRS 45A.175 is amended to read as follows:

(1) As used in KRS 45A.170 to 45A.205, "architect" or "engineer" services shall mean those professional services within the scope of practice of architecture, professional engineering, or registered land surveying, pertaining to construction, as defined by the laws of this Commonwealth*;*

(2) "Kentucky firm" shall mean an architectural or engineering firm which has an office with an architectural or engineering staff located in the Commonwealth; and

(3) "Nonresident firm" shall mean an architectural or engineering firm that is not a Kentucky firm.

SECTION 7. A NEW SECTION OF KRS 45A.170 TO 45A.205 IS CREATED TO READ AS FOLLOWS:

(1) In selecting firms under KRS 45A.205(2) for the negotiation of contracts for architectural and engineering services, the purchasing officer shall grant preference to qualified Kentucky firms over a nonresident firm whose state grants preference in awarding such contracts to its resident firms. The preference applied to Kentucky firms shall be the same preference applied to in-state firms in the nonresident firm's state. If a qualified nonresident firm is a resident of a state that has no in-state preference, no preference shall be granted to Kentucky firms. If a nonresident bidder meets the residency requirements of the purchasing preference laws of more than one state, such bidder shall be considered a resident of the state whose preference provisions, when applied to Kentucky bidders under the terms of this Act, would result in the least cost to the Commonwealth.

(2) If any provision or condition of this Act conflicts with any provision of federal law or any rule or regulation made under federal law pertaining to federal grant-in-aid programs or other federal aid programs, such provision or condition shall not apply on such federally supported contracts for architectural or engineering services to the extent that the conflict exists, but all provisions or conditions of this Act with which there is no conflict shall apply to contracts for such services to be paid in whole or part from federal funds. This section shall not apply to purchases which are subject to Kentucky Constitution, Section 247.

(3) Nothing in this section is intended to override KRS 45A.470 relating to purchase preferences given to prison industries and handicapped industries.

Section 8. KRS 45A.205 is amended to read as follows:

(1) It shall be the policy of this Commonwealth to publicly announce all requirements for architectural and engineering services, and to negotiate contracts for architectural and engineering services on the basis of demonstrated competence and qualification for the type of professional services required and at fair and reasonable prices.

(2) In the procurement of architectural and engineering services, the purchasing officer shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data. The purchasing officer shall evaluate current statements of qualifications and performance data on file with the Commonwealth, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three (3) firms regarding anticipated design concepts and the relative utility of alternative methods of approach for furnishing the required services, and shall then, *subject to Section 7 of this Act,* select therefrom, in order of preference, based upon criteria established and published by him, no less than three (3) of the firms deemed to be the most highly qualified to provide the services required.

(3) The purchasing officer shall negotiate a contract with the highest qualified firm for architectural and engineering services at compensation which the purchasing officer determines in writing to be fair and reasonable to the Commonwealth. In making this decision, the purchasing officer shall take into account the estimated value of the services to be rendered, the scope, complexity, and professional nature thereof. Should the purchasing officer be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price the purchasing officer determines to be fair and reasonable to the Commonwealth, negotiations with that firm shall be formally terminated. The purchasing officer shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the purchasing officer shall formally terminate negotiations. The purchasing officer shall then undertake negotiations with the third most qualified firm. Should the purchasing officer be unable to negotiate a satisfactory contract with any of the selected firms, the purchasing officer shall, *subject to Section 7 of this Act,* select additional firms in order of their competence and qualification and the purchasing officer shall continue negotiations in accordance with this section until an agreement is reached.

(4) KRS 45A.080 to 45A.100 and KRS 45A.165 shall not apply to architect-engineer contracting under this section.

SECTION 9. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section unless the context requires otherwise:

(a) "Kentucky bidder" shall mean any individual, partnership, association, or corporation which maintains at the time of submission of the bid, a bona fide place of business, within the state of Kentucky, and in the case of corporations is duly qualified to do business and is in good standing under the laws of the state of Kentucky.

(b) "Nonresident firm" or "nonresident bidder" shall mean a firm or bidder which does not meet the definition of a "Kentucky bidder."

(2) The secretary of transportation shall grant preference to responsive and responsible Kentucky bidders over a nonresident bidder whose state grants preference on like purchases to its resident bidders in the award of highway construction and maintenance contracts under this chapter and under KRS Chapters 175, 176, 177 and 180. The preference applied to Kentucky bidders shall be the same preference as is applied to resident bidders on like purchases in the nonresident firm's state. If a bidder is a resident of a state that has no in-state preference, no preference shall be granted to Kentucky bidders, except that in the case of tie bids between Kentucky bidders and nonresident firms, the award shall be made to the Kentucky bidder. If a nonresident bidder meets the residency requirements of the purchasing preference laws of more than one state, such bidder shall be considered a resident of the state whose preference provisions, when applied to Kentucky bidders under the terms of this Act, would result in the least cost to the Commonwealth.

(3) If any provision or condition of this Act conflicts with any provision of federal law or any rule or regulation made under federal law pertaining to federal grant-in-aid programs or other federal aid programs, such provision or condition shall not apply on such federally supported contracts for purchases to the extent that the conflict exists, but all provisions or conditions of this Act with which there is no conflict shall apply to contracts for purchases to be paid in whole or part from federal funds.

Section 10. KRS 176.080 is amended to read as follows:

(1) Each bidder shall accompany his bid with a bond or certified check payable to the state treasurer for a reasonable sum, fixed by the *department* [~~bureau~~], guaranteeing that he will enter into a contract with the *department* [~~bureau~~] for doing the work if the work is awarded to him.

(2) *Subject to Section 9 of this Act,* the contract shall be awarded to the lowest and best bidder. The *department* [~~bureau~~] may require bonds from any contractor to secure the performance of any contract or may require security by any other means it deems advisable.

(3) The *department* [~~bureau~~] may reject any bid when it finds it for the best interest of the state to do so. When all bids are rejected, the *department* [~~bureau~~] shall advertise for new bids as in the first place.

(5) The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste within thirty (30) days after the hearing described in subsections (3) and (4) of this section. If no hearing is requested under the provisions of subsections (3) and (4) of this section, the fiscal court, urban-county government, or governing body of an incorporated municipality shall conduct such public hearing and vote to approve or disapprove the hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste within sixty (60) days following publication of the application. In making a determination the fiscal court, urban-county government, or governing body of an incorporated municipality shall consider the social and economic impacts of the proposed hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste on the affected community, including changes in property values, community perception and other psychic costs; costs and availability of public services, facilities and improvements required to support the landfill or other site or facility and protect public health, safety and the environment; and the relationship of

the proposed hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste to local planning and existing development. After a fiscal court or urban-county government or governing body of an incorporated municipality has voted to approve or disapprove a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste, the court, urban-county government, or governing body of an incorporated municipality shall so notify the cabinet in writing within ten (10) days. If a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste is disapproved by the court, urban-county government, or governing body of an incorporated municipality, the reasons for disapproval shall be set forth clearly and concisely, and so recorded in the minutes. No permit shall be issued by the cabinet if a fiscal court, urban-county government or governing body of an incorporated municipality disapproves the hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste in the manner prescribed herein.

(6) The provisions of subsection (5) of this section shall not apply to a proposed regional integrated waste treatment and disposal demonstration facility.

Section 3. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first obtaining construction and operation permits from the cabinet. The cabinet shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste disposal facility or a regional integrated waste treatment and disposal demonstration facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to KRS 224.855(5), *unless the exception set forth in KRS 224.855(4) applies.* The cabinet shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity. A person desiring a construction permit shall file an application on forms supplied by the cabinet which shall contain such information as the cabinet deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the cabinet. The applicant shall not initiate construction at the proposed site of a new facility for the storage, treatment or disposal of hazardous waste until notice has been given to that portion of the public most likely to be affected by the operation of the proposed facility pursuant to KRS 224.855(1) through KRS 224.855(4) and until a construction permit for said facility has been issued by the cabinet. The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in *paragraphs* [~~subsections~~] (b) and (c) of this *subsection* [~~section~~]; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste *incinerators,* landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5); in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that in either case may cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness or pose a substantial present or potential hazard to human health or the environment.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure.

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination. The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). A hazardous waste disposal facility shall maintain additional excess liability coverage in the amount of at least ten million dollars

($10,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be five million dollars ($5,000,000) per occurrence with an annual aggregate of ten million dollars ($10,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment."

Floor Amendment No. 1 to SB 288, by Representative Dawahare:

Amend printed copy of GA Copy of SB 288:

On page 3, after line 22, insert the following:

"Section 2. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1978, a member of the retirement system may qualify for service retirement by meeting either of the following requirements:

(a) Attainment of age fifty-five (55) years and completion of five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, or

(b) Completion of *twenty-seven (27)* [~~thirty (30)~~] years of Kentucky service, two (2) years of which are subsequent to July 1, 1941. [~~A member having less than thirty (30) years of service may retire with benefits reduced according to the following schedule:~~

~~29 years—90% of benefits~~

~~28 years—80% of benefits~~

~~27 years—70% of benefits.~~]

[~~(c)~~]

Benefits will be reduced in accordance with KRS 161.620 for persons qualifying under *paragraph* (a) *of this subsection* who are less than age sixty (60) years.

(2) Any member shall be automatically retired as of July 1 next following his seventieth (70th) birthday, providing, however, that a member reaching age seventy (70) and having fewer than five (5) years of Kentucky

service, two (2) years of which are subsequent to July 1, 1941, shall receive a refund of the member's accumulated contributions as provided in KRS 161.470(6) in lieu of a retirement annuity.

(3) Any person who has been a teacher in Kentucky for twenty-seven (27) years or more and who withdraws from teaching after July 1, 1941, and before reaching the age of sixty-five (65) years may continue to pay into the fund each year, until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during his last full year as a teacher. If he so elects he shall at any time be entitled to receive a retirement allowance as provided in KRS 161.620. No member shall make contributions as provided for above if such member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(4) Service credit in the Kentucky employes retirement system, the state police retirement system, the legislators' retirement plan, the county employes or the judicial retirement system may be used in meeting the service requirements of subsections (1)(a) and (1)(b) of this section, provided such service is subsequent to July 1, 1956.

(5) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with regulations of the board of trustees.

(6) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to his death.

Section 3. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1980, and thereafter, the annual allowance for each year of service performed prior to July 1, 1941, shall be one hundred dollars ($100) and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section.

(b) For retirements effective January 1, 1984, and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2 1/2%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%).

(c) If the member has five (5) years or more of Kentucky service, but less than *twenty-seven (27)* [~~thirty (30)~~] years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than *twenty-seven (27)* [~~thirty (30)~~] years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances.

(2) Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one percent (1%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than eighty-eight dollars ($88) multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums shall be effective July 1, 1978, and shall apply to those members retiring on or subsequent to that date.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, 1982, the monthly allowance of each member retired on or before July 1, 1981, and each recipient of a retirement option of such retired members shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member has been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(6) Effective July 1, 1983, the monthly allowance of each member retired on or before July 1, 1982, and each recipient of a retirement option of such retired member shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member had been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(7) Effective July 1, 1980, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of such child or until such time as the mental condition creating the dependency no longer exists. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) The cost of providing the statutory cost-of-living increases for retired members during 1980-82 and 1982-84 shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1982-84 biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.

Section 4. KRS 161.540 is amended to read as follows:

(1) Effective *July 1, 1986* [~~July 1, 1984~~], each member shall contribute to the retirement system *nine and eight hundred and fifty-five thousandths percent (9.855%)* [~~nine and six-tenths percent (9.6%)~~] of annual compensation except that university faculty members shall contribute *eight and three hundred and seventy-five thousandths percent (8.375%)* [~~eight and twelve-hundredths percent (8.12%)~~] of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance.

(2) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 5. Whereas contributions to the retirement system must be made at the beginning of the fiscal year, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor."

The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) The cost of providing the statutory cost-of-living increases for retired members during 1980-82 and 1982-84 shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1982-84 biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.

Section 4. KRS 161.540 is amended to read as follows:

(1) Effective *July 1, 1986* [~~July 1, 1984~~], each member shall contribute to the retirement system *nine and eight hundred and fifty-five thousandths percent (9.855%)* [~~nine and six-tenths percent (9.6%)~~] of annual compensation except that university faculty members shall contribute *eight and three hundred and seventy-five thousandths percent (8.375%)* [~~eight and twelve-hundredths percent (8.12%)~~] of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation. When a

member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance.

(2) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 5. Whereas contributions to the retirement system must be made at the beginning of the fiscal year, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor."

HB 978, AN ACT relating to coal haul roads.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 177 IS CREATED TO READ AS FOLLOWS:

(1) The extended weight coal haul road system shall consist of public highways over which coal was transported by motor vehicles during the period from January 1, 1985, through December 31, 1985.

(2) The secretary of the transportation cabinet shall by official order on or before November 1, 1986, certify such public highways or portions thereof, as fulfill the criteria in subsection (1) of this section as the extended weight coal haul road system.

(3) The total tons of coal transported by motor vehicles over any public highway shall be determined from the official coal road system transportation report required pursuant to KRS 177.977.

(4) Any vehicle which is used for the transportation of coal from the point at which such coal is mined or processed to a rail head tipple processing plant, storage yard or consumer over highways which are a part of the extended weight coal haul road system or portions thereof, may be operated in excess of the maximum gross weight prescribed in KRS 189.221 and KRS 189.222 as set forth below:

(b) A single unit truck having one (1) steering axle and three (3) axles in tridem arrangement shall be limited to a maximum gross weight of one hundred thousand (100,000) pounds with a tolerance of five percent (5%);

(c) Tractor-semitrailer combinations with five (5) or more axles shall be limited to a maximum gross weight of one hundred twenty thousand (120,000) pounds with a tolerance of five percent (5%).

(5) Nothing in this section shall be construed or administered to jeopardize the receipt of federal funds for highway purposes and the secretary of transportation shall not act in any manner which shall jeopardize federal highway funds or funds to be received by the Commonwealth. In no event shall this section be construed to authorize any vehicle to operate on a federal interstate highway in excess of those limits prescribed in KRS 189.222. Likewise, nothing in this section shall be construed to prohibit the department of highways from providing for the public safety and convenience of the traveling public on the highway.

(6) As soon as practical after the report is prepared and published pursuant to KRS 177.977 for any calendar year after 1985, the secretary shall add to or delete from the extended weight coal haul road system public highways or portions thereof based upon the criteria set out in this section. However, deletion of a public road or portion thereof from the extended weight coal haul road system shall not affect the eligibility of such roads for highway funds or programs applicable to the extended weight coal haul road system.

(7) The secretary of the transportation cabinet is authorized to promulgate administrative regulations pursuant to KRS Chapter 13A as may be necessary to administer the provisions of this Act.

Section 2. KRS 177.978 is amended to read as follows:

All funds in the account shall be carried forward at the end of each year.

(2) All funds credited to the "coal recovery road fund" shall be transferred to the "energy recovery road fund."

Section 3. KRS 177.979 is amended to read as follows:

Such cooperative agreements shall provide for an equitable apportionment of the incremental costs for design, maintenance, construction or reconstruction of those roads and bridges, except those roads and bridges which are part of the federal interstate highway system, resulting from the transportation of coal by trucks transporting coal in excess of the maximum weight limits on the state maintained system and covered by the cooperative agreement. Nothing contained herein shall effect the continuing validity of any existing agreement.

[~~(2) Any area of dispute arising under a cooperative road agreement, excluding the weight bearing capacity of a bridge, which cannot be resolved between the parties shall be submitted to an arbitration panel, which shall consist of one (1) arbitrator appointed by the commissioner of the department of highways, one (1) arbitrator appointed by the aggrieved party or parties, with the third arbitrator being appointed by the commissioner of the department of vehicle regulation, from a list of persons agreed to jointly by the commissioner of the department of highways and the parties to the cooperative agreement. In the event the two (2) parties to the dispute cannot agree upon a joint list, the third arbitrator shall be chosen by the commissioner of the department of vehicle regulation. The administrative costs incurred by the transportation cabinet in the arbitration procedures as provided herein shall be paid out of those revenues deposited pursuant to KRS 177.978.~~

~~(3) In any dispute arising under a cooperative road agreement concerning the weight bearing capacity of a bridge, the aggrieved party or parties shall submit to the state highway engineer a certified opinion rendered by a qualified registered engineer duly licensed in the Commonwealth, setting forth his independent analysis of the weight bearing capacity of the bridge. Relying in fact upon said certified independent analysis, the state highway engineer may adjust the determination of weight bearing capacity of a bridge.~~

~~(4) Notwithstanding KRS Chapter 143 the total tax contributions from any person entering into a cooperative agreement, as specified in this section, shall not exceed, in the aggregate, the sum of five thousand dollars ($5,000) per mile per year on those roads covered by the cooperative agreement, but such contribution shall not exceed ten (10) cents per ton of coal hauled on cooperative roads per year from an individual coal operator unless otherwise agreed. The transportation cabinet may allow any person, under the cooperative agreement, to provide for the design, approved maintenance, construction or reconstruction provided for in subsection (1) of this section in accordance with guidelines or standards prescribed by the cabinet. In the event any person exceeds his annual total tax contribution as authorized under a cooperative agreement, such person may petition the commissioner of vehicle regulation for a carry over for future years liability.~~

(2) Sixty percent (60%) of funds arising from the imposition of the tax pursuant to subsection (1) of this section shall be used by the department of highways for construction, maintenance, and repair of the coal haul road system in those counties in which coal is severed. The portion of the funds retained by the department of highways shall be spent in accordance with the formula prescribed in subsection (4) of this section.

(3) Forty percent (40%) of all funds arising from the imposition of the tax pursuant to subsection (1) of this section shall be distributed to the fiscal court of those counties in which coal is severed for the sole purpose of construction, maintenance and repair of the coal haul road system. The distribution of funds retained by the department of highways shall be in accordance with the formula prescribed in subsection (4) of this section.

(4) All funds arising from the imposition of the tax pursuant to subsection (1) of this section shall be expended for the coal haul road-system by the department of highways and distributed to the fiscal courts of the coal producing counties in the following manner:

(a) One-fifth (1/5) shall be apportioned equally among the coal producing counties;

(b) Two-fifths (2/5) shall be apportioned on the basis of mileage of road in a coal producing county bears to the total mileage of road in the total coal haul road system within coal producing counties; and

~~(2) Any operator or processor whose public road transportation plan provides sufficient evidence to the commissioner of vehicle regulation that the one way hauling distance of coal is limited to twenty-five (25) air miles over the state maintained system shall be assessed a tax of five (5) cents per ton instead of the tax due under the provisions of subsection (1) of this section.~~

~~(3) The coal recovery road fund may receive any additional funds obtained through state appropriations, gifts, grants and federal funds.~~

~~(6) Total tax contributions from any persons under this section shall not exceed five thousand ($5,000) per mile per year provided that such person shall have applied for a cooperative agreement~~].

Section 5. KRS 189.221 is amended to read as follows:

Likewise, nothing in this section shall be construed to prohibit the department of highways from providing for the public safety and convenience of the traveling public on the highway.

(9) As soon as practical after the report is prepared and published pursuant to KRS 177.977 for any calendar year after 1985, the secretary shall add to or delete from the extended weight coal haul road system public highways or portions thereof based upon the criteria set out in this section. SB 153, AN ACT confirming the establishment of the Kentucky industrial development bond allocation committee.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 103 IS CREATED TO READ AS FOLLOWS:

The Kentucky industrial development bond allocation committee is established. The purpose of the committee is to ensure compliance by the Commonwealth, its political subdivisions, and other authorized *issuers within the Commonwealth of Kentucky, of "private activity bonds" as defined in the internal revenue code of the United States, with the state ceiling on the issuance of such bonds imposed by the Act of Congress commonly known as the tax reform act of 1984, Title 26 United States Code, Section 103(n). The committee shall be attached to the finance and administration cabinet for administrative purposes and staff services. The committee shall be composed of the secretary of finance, who shall be chairman of the committee; the secretary of the commerce cabinet; the state budget director; the executive director of the office for program administration; and the chairman of the industrial development bond oversight committee. The secretary of finance may promulgate regulations in accordance with KRS Chapter 13A, to provide for the allocation of the state ceiling on private activity bonds among all issuers of such bonds within the Commonwealth of Kentucky, regardless of whether such issuers are at the state or local level. No such bonds shall be issued that are not in compliance with the state ceiling and with the allocation procedures established by the secretary of finance.*

Section 2. This Act confirms Executive Order 84-834 creating the Kentucky industrial development bond allocation committee. Allocation procedures established by Executive Order 84-834 shall remain in effect and shall be followed by the committee until they have been superseded by regulations issued by the secretary of finance as authorized by Section 1 of this Act.

The Committee Substitute to SB 153 is as follows:

SB 153, AN ACT confirming the establishment of the Kentucky industrial development bond allocation committee.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 103 IS CREATED TO READ AS FOLLOWS:

The Kentucky industrial development bond allocation committee is established. The purpose of the committee is to ensure compliance by the Commonwealth, its political subdivisions, and other authorized issuers within the Commonwealth of Kentucky, of "private activity bonds" as defined in the internal revenue code of the United States, with the state ceiling on the issuance of such bonds imposed by the Act of Congress commonly known as the tax reform act of 1984, Title 26 United States Code, Section 103(n). The committee shall be attached to the finance and administration cabinet for administrative purposes and staff services. The committee shall be composed of the secretary of finance, who shall be chairman of the committee; the secretary of the commerce cabinet; the state budget director; the executive director of the office for program administration; and the chairman of the industrial revenue bond oversight committee, or their respective designees. The secretary of finance may promulgate regulations in accordance with KRS Chapter 13A, to provide for the allocation of the state ceiling on private activity bonds among all issuers of such bonds within the Commonwealth of Kentucky, in order to maximize utilization of the state ceiling, to foster economic development within the Commonwealth, and promote the general welfare of its citizens, and the public purposes of the Commonwealth, regardless of whether such issuers are at the state or local level. No such bonds shall be issued that are not in compliance with the state ceiling and with the allocation procedures established by the secretary of finance.

SECTION 2. A NEW SECTION OF KRS CHAPTER 103 IS CREATED TO READ AS FOLLOWS:

(1) It is hereby determined and declared as a legislative finding of fact that, because of proposed amendments to the United States internal revenue code now pending in congress, known as the tax reform act of 1985, which amendments have been adopted by the United States house of representatives, including substantial amendments to existing provisions of the code relating to the state ceiling for bonds currently defined in the code as "private activity bonds" (including qualified housing bonds), it is not possible at this time for the general assembly of Kentucky to determine by legislative action the most appropriate formula for allocation of the state ceiling as it may be in effect following the enactment of any such amendments.

(2) It is hereby further recognized that federal law presently permits the governor of each state to prescribe a formula for allocation of that state's ceiling until such time as the state legislature shall have enacted a different formula for the allocation of the state ceiling and a similar provision is set forth in the proposed tax reform act of 1985 now pending in the senate of the United States.

(3) Accordingly, to enable the Commonwealth to maximize utilization of the state ceiling, so that the state ceiling may be appropriately allocated among all issuers of bonds in the Commonwealth, if the provisions of

the internal revenue code of the United States relating to private activity bonds are amended (however, they later may be defined by such amendments), the governor shall by executive order or proclamation prescribe the most appropriate formula for allocating the state ceiling of Kentucky in order to best effectuate the issuance of such bonds, foster economic development within the Commonwealth, and promote the general welfare of its citizens and the public purposes of the Commonwealth, until further legislation to the contrary is enacted by the general assembly; provided that any such executive orders or proclamations by the governor shall be in accordance with the provisions of then applicable federal law.

Section 3. This Act confirms Executive Order 84-834 creating the Kentucky industrial development bond allocation committee. Allocation procedures established by Executive Order 84-834 shall remain in effect and shall be followed by the committee until they have been superseded by regulations issued by the secretary of finance as authorized by Section 1 of this Act.

Section 4. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 194.110 is amended to read as follows:

(1) The Kentucky certificate of need *authority* [~~and licensure board~~] and its associated bodies are hereby attached to the bureau for health services for administrative and support purposes. The Kentucky certificate of need *authority* [~~and licensure board~~] shall advise the council for health services, the secretary for human resources, and the commissioner for health services on the administration and operations of the certificate of need [~~and licensure~~] program. The composition, structure, authority, responsibilities, activities, programs, and resources of the Kentucky certificate of need *authority* [~~and licensure board~~] shall continue and remain in its present form, except that it shall not have authority to expend funds, hire employes, issue grants, or otherwise engage in the normal administrative processes of the department. This authority and responsibility shall reside exclusively with the secretary for human resources and such employes of the department designated by the secretary to hold these powers.

(2) The advisory council for medical assistance and its associated bodies are hereby attached to the bureau for social insurance for administrative and support purposes. The advisory council for medical assistance shall advise the council for social insurance, the secretary for human resources and the commissioner for social insurance on the administration and operations of the medical assistance program.

(3) The comprehensive health planning council and its associated bodies are hereby attached to the bureau for health services for administrative and support purposes. The comprehensive health planning council shall advise the council for health services, the Kentucky certificate of need *authority* [~~and licensure board~~], the secretary for human resources, and the commissioner for health services on the total health service, facility, and resource needs of the Commonwealth and the allocation of resources to address those needs.

Section 2. KRS 194.120 is amended to read as follows:

The Kentucky certificate of need *authority* [~~and licensure board~~] shall be the only statutory body attached to the department that shall have the authority to issue administrative regulations. No other corporate body or instrumentality of the Commonwealth, advisory committee, interstate compact, or other statutory body, presently or hereinafter attached to the department, shall issue administrative regulations, but shall operate only in an advisory capacity.

Section 3. KRS 216B.010 is amended to read as follows:

The general assembly finds that the licensure of health facilities and health services is a means to insure that the citizens of this Commonwealth will have safe, adequate and efficient medical care; that the proliferation of unnecessary health care facilities, health services and major medical equipment results in costly duplication and underuse of such facilities, services and equipment; and that such proliferation increases the cost of quality health care within the Commonwealth. Therefore, it is the purpose of this chapter to provide for the establishment of the Kentucky [~~health facilities and health services~~] certificate of need *authority* [~~and licensure board~~] for the purpose of [~~licensing health facilities and services, and~~] acting on applications for certificates of need.

Failure to request a hearing shall constitute a waiver of any right to reconsideration or judicial appeal of a final *authority* [~~board~~] decision to revoke a certificate of need.

(3) The hearing shall be before the *authority* [~~board~~], or at the request of the chairman, before a *member of the authority* [~~hearing officer~~] designated *to serve as hearing officer* by the *chairman* [~~secretary~~]. (1) Any party to the proceedings may, for good cause shown, request in writing a hearing for purposes of reconsideration of a decision of the *authority* [~~board~~] pertaining to a certificate of need or the revocation of a certificate of need under such procedures as are promulgated by administrative regulation. The request shall be filed within fifteen (15) days of the notice of the decision and the *authority* [~~board~~] shall consider the request at its next regularly scheduled meeting. For purposes of this section there shall be deemed to be "good cause shown" if the request for a public hearing:

The hearing shall be conducted in accordance with the provisions of this chapter. The *authority* [~~board~~] shall make its decision on reconsideration at its next regularly scheduled meeting after the public hearing, and shall give notice thereof. The decision of the *authority* [~~board~~] shall be final for purposes of judicial appeal. An approved certificate of need shall be issued forty (40) days after notice of the *authority's* [~~board's~~] decision unless a judicial appeal is taken.

If the application is denied nonsubstantive review status it will automatically be placed in the formal review process.

(2) If a certificate of need is denied following a nonsubstantive review, the applicant may request that the application be placed in the next cycle of the formal review process. In no event shall repairs, alterations or improvements be construed to mean the replacement or the relocation of a health facility; or

(g) In such other circumstances as the *authority* [~~board~~] may by regulation prescribe.

(4) Notwithstanding any other provision to the contrary in this chapter, the *authority* [~~cabinet~~] shall issue a certificate of need for a project required for the purposes set out in *paragraphs* (a) through (d) of subsection (3) *of this section* [~~hereof~~] unless it finds the facility or service with respect to which such capital expenditure is proposed to be made is not in fact so required; or to the extent the facility or services contemplated by the proposed capital expenditure is addressed in the state health plan, the *authority* [~~cabinet~~] finds that such capital expenditure is not consistent with the state health plan.

(5) The decision of the *authority* [~~cabinet~~] issuing or denying a certificate of need pursuant to this section shall be final for purposes of judicial appeal unless the applicant requests the application be placed in the formal review process. An approved certificate shall be issued forty (40) days after notice of the *authority's* [~~cabinet's~~] decision unless a judicial appeal is taken.

(3) The hearing shall be before the *authority* [~~board~~], or at the request of the chairman, *before* [~~by~~] a *member of the authority* [~~hearing officer~~] designated *to serve as hearing officer* by the *chairman* [~~secretary~~].

A request for reconsideration filed pursuant to KRS 216B.090 shall toll the time for filing a judicial appeal until notice of the *authority's* [~~board's~~] decision not to reconsider or notice of its decision on reconsideration is given. The petitioner shall serve a copy of the petition to each person who was a party to the proceedings. If damages cannot be accurately determined, then the amount of damages shall be determined by a circuit court in the county where the violation took place. In the event the question of damages is referred to the circuit court, the decision of the commission will not be final and appealable until the question of damages is certifiable.

The officer who imposes the punishment, his successor in command and superior authority may suspend, set aside or remit any part or amount of the punishment and restore all rights, privileges and property affected.

The court shall provide as an explicit condition of every sentence to probation or conditional discharge that the defendant not commit another offense during the period for which the sentence remains subject to revocation.

(2) When imposing a sentence of probation or conditional discharge, the court may, in addition to any other reasonable condition, require that the defendant:

(a) Avoid injurious or vicious habits;

(b) Avoid persons or places of disreputable or harmful character;

(c) Work faithfully at suitable employment as far as possible;

Payment of restitution to the victim shall have priority over payment of restitution to any government agency. Restitution shall be ordered in the full amount of the damages, unless the damages exceed one hundred thousand dollars ($100,000) or twice the amount of the gain from the commission of the offense, whichever is greater, in which case the higher of these two amounts shall be awarded. The court may, in lieu of ordering monetary restitution, order the defendant to make restitution by working for or on behalf of the victim. The court shall determine the number of hours of work necessary by applying the then prevailing federal minimum wage to the total amount of monetary damage caused by or incidental to the commission of the crime. The court may, with the consent of the agency, order the defendant to work for a public agency of the Commonwealth, a county, or a city for a period of time equal to that determined in the case of working for a victim. (f) When a defendant fails to make restitution ordered to be paid through the circuit clerk, the circuit clerk shall notify the court. The court shall hold a hearing to determine if the defendant is in contempt of the court or has violated the terms of his probation; *and*

(g) An order of restitution shall not preclude the owner of property or the victim who suffered personal physical or mental injury or out of pocket loss of earnings or support or other damages from proceeding in a civil action to recover damages from the defendant. A civil verdict shall be reduced by the amount paid under the criminal restitution order.

(4) When a defendant is sentenced to probation or conditional discharge, he shall be given a written statement explicitly setting forth the conditions under which he is being released.

(5) When imposing a sentence of probation or conditional discharge, the court, in addition to conditions imposed under this section, may require as a condition of the sentence that the defendant submit to a period of imprisonment in the county jail *or to a period of home incarceration* at whatever time or intervals, consecutive or nonconsecutive, the court shall determine. The time actually spent in confinement *or home incarceration* pursuant to this provision shall not exceed six (6) months or the maximum term of imprisonment assessed pursuant to KRS Chapter 532, whichever is the shorter. Objections by counsel at the dispositional hearing to portions of the dispositional report shall be noted in the record.

(2) The investigation shall be conducted by volunteer or salaried probation officers of the juvenile court or by a suitable public or private agency. The cabinet may furnish investigation services under agreements with the individual juvenile courts. For this purpose, any county judge/executive or chief executive officer of an urban-county government may enter into a contract on behalf of his county with the cabinet for the furnishings of such services.

(3) Upon the court's motion or the motion of any party, an informal adjustment may be made at any time during the proceedings.

SECTION 30. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) The disposition shall determine the action to be taken by the court on behalf of, and in the best interest of, the child under the provisions of KRS Chapters 630 or 635.

(2) At the disposition all information helpful in making a proper disposition, including oral and written reports, shall be received by the court in compliance with subsection (1) of this section and relied upon to the extent of their probative value, provided that the parties or their counsel shall be afforded an opportunity to examine and controvert the reports.

(3) The court shall notify the law enforcement agency of the child's county of residence and the law enforcement agencies where any offense was committed of the disposition of each case and of each child committed by the court who is placed in a residential treatment facility by the department.

(4) Whenever any court commits a child to the cabinet or whenever a juvenile court commits a child to any institution or agency, the court shall cause to be transmitted to the cabinet, institution or agency a certified copy of the commitment order, together with a summary of the court's information concerning the child. A certified copy of the court order shall be proof of the authority of the cabinet, institution or agency to hold the child. Such certified order shall be sufficient authority for any law enforcement officer to take into custody any person named therein and deliver him to such a place as shall be directed by the cabinet, institution or agency given custody of him in the order.

(5) In placing a child on probation in a family home or boarding home, or in committing a child to a private institution or agency, the court shall as far as practicable select a home, institution or agency operated or governed by persons of a similar religious faith as the parents of the child.

SECTION 31. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided by KRS Chapter 635, an order of commitment or an order of protective supervision or probation made by the court in the case of a child may be reviewed, continued, or terminated at any time prior to expiration on the court's own initiative or on motion by:

(a) A child who is affected by an order of juvenile session of district court;

(b) The family, custodian, guardian, or legal representative of such a child;

(c) The county attorney of the county in which the committing court presides; or

(d) Any other person having an interest in the welfare of the child.

(2) Grounds for such action may include but are not limited to allegations that there has been a substantial change of material circumstances, there exists new evidence affecting the disposition of the child, the child is no longer in need of commitment, probation, or placement, the child has not responded to or benefited from treatment or the child has not received adequate and proper treatment, the original proceedings were not conducted in the manner required by law or the public interest requires termination of the order. Upon review of the child's case, the cabinet, any agency, institution or individual responsible for the supervision, care or treatment of the child, shall divulge and communicate such information regarding the child as the court may require.

SECTION 32. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

Unless otherwise exempted, an appeal to the circuit court may be taken as a matter of right from the juvenile session of the district court from dispositional orders under Section 30 of this Act. The appeal shall be taken in the manner provided in the Rules of Civil Procedure, and the circuit court shall, in the best interest of the child, hear such cases expeditiously.

SECTION 33. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

Any party aggrieved by a proceeding under subsection (1)(e) of Section 20 of this Act, may appeal from the juvenile court to the circuit court as a matter of right in the manner provided in the Kentucky Rules of Civil Procedure. The circuit court may order that the child may be removed to a suitable place, pending the appeal, *if it appears by affidavit or sworn testimony that the child would be in imminent danger if left with or returned to his parents, guardian, or other person party to the appeal.*

SECTION 34. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

Upon the entry of a dispositional order and an appeal being filed, all issues relating to detention, custody, or participation in court ordered programs may be reviewed by the circuit court upon motion being filed by the child with notice to the county and commonwealth's attorney.

SECTION 35. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

Upon recommendation of the cabinet or upon its own initiative the court may order any parent, guardian, or person exercising similar custodial control or supervision of a child referred to the court to cooperate and actively participate in such treatment or social service programs which might reasonably be expected to meet the goal of enhancing the best interests of the child and family unity. When it appears to the court that the parents have failed to cooperate and actively participate in said programs, the court may issue a summons for the parents of the child which shall require them to attend a hearing in which they may rebut any evidence which may allege that they have violated a court order. The court may exercise its powers of contempt in addition to any other remedy provided by law to compel obedience of the parents, guardian, or person exercising custodial control or supervision of the child to the court's orders.

SECTION 36. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

If it appears from the investigation required in Section 29 of this Act or otherwise that the parent or other person exercising custodial control or supervision of any child, or the estate of any child, who has been found to fall within the purview of this Act and who has been left in his own home or in the home of a relative, placed on probation or placed in a foster home or boarding home, or in the care of a public or private institution or agency, or the cabinet, is able to contribute to the support of the child, the court shall enter an order requiring the parent or estate to pay a reasonable sum for the support, maintenance or education of the child. The order shall direct that the money be paid to the circuit clerk to be disbursed as ordered by the court or be paid to the person, institution, agency or department to which the child was committed or probated. On application and on such notice as the court may direct, the court may make alterations in the requirement for contribution. The court may issue such orders necessary to compel payment of the sum due. The enforcement of a sentence imposed on a parent who fails to comply with the order of the court may be suspended at the discretion of the court, but the suspension may be revoked at the discretion of the court upon the failure of the parent to obey further orders of the court.

SECTION 37. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

A parent or other person exercising custodial control or supervision of a child is charged with the control of such child and shall have the power to exercise parental control and authority over such child. In any case where a child is found delinquent and placed on probation, if the court finds at the hearing that the person having custody of such child has failed or neglected to subject him to reasonable parental control and authority, and that such failure or neglect is the proximate cause of the act or acts of the child upon which the finding of delinquency is based, the court may require such parent to enter into a recognizance with sufficient surety, in an amount of not more than five hundred dollars ($500), conditioned upon the faithful discharge of the conditions of probation of such child. If the child thereafter commits a second act and is by reason thereof found delinquent, or violates the conditions of probation, and the court finds at the hearing that the failure or neglect of such parent to subject him to reasonable parental control and authority or to faithfully discharge the conditions of probation of such child on the part of such parent, is the proximate cause of the act of the child upon which such second finding of delinquency is based, or upon which such child is found to have violated the conditions of his probation, the court may declare all or a part of the recognizance forfeited and the amount of such forfeited recognizance shall be applied in payment of any damages which may have been caused by such child, if there be such damages, otherwise, the proceeds therefrom, or part remaining after the payment of damages as aforesaid, shall be retained by the court to apply to any future damages resulting from the act or acts of said child before he reaches his eighteenth (18th) birthday, at which date the remaining proceeds shall be returned to the parent or guardian. The provisions of this section as it relates to failure or neglect of parents to subject a child to reasonable parental control and authority shall be in addition to and not in substitution for any other sections of this chapter relating to failure or neglect to exercise such parental control or authority. The provisions of this section shall not apply to foster parents.

SECTION 38. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) The law relating to the persons by whom and the circumstances under which a person may be arrested for a public offense shall be applicable to children, but the taking of a child into custody under such law shall not be termed an arrest. The law relating to bail shall not be applicable to children detained in accordance with this chapter.

(2) When a child is taken into custody by a person other than a peace officer, on a charge of committing a public offense, such person shall as soon as possible place the child in the custody of a peace officer.

SECTION 39. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

When a peace officer has taken or received a child into custody on a charge of committing an offense, the officer shall immediately inform the child of his constitutional rights and afford him the protections required thereunder, notify the parent, or if the parent is not available, then a relative, guardian, or person exercising custodial control or supervision of the child, that the child has been taken into custody, give an account of specific charges against the child, including the specific statute alleged to have been violated, and the reasons for the detention, and state the time and place of the detention hearing. Unless the nature of the offense or other circumstances are such as to indicate the necessity of keeping the child in secure custody, the officer shall release the child to the custody of his parent or other responsible adult upon the written promise, signed by such person, to bring the child to the court at a stated time or at such time as the court may order. The written promise, accompanied by a written report by the officer, shall be submitted to the court forthwith. If the person fails to produce the child as agreed or upon notice from the court, a petition, warrant, or both may be issued for the apprehension of the person or of the child, or both.

SECTION 40. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

The peace officer may, in lieu of the placements set forth in Section 39 of this Act, take a child to a court-approved center offering voluntary services to children and release the child without formal charges being filed, provided that the offense the child has allegedly committed under the provisions of subsection (1)(a) of Section 20 of this Act:

(1) Is not a felony offense; and

(2) The peace officer has received the permission of the parent or other responsible adult; and

(3) The peace officer has followed guidelines which the court has established for such release.

SECTION 41. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) A child may be detained at a police station, secure detention facility, intermittent holding facility, the offices of the court designated worker, or, as necessary, in a hospital or clinic for the following purposes:

(e) Physical examinations, including examinations for evidence;

(f) Evidence collection, including scientific tests;

(g) Records checks; and

(h) Other inquiries of a preliminary nature.

(2) Detention pursuant to this section shall not exceed two (2) hours, unless specified to the contrary in other provisions of this Act, without permission for extension of detention time. Permission for extension of

detention time may be granted by the court or trial commissioner upon good cause shown as to the necessity therefor.

SECTION 42. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) No child who is accused of committing acts, which if committed by an adult, would not be a crime and no child who has been found to be in contempt of court shall be detained in any jail, police station, lock-up, intermittent holding facility, or any building which is part of or attached to any facility in which adult prisoners are confined or which shares staff with a facility in which adult prisoners are confined.

(2) No child under eighteen (18) who is accused of committing acts, which if committed by an adult would be a crime, shall at any time be detained in any intermittent holding facility, police station, lockup, or jail, except that, on the basis of a hearing for that purpose, by the judge of the juvenile session of district court, a child whose conduct or condition is such as to endanger his safety or welfare or that of others in the detention facility for children, may be placed in a jail or other place of detention for adults, but in a room or ward entirely separate from adult prisoners.

SECTION 43. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

A peace officer who has detained a child shall comply with the following sequence of action if the detention exceeds the period authorized by Section 41 of this Act:

(1) If he has not done so, he may release the child to his parents or person exercising custody and control of the child;

(2) If he releases the child he shall notify the court designated worker of having taken custody of the child and the reasons therefor, the release of the child, the person to whom the child was released, and the reasons for the release;

(3) The release of a child pursuant to this section shall not preclude a police officer from proceeding with a complaint against a child or any other person;

(4) If the child is not released the peace officer shall contact the court designated worker who may:

(a) Release the child to his parents;

(b) Release the child to such other persons or organizations as are authorized by law;

(c) Release the child to either of the above subject to stated conditions; or

(d) Authorize the detention of the child for an additional period not to exceed twelve (12) hours. If the child is detained, notice shall be given to the child's parents or person exercising custody and control of the fact of the child's detention;

(5) Any detention determination made by a court designated worker prior to the detention hearing authorized by Section 47 of this Act shall be subject to review and modification by the court.

SECTION 44. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

If a decision is made by a court designated worker or by the court to release a child subject to certain conditions prior to his detention hearing as authorized by Section 47 of this Act, the child may be retained in custody until the conditions for release, which shall be set forth in writing and shall become a part of the record in the case, have been met.

SECTION 45. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

If a child is to be detained for longer than the period authorized by Section 41 of this Act, the detention shall be authorized in writing by the court. The court, prior to the expiration of the time authorized above, may review the detention and may:

(1) Release the child to his parents;

(2) Release the child to such other persons or organizations as are authorized by law;

(3) Release the child to either of the above subject to stated conditions; or

(4) Continue the child in custody until the custody hearing or until the conditions of release have been met.

SECTION 46. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

If the child is not released as provided in Section 39 of this Act, the peace officer shall take the child without delay to the court or to the secure detention facility provided for under Section 42 of this Act. In either case the officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention.

SECTION 47. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) When a child is detained for the alleged commission of an offense as provided in subsection (1)(a) of Section 20 of this Act and not released, a hearing shall be held as soon as practical, but not to exceed seventy-two (72) hours, exclusive of weekends, and holidays, of the commencement of detention.

(2) The hearing shall address the following issues:

(a) If there is probable cause to believe that an offense has been committed and that the accused child committed that offense. Probable cause may be established in the same manner as a preliminary hearing in cases involving adults accused of felonies. The child shall be afforded the right to confront and cross-examine witnesses. The Commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence, and if it should fail to establish such probable cause, the child shall be released and the complaint dismissed unless the court determines further detention is necessary to assure the safety of the child, protection of the community, or the appearance of the child in court;

(b) In determining detention for offenses provided in subsection (1)(a) of Section 20 of this Act, the court shall consider the seriousness of the alleged offense; the possibility that the child would commit an offense dangerous to himself or the community pending disposition of the original offense; the child's prior record, if any; and whether there are charges pending against the child in another jurisdiction;

(3) If, after completion of the detention hearing, the court is of the opinion that detention is necessary, the order shall state on the record the specific reasons for detention and the nature of the detention.

SECTION 48. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) Unless a hearing is held and the necessity for detention properly established, the child shall be released to the custody of his parents or other responsible adult pending further disposition of the case. A child shall have a right to counsel at his detention hearing determining his right to freedom pending the disposition of his case, and his parents or other responsible person shall have a right to attend the hearing if such attendance will not necessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.

(2) Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, guardian, or other person exercising custodial control or supervision shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least seventy-two (72) hours prior to the initial hearing on the case.

SECTION 49. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) Physical evidence shall be obtained and utilized in the investigation of public offenses involving children in the same manner as it is obtained and utilized in the investigation of public offenses involving adults.

(2) All records and physical evidence so obtained shall be surrendered to the court upon motion for good cause shown or upon elimination of the child as a suspect in the case.

(3) The court shall upon receipt of physical evidence, return any evidence, which is not contraband or is not needed for further prosecution, to its lawful owner.

SECTION 50. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) When the health or physical condition of any child before the juvenile court requires it, the court may order the child to be placed in a public or private hospital or institution for treatment or care. In order to ascertain the physical condition of a child, the court may cause the child to be examined by a health officer or children's clinic or any reputable physician who will conduct the examination.

(2) The court may order or consent to necessary medical treatment, including surgical procedures, except for the purpose of abortion, electroshock therapy or psychosurgery as provided in KRS Chapter 645, or sterilization, after a hearing conducted to determine the necessity of such treatment or procedure. Reasonable notice, taking into account any emergency circumstances, shall be provided to the parents, guardian or custodian of the child to enable them to attend the hearing.

SECTION 51. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) A special record book shall be kept by the court for all cases, to be known as the "juvenile record," and the docket or calendar of such cases shall be called the "juvenile docket."

(2) No probation officer, nor employe of a probation officer, shall, without the consent of the district judge sitting in juvenile session divulge or communicate to any persons other than the court, an officer of the court interested in the case, a member of the advisory board of the court, or a representative of the cabinet, any information obtained pursuant to the discharge of his duties, nor shall any record of the action of the probation officer be made public except by leave of the district judge; provided, that nothing in this subsection shall prohibit the probation officer from divulging or communicating such information to the court, to his colleagues or superiors in his own department, to another probation officer having a direct interest in the record or social history of the child, or to a representative of any public or private social agency, institution, hospital or church having a direct interest in the record or social history of the child.

(3) All police records regarding children who have not reached their eighteenth (18th) birthday shall not be opened to scrutiny by the public. However, such police records shall be made available to the child, family, guardian or legal representative of the child involved. Such records shall also be made available to the court, probation officers, representatives of the cabinet, or to a representative of any public or private social agency, institution, hospital or church having a direct interest in the record or social history of the child.

(4) This section shall not relieve the probation officer or police officer from divulging such facts as a witness in a trial or hearing involving any cases falling under this Act or the production of such records for use in such trial or proceedings.

SECTION 52. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) Any child who has been adjudicated as coming within the purview of KRS Chapters 630, 635, or 645, but not KRS Chapter 620 or 640, may petition the court for the expungement of his juvenile court record. He shall be informed of such right at the time of adjudication. The court on its own motion, or on the motion of a probation officer of the court or of a representative of the cabinet or any other interested person, may initiate expungement proceedings concerning the record of any child who has been under the jurisdiction of the court. Such petition shall be filed or such court order entered no sooner than two (2) years after the date of termination of the court's jurisdiction over the person, or two (2) years after his unconditional release from commitment to the cabinet for human resources or a public or private agency, except that the two-year period may be waived if the court finds that such extraordinary circumstances exist with regard to the petitioner as to make the waiver advisable.

(2) Upon the filing of a petition or entering of a court order, the court shall set a date for a hearing and shall notify the county attorney and anyone else whom the court or the child, his parents, relatives, guardian, or custodian has reason to believe may have relevant information related to the expungement of the record.

(3) The court shall order sealed all records in the petitioner's case in the custody of the court and any such records in the custody of any other agency or official, including police records, if at the hearing the court finds that:

(a) Since the termination of the court's jurisdiction or his unconditional release from commitment to the cabinet or a public or private agency, the person whose record is in question has not been convicted of a felony, and has not been adjudicated under subsection (1)(a) of Section 20 of this Act;

(b) No proceeding concerning a felony and no petition under subsection (1)(a) of Section 20 of this Act is pending or being instituted against him.

(4) Upon the entry of an order to seal the records, the proceedings in the case shall be deemed never to have occurred, and all index references shall be deleted and the person and court may properly reply that no record exists with respect to such person upon any inquiry in the matter.

(5) Copies of the order shall be sent to each agency or official named therein.

(6) Inspection of the records included in the order may thereafter be permitted by the court only upon petition by the person who is the subject of such records, and only to those persons named in such petition.

SECTION 53. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) Unless a specific provision of this Act specifies otherwise, all juvenile court records of any nature generated pursuant to this Act by any agency or instrumentality, public or private, shall be deemed to be confidential and shall not be disclosed except to the child or parent unless ordered by the court for good cause.

(2) The provisions of this section shall not apply to public officers or employes engaged in the prosecution of cases under this Act or other portions of the Kentucky Revised Statutes provided that the inspection of the records and the disclosure of the information contained therein is limited to that required in the investigation and the prosecution of the case.

(3) The provisions of this section shall not apply to employes of the cabinet or its designees responsible for any services under this Act or to attorneys for parties involved in actions relating to this Act or other prosecutions authorized by the Kentucky revised statutes provided that the inspection of the records and the disclosure of the information contained therein is limited to that required in the investigation and the representation of the client in the case.

(4) No person shall disclose any record or any information contained therein except as permitted by this section or other specific section of this Act, or except as permitted by specific order of the court.

(5) No person authorized to obtain records pursuant to this Act shall obtain or attempt to obtain records to which he is not entitled or for purposes for which he is not permitted to obtain them pursuant to this Act.

(6) No person not authorized to obtain records pursuant to this Act shall obtain or attempt to obtain records which are made confidential pursuant to this Act except upon proper motion to a court of competent jurisdiction.

(7) No person shall destroy or attempt to destroy any record required to be kept pursuant to this Act unless the destruction is permitted pursuant to this Act and is authorized by the court upon proper motion and good cause for the destruction being shown.

(8) As used in this section the term "this Act," includes any regulations which are lawfully promulgated pursuant to this Act.

SECTION 54. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) In proceedings in the juvenile session of the district court, no court fees shall be charged against, and no witness fees shall be allowed to, any party to a petition. No public officer shall be entitled to receive any fee from the service of process or for attendance in court in any such proceedings. All other persons acting under orders of the court may be paid, for service of process and attendance as witnesses. The payments for fees provided by law for like services in civil cases in the circuit court are to be made out of the county treasury. The county or state may compensate any officer or person in the amount prescribed by law for the detention or return of any person to the jurisdiction of the court, and funds for this purpose may be appropriated and paid by the fiscal court.

(2) For the purpose of paying salaries and expenses necessary to carry out the purposes of this Act the fiscal court of any county, or urban county council of an urban county government, may levy taxes and make appropriations, within constitutional limitations. The legislative body of any city also is authorized to appropriate funds to assist the county in carrying out the purposes of this Act, including providing facilities for custody and care of children coming within the purview of this Act.

SECTION 55. A NEW SECTION OF KRS CHAPTER 610 IS CREATED TO READ AS FOLLOWS:

(1) Any person who violates any of the provisions of this chapter, other than Section 42 of this Act, shall be guilty of a Class B misdemeanor.

(2) Any person who violates Section 42 of this Act shall be guilty of a Class A misdemeanor.

SECTION 56. KRS CHAPTER 615 IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

The governor is hereby authorized and directed to execute a compact on behalf of this state with any other state or states legally joining therein and, upon the enactment of this section, the Commonwealth of Kentucky shall be deemed a party to the Interstate Compact on Juveniles and shall be deemed to have contracted with each state joining therein, the compact being substantially as follows:

The contracting states solemnly agree:

ARTICLE I Findings and Purposes

That juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The cooperation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to (1) cooperative supervision of delinquent juveniles on probation or parole; (2) the return, from one state to another, of delinquent juveniles who have escaped or absconded; (3) the return, from one state to another, of nondelinquent juveniles who have run away from home; and (4) additional measures for the protection of juveniles and of the public, which any two or more of the party states may find desirable to undertake cooperatively. In carrying out the provisions of this compact the party states shall be guided by the non-criminal reformative and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles generally. It shall be the policy of the states party to this compact to cooperate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

ARTICLE II Existing Rights and Remedies

That all remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies and procedures, and shall not be in derogation of parental rights and responsibilities.

ARTICLE III Definitions

That, for the purpose of this compact, "delinquent juvenile" means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; "probation or parole" means any kind of conditional release of juveniles authorized under the laws of the states party hereto; "court" means any court having jurisdiction over delinquent, neglected or dependent children; "state" means any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and "residence" or any variant thereof means a place at which a home or regular place of abode is maintained.

ARTICLE IV Return of Runaways

(a) That the parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, person or agency may petition the appropriate court in the demanding state for the issuance of a requisition for his return. The

petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile's custody, the circumstances of his running away, his location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering his own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner's entitlement to the juvenile's custody is based, such as birth certificates, letter of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purpose of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not he is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel his return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, he shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person or agency entitled to his legal custody, and that it is in the best interest and for the protection of such juvenile that he be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is pending in the court at the time when such juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of a court in the state, who shall inform him of the demand made for his return, and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such juvenile over to the officer whom the court demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of a parent, guardian, person or agency entitled to his legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for his own protection and welfare, for such a time not exceeding ninety days as will enable his return to another state party to this compact pursuant to a requisition for his return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein he is found any criminal charge, or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(b) That the state to which a juvenile is returned under this article shall be responsible for payment of the transportation cost of such return.

(c) That "juvenile" as used in this article means any person who is a minor under the law of the state of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

ARTICLE V Return of Escapees and Absconders

(a) That the appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody he has escaped shall present to the appropriate

court or to the executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of his adjudication as a delinquent juvenile, the circumstances of the breach of the terms of his probation or parole or of his escape from an institution or agency vested with his legal custody or supervision, and the location of such delinquent juvenile, if known, at the time the requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform him of the demand made for his return and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, he must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding ninety days, as will enable his detention under a detention order issued on a requisition pursuant to this article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision, there is pending in the state wherein he is detained any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(b) That the state to which a delinquent juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.

ARTICLE VI Voluntary Return Procedure

That any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, and any juvenile who has run away from any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provision of Article IV (a) or of Article V (a), may consent to his immediate return to the state from which he absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and his counsel or guardian ad litem if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, consent to his return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of his rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the state in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver him to the duly accredited officer or officers of the state demanding his return, and shall *cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned, order him to return unaccompanied to such state and shall provide him with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which said juvenile or delinquent juvenile is ordered to return.*

ARTICLE VII Cooperative Supervision of Probationers and Parolees

(a) That the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact (herein called "receiving state") while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted the sending state may transfer supervision accordingly.

(b) That each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.

(c) That, after consultation between the appropriate authorities of the sending state and of the receiving state as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending state may enter a receiving state and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending state to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving state, but if, at the time the sending state seeks to retake a delinquent juvenile on probation or parole, there is pending against him within the receiving state any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for any act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending state shall be permitted to transport delinquent juveniles being so returned through any and all states party to this compact, without interference.

(d) That the sending state shall be responsible under this article for paying the costs of transporting any delinquent juvenile to the receiving state or of returning any delinquent juvenile to the sending state.

ARTICLE VIII Responsibility for Costs

(a) That the provisions of Articles IV (b), V (b) and VII (d) of this compact shall not be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(b) That nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to Articles IV (b), V (b) or VII (d) of this compact.

ARTICLE IX Detention Practices

That, to every extent possible, it shall be the policy of states party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail or lockup nor be detained or transported in association with criminal, vicious or dissolute persons.

ARTICLE X Supplementary Agreements

That the duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the cooperative care, treatment and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall (1) provide the rates to be paid for the care, treatment and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished; (2) provide that the delinquent juvenile shall be given a court hearing prior to his being sent to another state for care, treatment and custody; (3) provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile; (4) provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another state; (5) provide for reasonable inspection of such institutions by the sending state; (6) provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to his being sent to another state; and (7) make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the cooperating states.

ARTICLE XI Acceptance of Federal and Other Aid

That any state party to this compact may accept any and all donations, gifts and grants of money, equipment and services from the federal or any local government, or any agency thereof and from any person, firm or corporation, for any of the purposes and functions of this compact, and may receive and utilize the same subject to the terms, conditions and regulations governing such donations, gifts and grants.

ARTICLE XII Compact Administrators

That the governor of each state party to this compact shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XIII Execution of Compact

That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

ARTICLE XIV Renunciation

That this compact shall continue in force and remain binding upon each executing state until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto. The duties and obligations of a renouncing state under Article VII hereof shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under Article X hereof shall be subject to renunciation as provided by such supplementary agreements, and shall not be subject to the six months' renunciation notice of the present article.

ARTICLE XV Severability

That the provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstances shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

SECTION 57. A NEW SECTION OF KRS CHAPTER 615 IS CREATED TO READ AS FOLLOWS:

The following provisions apply to the compact described in Section 56 of this Act:

(1) Pursuant to said compact, the governor is hereby authorized and empowered to designate an officer who shall be the compact administrator and who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms of the compact. Said compact administrator shall serve subject to the pleasure of the governor. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact or of any supplementary agreement or agreements entered into by this state thereunder.

(2) The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to the compact. In the event that such supplementary agreement shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, said supplementary agreement shall have no force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service.

(3) The compact administrator, subject to the approval of the secretary of the finance and administration cabinet, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder.

(4) The courts, departments, agencies and officers of this state and its subdivisions shall enforce this compact and shall do all things appropriate to the effectuation of its purposes and intent which may be within their respective jurisdictions.

(5) In addition to any procedure provided in articles IV and VI of Section 56 of this Act for the return of any runaway juvenile, the particular states, the juvenile or his parents, the courts, or other legal custodian involved may agree upon and adopt any other plan or procedure legally authorized under the laws of this state and the other respective party states for the return of any such runaway juvenile.

(6) The governor is further authorized and directed to execute, with any other state or states legally joining in the same, an additional article to said compact in the form substantially as follows and upon enactment of Section 56 of this Act, the Commonwealth of Kentucky shall be deemed a party to the interstate compact on juveniles and shall be deemed to have contracted with each state joining therein:

That this article shall provide additional remedies, and shall be binding only as among and between those party states which specifically execute the same.

For the purposes of this article, "child," as used herein, means any minor within the jurisdictional age limits of any court in the home state.

When any child is brought before a court of a state of which such child is not a resident, and such state is willing to permit such child's return to the home state of such child, such home state, upon being so advised by the state in which such proceeding is pending, shall immediately institute proceedings to determine the residence and jurisdictional facts as to such child in such home state, and upon finding that such child is in fact a resident of said state and subject to the jurisdiction of the court thereof, shall within five (5) days authorize the return of such child to the home state, and to the parent or custodial agency legally authorized to accept such custody in such home state, and at the expense of such home state, to be paid from such funds as such home state may procure, designate, or provide, prompt action being of the essence.

(7) The governor is further authorized and directed to execute, with any other state or states legally joining in the same, and upon enactment of Section 56 of this Act, the Commonwealth of Kentucky shall be deemed a party to the interstate compact on juveniles and shall be deemed to have contracted with each state joining therein, an amendment to said compact in the form substantially as follows:

Amendment to the Interstate Compact on Juveniles,

Concerning Interstate Rendition of Juveniles

Alleged to be Delinquent

(a) This amendment shall provide additional remedies, and shall be binding only as among and between those party states which specifically execute the same.

(b) All provisions and procedures of article V and VI of the interstate compact on juveniles shall be construed to apply to any juvenile charged with being a delinquent by reason of a violation of any criminal law. Any juvenile charged with being a delinquent by reason of violating any criminal law shall be returned to the requesting state upon a requisition to the state where the juvenile may be found. A petition in such case shall be filed in a court of competent jurisdiction in the requesting state where the violation of criminal law is alleged to have been committed. The petition may be filed regardless of whether the juvenile has left the state before or after the filing of the petition. The requisition described in article V of the compact shall be forwarded by the judge of the court in which the petition has been filed.

SECTION 58. A NEW SECTION OF KRS CHAPTER 615 IS CREATED TO READ AS FOLLOWS:

The interstate compact on the placement of children is hereby enacted into law and entered into with all other jurisdictions legally joined therein in form substantially as follows:

ARTICLE I Purpose and Policy

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II Definitions

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

(b) "Sending agency" means a party state, officer or employe thereof; a subdivision of a party state, or officer or employe thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for the mentally ill, mentally defective or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

ARTICLE III Conditions for Placement

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public

authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) The name, date and place of birth of the child.

(2) The identity and address or addresses of the parents or legal guardian.

(3) The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring, or place the child.

(4) A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV Penalty For Illegal Placement

This sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place or care for children.

ARTICLE V Retention of Jurisdiction

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one (1) or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph (a) hereof.

ARTICLE VI Institutional Care of Delinquent Children

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

(1) Equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII Compact Administrator

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE VIII Limitations

This compact shall not apply to:

(a) The sending or bringing of a child into a receiving state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or his guardian and leaving the child with any such relative or non-agency guardian in the receiving state.

(b) Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

ARTICLE IX Enactment and Withdrawal

This compact shall be open to joinder by any state, territory or possession of the United States, the District of Columbia, The Commonwealth of Puerto Rico, and, with the consent of Congress, the Government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two (2) years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

ARTICLE X Construction and Severability

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the states affected as to all severable matters.

SECTION 59. A NEW SECTION OF KRS CHAPTER 615 IS CREATED TO READ AS FOLLOWS:

The following provisions apply to the compact described in Section 58 of this Act:

(1) The following definitions apply to Section 58 of this Act:

(b) The officers and agencies of this state and its subdivisions having authority to place children are hereby empowered to enter into agreements with appropriate officers or agencies of or in another party state pursuant to paragraph (b) of article V of the interstate compact on the placement of children. Any such agreement which contains a financial commitment or imposes a financial obligation on this state or subdivision or agency thereof shall not be binding unless it has the approval in writing of the secretary of the department of finance in the case of the state and of the chief local fiscal officer in the case of a subdivision of the state.

(3) Any court having jurisdiction to place delinquent children may place such a child in an institution of or in another state pursuant to article VI of the interstate compact on the placement of children and shall retain jurisdiction as provided in article V of Section 58 of this Act thereof.

(4) No person or institution shall bring or send, or cause to be brought or sent, a dependent child into this state from another state for the purpose of placing him in a family home, either with or without indenture or for adoption, without first filing a ten thousand dollar ($10,000) bond with the county judge/executive of the county in which the child is to be placed.

(5) The bond shall be conditioned as follows:

(a) That they will not bring or send, or cause to be brought or sent, into this state any child that is incorrigible or of unsound mind or body or who has any contagious or incurable disease;

(b) That they will immediately, upon placing the child, report to the department the name and age of the child, and the name and residence of the person with whom he is placed;

(d) That if the child is convicted of a crime or misdemeanor and is imprisoned, within five (5) years of the time of his arrival, they will remove the child from the state immediately upon his release;

(e) That they will place each dependent child by written contract with a person who will furnish the child a proper home, and will make the person receiving the child responsible for its proper care, education and training;

(f) That they will properly supervise the care and training of the child, and visit each child at least once a year;

(g) That they will make such reports to the department as the department requires.

(6) The provisions of Section 58 of this Act shall not apply to a parent, stepparent, grandparent, adult brother or sister, or adult uncle or aunt going to any other state or country and bringing a child into this state for the purpose of giving it a home in his own family, and may be waived by the department for any child brought into the state under the supervision of the division or licensed child-caring or child-placing institution or agency by written agreement with the responsible agency of the other state or country, or under special circumstances agreed to in writing by the cabinet and the persons wishing to import a child.

(7) The provisions of subsections (4) and (5) of this section shall not apply to placements made pursuant to the interstate compact on the placement of children.

(2) Any person who upon thirty (30) days' notice fails to remove a child from the state when required to do so under a bond as provided in paragraph (c) or (d) of subsection (5) of Section 59 of this Act shall forfeit one thousand dollars ($1,000), to be recovered upon the bond by a suit in the name of the county in which the bond is filed.

SECTION 62. KRS CHAPTER 620 IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

In addition to the purposes set forth in Section 1 of this Act, this chapter shall be interpreted to effectuate the following express legislative purposes regarding the treatment of dependent, neglected and abused children. SECTION 65. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

The cabinet also shall investigate reports of alleged dependency and neglect but need not notify the local law enforcement agency or Kentucky state police or county attorney or commonwealth's attorney of such reports.

(3) (a) If, after receiving the report, the law enforcement officer, the cabinet or its designated representative cannot gain admission to the location of the child, a search warrant shall be issued by the judge to the appropriate law enforcement official upon probable cause that the child is dependent, neglected or abused. If, pursuant to a search under a warrant a child is discovered and appears to be in imminent danger, the child may be removed by the law enforcement officer;

(b) In the event a child who is in a hospital or under the immediate care of a physician appears to be in imminent danger if he is returned to the persons having custody of him, the physician or hospital administrator may hold a child without court order provided that a request is made to the court for an emergency custody order at the earliest practicable time, not to exceed seventy-two (72) hours;

(c) Any appropriate law enforcement officer may take a child into protective custody and may hold that child in protective custody without the consent of the parent or other person exercising custodial control or supervision, if the officer has reasonable cause to believe that there exists an imminent danger. (d) When a law enforcement officer, hospital administrator, or physician takes a child into custody without the consent of the parent or other person exercising custodial control or supervision, he shall provide written notice to the parent or other person stating the reasons for removal of the child. Failure of the parent or other person to receive notice shall not, by itself, be cause for civil or criminal liability.

SECTION 66. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

(1) Anyone acting upon reasonable cause in the making of a report or acting under Sections 64 to 66 of this Act in good faith shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed. Any such participant shall have the same immunity with respect to participation in any judicial proceeding resulting from such report or action.

(2) Neither the husband-wife nor any professional-client/patient privilege, except the attorney-client and clergy-penitent privilege, shall be a ground for refusing to report under this section or for excluding evidence regarding a dependent, neglected or abused child or the cause thereof, in any judicial proceedings resulting from a report pursuant to this section. This subsection shall also apply in any criminal proceeding in district or circuit court regarding a dependent, neglected or abused child.

(3) Upon receipt of a report of an abused or neglected child pursuant to this section, the cabinet as the designated agency or its delegated representative shall initiate a prompt investigation, take necessary action and shall offer protective services toward safeguarding the welfare of the child. The cabinet shall work toward preventing further dependency, neglect or abuse of the child or any other child under the same care, and preserve and strengthen family life, where possible, by enhancing parental capacity for adequate child care.

(4) All information obtained by the cabinet or its delegated representative, as a result of an investigation made pursuant to this section, shall not be divulged to anyone except:

(a) Persons suspected of causing dependency, neglect or abuse, provided that in such cases names of informants shall be withheld unless ordered by the court;

Such photographs and X-rays or results of other medical diagnostic procedures may be introduced into evidence in any subsequent judicial proceedings. The person performing the diagnostic procedures or taking such photographs or X-rays shall be immune from criminal or civil liability for having performed the act. Nothing herein shall limit liability for negligence.

SECTION 67. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

(1) The court for the county where the child is present may issue an ex parte emergency custody order when it appears to the court that there are reasonable grounds to believe, as supported by affidavit or by recorded sworn testimony that the child will be dependent, neglected or abused if returned, to, or left in the custody of, his parent or other person exercising custodial control or supervision. Custody may be placed with a relative taking into account the wishes of the custodial parent or any other appropriate person or agency including the cabinet

(2) A finding of jurisdiction under Chapter 620 of this Act shall not necessarily preclude a finding of jurisdiction under KRS Chapter 625, 630, or 635; however, jurisdiction under Chapter 620 of this Act shall take precedence. No child shall be released from the jurisdiction of the court under this chapter if concurrent complaints under KRS Chapter 630 or 635 are pending.

(3) An emergency custody order shall be effective no longer than seventy-two (72) hours, exclusive of weekends and holidays, unless there is a temporary removal hearing with oral or other notice to the county attorney and the parent or other person exercising custodial control or supervision of the child, to determine if the child should be held for a longer period. The seventy-two (72) hour period also may be extended or delayed upon the waiver or request of the child's parent or other person exercising custodial control or supervision.

(4) Any person authorized to serve process shall serve the parent or other person exercising custodial control or supervision with a copy of the emergency custody order. If such person cannot be found, the sheriff shall make a good faith effort to notify the nearest known relative, neighbor, or other person familiar with the child.

(5) Within twenty-four (24) hours of the issuance of an emergency custody order or the taking of a child into custody without the consent of his parent or other person exercising custodial control or supervision, a complaint shall be filed pursuant to this chapter.

(6) Nothing herein shall preclude the issuance of arrest warrants pursuant to the rules of criminal procedure.

SECTION 68. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

(1) A dependency, neglect or abuse action may be commenced by the filing of a complaint by any interested person in the juvenile session of the district court.

(2) After a complaint has been filed, the clerk of the court shall issue and the sheriff or other authorized agent shall serve a copy of the complaint and a summons to the parent or other person exercising custodial control or supervision, unless their identity or location is unknown, in which case the petition and summons shall be issued to the nearest known adult relative.

(3) The summons shall include an explanation of the importance of the complaint and an explanation of the rights of the parent or other person exercising custodial control in any subsequent proceedings. The summons shall emphasize the importance of immediately contacting the court about legal representation and to be advised of the date, time and place when the parent or other person exercising custodial control or supervision is to appear before the court.

SECTION 69. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

(1) Unless waived by the child and his parent or other person exercising custodial control or supervision, a temporary removal hearing shall be held:

(a) Within seventy-two (72) hours, excluding weekends and holidays, of the time when an emergency custody order is issued or when a child is taken into custody without the consent of his parent or other person exercising custodial control or supervision; and

(b) In cases commenced by the filing of a complaint, within ten (10) days of the date of filing.

(2) At a temporary removal hearing, the court shall determine whether there are reasonable grounds to believe that the child would be dependent, neglected or abused if returned to or left in the custody of his parent or other person exercising custodial control or supervision even though it is not proved conclusively who has perpetrated the dependency, neglect or abuse. For good cause, the court may allow hearsay evidence. The Commonwealth shall bear the burden of proof by a preponderance of the evidence and if the Commonwealth should fail to establish same, the child shall be released to or retained in the custody of his parent or other person exercising custodial control or supervision.

SECTION 70. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

(1) If, after completion of the temporary removal hearing, the court finds there is reasonable grounds to believe the child is dependent, neglected or abused, the court shall issue an order for temporary removal and shall grant temporary custody to the cabinet or other appropriate person or agency. The order shall state the

specific reasons for removal and show that alternative less restrictive placements and services have been considered. The court may recommend a placement for the child.

(2) In placing a child following a temporary removal, the cabinet or its designee shall use the least restrictive appropriate placement available. Preference shall be given to available and qualified relatives of the child considering the wishes of the parent or other person exercising custodial control or supervision if known. The child may also be placed in a facility or program operated or approved by the cabinet, including a foster home; or any other appropriate available placement.

(3) If the court finds there are not reasonable grounds to believe the child is dependent, neglected or abused, or if no action is taken within seventy-two (72) hours, the emergency custody order shall be dissolved automatically and the cabinet or its designee shall return the child to the parent or other person exercising custodial control or supervision. A request for a continuance of the hearing by the parent or other person exercising custodial control or supervision shall constitute action precluding automatic dissolution of the emergency custody order.

(4) When the court issues a temporary order for the custody of a child, the court may cause a child to receive a thorough medical, visual, and dental examination, within two (2) weeks by a professional authorized by the Kentucky Revised Statutes to conduct such examinations. The costs of the examination shall be paid by the cabinet.

(5) No temporary custody order shall be effective for more than twenty-one (21) days unless an adjudicatory hearing on the merits of the case is begun within the twenty-one (21) day period. The twenty-one (21) day period may be waived by the parent or other person exercising custodial control or supervision of the child or their attorney or the attorney for the child.

SECTION 71. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

(1) If the court determines, as a result of a temporary removal hearing, that further proceedings are required, the court shall advise the child and his parent or other person exercising custodial control or supervision of their right to appointment of separate counsel:

(a) The court shall appoint local private counsel for the child to be paid for by the cabinet for finance and administration. The fee to be fixed by the court, shall not exceed $500 provided, however, if the action has final disposition in the district court, the fee shall not exceed $250;

(b) The court shall appoint separate counsel for the parent who exercises custodial control or supervision, if the parent is unable to afford counsel pursuant to KRS Chapter 31. The parent's counsel shall be provided by, or paid for, by the cabinet for finance and administration. The fee to be fixed by the court, shall not exceed $500 provided, however, if the action has final disposition in the district court, the fee shall not exceed $250;

(c) The court may, in the interest of justice, appoint separate counsel for a non-parent who exercises custodial control or supervision of the child, if such person is unable to afford counsel, pursuant to KRS Chapter 31. Counsel for such person shall be provided by, or paid for, by the cabinet for finance and administration. The fee to be fixed by the court, shall not exceed $500 provided, however, if the action has final disposition in the district court, the fee shall not exceed $250.

(2) If the court determines that further proceedings are required, the court also shall advise the child and his parent or other person exercising custodial control or supervision that they have a right to not incriminate themselves, and a right to a full adjudicatory hearing at which they may confront and cross-examine all adverse witnesses, present evidence on their own behalf and to an appeal. The full adjudicatory hearing shall be held within twenty-one (21) days of the temporary custody order unless the parent or other person exercising custodial control or supervision specifically waives the twenty-one (21) day limit.

(3) The adjudication shall determine the truth or falsity of the allegations in the complaint. The burden of proof shall be upon the complainant, and a determination of dependency, neglect and abuse shall be made by a preponderance of the evidence. The Kentucky rules of civil procedure shall apply.

(4) The disposition shall determine the action to be taken by the court on behalf of the child and his parent or other person exercising custodial control or supervision.

SECTION 72. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

Any person aggrieved by the issuance of a temporary removal order may file a petition in circuit court for immediate entitlement to custody and a hearing shall be expeditiously held according to the rules of civil procedure. During the pendency of the petition for immediate entitlement the orders of the district court shall remain in effect.

SECTION 73. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

In cases where criminal charges arising out of the same transaction or occurrence are filed against an adult alleged to be the perpetrator of child abuse or neglect, such charges shall be tried separately from the adjudicatory hearing held pursuant to Chapter 620 of this Act.

SECTION 74. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

(1) In any proceeding under this chapter, when the court is petitioned to remove or continue the removal of a child from the custody of his parent or other person exercising custodial control or supervision, the court shall first consider whether the child may be reasonably protected against the alleged dependency, neglect or abuse, by alternatives less restrictive than removal. Such alternatives may include, but shall not be limited to, the provision of medical, educational, psychiatric, psychological, social work, counseling, day care, or homemaking services with monitoring wherever necessary by the cabinet or other appropriate agency. Where the court specifically finds that such alternatives are adequate to reasonably protect the child against the alleged dependency, neglect or abuse, the court shall not order the removal or continued removal of the child.

(2) If the court orders the removal or continues the removal of the child, services provided to the parent and the child shall be designed to promote the return of the child to his home as soon as possible. The cabinet shall develop a treatment plan for each child designed to meet the needs of the child. The cabinet may change the child's placement or treatment plan as the cabinet may require. The cabinet shall notify the committing court of the change, in writing, within fourteen (14) days after the change has been implemented.

SECTION 75. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

In determining the disposition of all cases brought on behalf of dependent, neglected or abused children, the juvenile session of the district court, in the best interest of the child, shall have, but shall not be limited to, the following dispositional alternatives:

(1) Informal adjustment of the case;

(2) Protective orders, such as the following:

(a) Requiring the parent or any other person to abstain from any conduct abusing, neglecting or making the child dependent;

(b) That the child be placed in his own home under supervision of the cabinet or its designee with services as determined to be appropriate by the cabinet;

(c) Orders authorized by KRS 403.740 and 403.750.

(3) Removal of the child to the custody of an adult relative, other person, or child caring or placing facility, taking into consideration the wishes of the parent or other person exercising custodial control or supervision. Before any child is committed to the cabinet or placed out of his home under the supervision of the cabinet, the court shall determine that reasonable efforts have been made by the court or the cabinet to prevent or eliminate the need for removal and that continuation in the home would be contrary to the welfare of the child.

(4) Commitment of the child to the custody of the cabinet for placement for an indeterminate period of time not to exceed his attainment of the age eighteen (18). The court, in its discretion, upon motion of the child, may authorize an extension of commitment up to age twenty-one (21) for the purpose of the child's participating in state or federal educational programs.

SECTION 76. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

Following an order that a child shall be removed from his home, the cabinet shall establish such terms and conditions of visitation with the child after consultation with the parent or other person exercising custodial control or supervision of the child. If the parent or other person is dissatisfied with the visitation schedule, they may petition the court for review of the visitation schedule. The court, after reviewing all of the circumstances surrounding the case, may alter the visitation schedule if it finds the schedule set up by the cabinet has been arbitrary or unreasonable.

SECTION 77. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

Upon attaining majority or becoming emancipated, a child may make a motion for the sealing of records relating to a complaint filed under this chapter. In its discretion, the court may order the record unsealed for good cause shown.

SECTION 78. A NEW SECTION OF KRS CHAPTER 620 IS CREATED TO READ AS FOLLOWS:

(1) The cabinet may accept custody of a child who is voluntarily committed to the cabinet by the child's parent. However, the cabinet shall refuse to accept any child on a voluntary commitment unless adequate facilities, funds, and resources are available to care for the child, and the secretary finds that commitment would be in the best interest of the child.

(2) As a condition of any voluntary commitment, the cabinet may enter into an agreement with the parent or person exercising custodial control or supervision of the child consenting to the commitment to pay an agreed sum for the care and treatment of the child. The sum shall be determined by the needs of the child and by the ability of the parent or other person exercising custodial control or supervision to pay.

(3) In the case of voluntary commitment, the cabinet may expend funds necessary to give the child all services available to any committed child including, but not limited to, diagnosis, treatment, foster care, day care, institutional care and treatment, and necessary medical, psychological and psychiatric care.

(4) Any person who has consented to a child's voluntary commitment may request the release of the child in writing addressed to the cabinet. The cabinet shall within ten (10) days release the child, or, if in the opinion of the cabinet it would be in the best interest of the child to remain in the custody of the cabinet, a complaint shall be filed in the court of the county of residence of the child as provided in Sections 64 through 66 of this Act.

(5) If, following a hearing on the matter, the court determines that the child can no longer benefit from those services offered by the cabinet, or that the parent or person exercising custodial control or supervision is capable of providing proper care, the child may be returned at once to the care of his parent or other person exercising custodial control or supervision, or to a third person mutually agreed upon.

(2) The cabinet shall promulgate administrative regulations to provide the following:

Within one (1) week of the temporary removal hearing provided for in this chapter, a case conference shall be held on all children placed with the cabinet for the purpose of establishing a specific treatment plan which may include preventive and reunification services for the child and his parent or other person exercising custodial control or supervision. Additional case conferences and reviews shall be held as appropriate, but shall be held at least every six (6) months. The parent or other person exercising custodial control or supervision and his counsel, if any, shall have the right to be present at and participate in such conferences. Notice of such conferences shall be given to the parent or other person exercising custodial control or supervision and his attorney of record, if any. The county attorney may attend but shall not be required to participate in conference and reviews under this section.

(1) In any action for termination of parental rights, service upon the parties shall be accomplished by personal service where possible or constructive service where personal service is not possible, pursuant to the Kentucky rules of civil procedure.

(2) No service shall be necessary if a disclaimer of paternity or a petition for voluntary termination of parental rights has been executed by a parent or alleged parent and has been filed with the petition for termination of parental rights, or an order terminating parental rights has been entered by a circuit court of competent jurisdiction.

SECTION 104. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

In any voluntary or involuntary action for termination of parental rights:

(1) The circuit court shall conduct a private hearing. An official stenographic record shall be made of the proceedings. The court will make findings of fact and conclusions of law to support its judgment.

(2) Any child to whom an involuntary action directly relates shall be made a party to the action and a guardian ad litem shall be appointed as to represent the best interest of the child. The person appointed as a guardian ad litem shall be paid a fee not to exceed five hundred dollars ($500), to be paid by the cabinet for finance and administration. Upon motion of any party, the child may be permitted to be present during the proceedings and to testify if the court finds such to be in the best interest of the child. In its discretion, the circuit court may interview the child in private, but a record of the interview will be made, which, in the discretion of the court, may be sealed to be used only by an appellate court.

(3) The parents have the right to legal representation. If the court finds that a parent who is a party in an action for involuntary termination of parental rights does not have legal representation, the circuit court shall determine if said parent is indigent and, therefore, entitled to counsel pursuant to KRS Chapter 31. If the circuit court so finds, the circuit court shall inform the parent, if notification is possible, of his right to counsel. Upon request or if it appears reasonably necessary in the interest of justice, the circuit court shall appoint an attorney to represent the parent pursuant to KRS Chapter 31 to be provided by, or paid for, by the cabinet for finance and administration to be set by the court and not to exceed five hundred dollars ($500).

(4) The circuit court may be convened at any time wherever the judge thereof may be found within the circuit, respective of the regular term for the purpose of terminating parental rights and the proceedings shall be expedited and completed as soon as practicable.

(5) Notwithstanding the provisions of the Kentucky Rules of Civil Procedure, the boarding home or foster parent shall not be served with summons on behalf of the child.

(6) If the parental rights of all living parents of the child are terminated, the circuit court shall declare the child to be a ward of the state, and vest the care, custody and control of the child in the cabinet, or in any

licensed child-caring or child-placing agency or institution. If the child has a parent or parents whose rights have not been terminated by the proceedings, the child shall not be declared a ward of the state, unless the voluntary consent of the other parent or parents has been obtained or unless in the same proceeding the circuit court shall find that the other parent has filed a disclaimer of paternity or has voluntary petitioned the court to terminate his parental rights.

SECTION 105. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) The circuit court may involuntarily terminate all parental rights of a parent of a child, if the circuit court finds from the pleadings and by clear and convincing evidence that the child has been adjudged to be an abused or neglected child by a court of competent jurisdiction or is found to be an abused and neglected child by the circuit court in this proceeding and that termination would be in the best interest of the child; provided, however, that no termination of parental rights shall be ordered unless the circuit court also finds by clear and convincing evidence the existence of one (1) or more of the following grounds:

(a) That the parent has abandoned the child for a period of not less than six (6) months;

(b) That the parent has inflicted or allowed to be inflicted upon the child by other than accidental means, serious physical injury;

(c) That the parent has continuously or repeatedly inflicted or allowed to be inflicted upon the child, by other than accidental means, physical injury or emotional harm;

(d) That the parent, for a period of not less than six (6) months, has continuously or repeatedly failed or refused to provide or has been substantially incapable of providing essential parental care and protection for the child and that there is no reasonable expectation of improvement in parental care and protection, considering the age of the child;

(e) That the parent has caused or allowed the child to be sexually abused or exploited; or

(f) That the parent, for reasons other than poverty alone, has continuously or repeatedly failed to provide or is incapable of providing essential food, clothing, shelter, medical care or education reasonably necessary and available for the child's well-being and that there is no reasonable expectation of significant improvement in the parent's conduct in the immediately foreseeable future, considering the age of the child.

(2) In determining the best interest of the child and the existence of a ground for termination, the circuit court shall consider all relevant factors including:

(a) Emotional illness, mental illness or mental deficiency of the parent as certified by a qualified mental health professional, which renders the parent consistently unable to care for the immediate and ongoing physical or psychological needs of the child for extended periods of time;

(b) Acts of abuse or neglect toward any child in the family;

(c) If the child has been placed with the cabinet or a child-placing or child-caring agency, whether the cabinet has rendered or attempted to render all reasonable services to the parent which reasonably might be expected to bring about a reunion of the family, including the parent's testimony concerning such services and whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within a reasonable period of time, considering the age of the child;

(d) The efforts and adjustments the parent has made in his circumstances, conduct or conditions to make it in the child's best interest to return him to his home within a reasonable period of time, considering the age of the child;

(e) The physical, emotional and mental health of the child and the prospects for the improvement of the child's welfare if termination is ordered; and

(f) The payment or the failure to pay a reasonable portion of substitute physical care and maintenance if financially able to do so.

(3) If the parent proves the following to the satisfaction of the court, the court in its discretion may determine not to terminate parental rights:

(a) That serious physical injury to the child will not occur in the future;

(b) That continuous or repeated physical injury or emotional harm to the child will not occur in the future; or

(c) That sexual abuse or exploitation will not occur in the future.

SECTION 106. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) If the circuit court determines that all parties with parental rights to the child under the law have either petitioned the court to have their parental rights terminated voluntarily or have had their rights terminated involuntarily by an order entered by a court of competent jurisdiction, and that the termination of parental rights and their transfer of custody are in the best interest of the child, and that each petitioner is fully aware of the purpose of the proceedings and the consequences of the provisions of this chapter, it shall make an order terminating all parental rights and obligations in the parent in whom they have existed, and releasing the child from all legal obligations to his parents, and transferring such custody to some other person or authorized agency or cabinet as may, in the opinion of the court, be best qualified to receive custody, except that the child shall retain the right to inherit from his parents under the laws of descent and distribution until the child is adopted. Such order may contain the power for the cabinet, or authorized agency to consent to the adoption of such child.

(2) Any order resulting from the voluntary termination of parental rights of any person under the provisions of this chapter, including the caption of the order, shall contain only the name of the child, without any reference whatsoever to the names of the parents whose rights have been terminated. Such order shall be duly recorded in the order book of the circuit court and a certified copy of the order given to the petitioner and to the cabinet upon request if the cabinet is not a petitioner. Such order may contain a statement of authority to place the child for adoption.

(3) Where parental rights have been terminated pursuant to this section all legal relationships between the parents and child shall cease to exist, the same as if the relationship of parent and child had never existed, except that the child shall retain the right to inherit from his parents under the laws of descent and distribution until the child is adopted.

(4) The files and records of the circuit court during proceedings for termination of parental rights shall not be open to inspection by persons other than parties to such proceedings, their attorneys, and representatives of the cabinet except under order of the court expressly permitting inspection. Upon the entry of the final order in the case, the clerk shall place all papers and records in the case in a suitable envelope which shall be sealed and shall not be open for inspection by any person except on written order of the court; provided, that the representatives of the cabinet shall have access to the papers and records of the case without a written order of the court. No person having charge of any termination records shall disclose the names of any parties appearing in such records or furnish any copy of any such records, except upon order of the court which entered the judgment of termination; however, this provision is not meant to prohibit the disclosure of facts necessary in order for a person to secure a court order for a copy of the termination order to be used in an adoption proceeding. The clerk of the circuit court shall set up a separate docket and order book for termination cases and these files and records shall be kept locked.

SECTION 107. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) Any order for the involuntary termination of parental rights shall be conclusive and binding on all parties, except that an appeal may be taken from a judgment or order of the circuit court involuntarily terminating parental rights in accordance with the Kentucky rules of civil procedure and Kentucky Supreme Court rules.

(2) Any order entered as a result of the voluntary termination of parental rights shall be conclusive and binding on all parties and no appeal may be taken from a judgment of voluntary termination.

(d) If there is an existing commitment release the child to the custody of the cabinet;

(7) The peace officer taking the child into custody shall within three (3) hours of taking a child into custody file a complaint with the court, stating the status offense charged by KRS number and the reason why the child was not released to the parent or other adult exercising custodial control or supervision of the child, relative or other responsible adult, a court-designated agency, an emergency shelter or medical facility. SECTION 115. A NEW SECTION OF KRS CHAPTER 630 IS CREATED TO READ AS FOLLOWS:

No child shall be placed in a secure detention facility as a means or form of punishment. When a child is detained as provided in Section 112 of this Act for the alleged commission of an offense as provided in Section 110 of this Act and not released, a detention hearing shall be held as soon as is practical, but within forty-eight (48) hours of the detention exclusive of weekends and holidays.

SECTION 116. A NEW SECTION OF KRS CHAPTER 630 IS CREATED TO READ AS FOLLOWS:

In order for the court to detain the child in a secure detention facility after the forty-eight (48) hour period, the Commonwealth shall establish probable cause at the detention hearing that:

(1) A status offense has been committed and that the child committed the offense. If the Commonwealth fails to establish these grounds, the complaint shall be dismissed and the child shall be released. If the grounds are established, the child may be held in secure detention as provided in subsection (3) of Section 112 of this Act pending an adjudicatory hearing only if the Commonwealth shows probable cause to believe that:

(a) All alternatives to secure detention have been exhausted; and

For good cause the court may allow the admission of hearsay evidence.

(3) The court shall first determine that all appropriate remedies have been considered and exhausted to assure that the least restrictive alternative method of treatment is utilized.

(4) The court may order the child and his family to participate in any programs which are necessary to effectuate a change in the child and the family.

(5) When all appropriate resources have been reviewed and considered insufficient to adequately address the

SECTION 123. A NEW SECTION OF KRS CHAPTER 630 IS CREATED TO READ AS FOLLOWS:

Any person who violates any provision of this chapter shall be guilty of a Class B misdemeanor.

SECTION 124. KRS CHAPTER 635 IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

(1) In each district court the court-designated worker shall receive complaints alleging that a public offense has been committed. All cases governed by KRS Chapter 640 shall be set for arraignment. All other public offenses shall be proceeded against in accordance with the following:

(a) The county attorney shall cause a review to be made of each complaint. The purpose of this review shall be to determine from the available evidence whether there are reasonable grounds to believe that the alleged facts would constitute a public offense and are sufficiently serious to warrant court action. The county attorney may elect not to proceed with the complaint and shall retire the complaint.

(b) In the event the county attorney elects to proceed, the court-designated worker shall make a preliminary determination as to whether the complaint is complete, consulting with the county attorney or designee as may be necessary. In any case where the court-designated worker finds that the complaint is incomplete, the court-designated worker shall return the complaint without delay to the person or agency originating the complaint or having knowledge of the facts, or to the appropriate law enforcement agency having investigative jurisdiction of the offense, and request, and the complainant shall promptly thereafter furnish, additional information in order to complete the complaint. If the court-designated worker determines that the complaint is complete, he shall conduct a preliminary intake inquiry concerning such complaint to determine whether in the interest of justice the complaint can be resolved informally without the filing of a petition. The court-designated worker may recommend that a petition be filed. Prior to conducting a preliminary intake inquiry, the court-designated worker shall notify the child and the child's parent, guardian or other person exercising custodial control or supervision of the child in writing:

1. Of their opportunity to be present at the preliminary intake inquiry;

2. Of their right to have counsel present during the preliminary intake inquiry as well as the formal conference thereafter;

3. That their participation in the preliminary intake inquiry or any resulting plan of diversion is voluntary;

4. That all information gained by virtue of participation in the preliminary intake inquiry is privileged and that said privilege can be waived only with the consent of the child; and

5. That the child has the right to deny the charge and demand a formal court hearing.

(c) Upon the completion of the preliminary intake inquiry, the court-designated worker shall conduct a formal conference at which time he shall present information obtained at the preliminary intake inquiry to the child and the child's parents or other person exercising custodial control or supervision. The court-designated worker shall set forth in writing alternative referral programs available to the child and the criteria the court-designated worker used to determine whether to proceed with a diversionary agreement or whether to refer the matter for the filing of a public offense petition. If the court-designated worker determines that, in his judgment, the interests of the child and the public will be thereby best served, he may recommend that a public offense petition not be filed. If such a recommendation is made, the court-designated worker shall advise in writing the complainant, the victim if any, and the law enforcement agency having investigative jurisdiction of the offense of the recommendation and the reasons therefor and that the complainant may submit within ten (10) days from receipt of such notice a complaint to the county attorney or designee for special review.

(d) The county attorney or designee upon receipt of a request for special review shall consider the facts presented by the complainant and by the court-designated worker who made the recommendation that no petition be filed, before such county attorney or designee makes a final decision as to whether a public offense petition shall or shall not be filed. In all cases in which the child is alleged to have committed a delinquent act and is not detained, the court-designated worker shall submit his written recommendation to the county attorney or designee within twenty (20) days, exclusive of weekends and holidays, from the date the child was taken into custody or the complaint was filed. In cases where the child is in detention, the court-designated worker's report shall be submitted within seventy-two (72) hours of the detention.

(e) In cases where the court-designated worker has recommended that a public offense petition not be filed and the complainant or victim, if any, or law enforcement agency having investigative jurisdiction of the offense has not called for a special review, said worker and the child may enter into a diversionary agreement. Such agreement may include the following: an informal plan of services provided by the court or its staff; referral of the child to a public or private organization, agency or person to assist the child and the child's family to resolve the problems presented in the complaint; referral to a community service program in accordance with the provisions of subsection (1) of Section 129 of this Act; restitution, limited to the amount of actual property or pecuniary loss incurred by the victim, provided that the youth has the means or could acquire the means to make restitution; other such programs or efforts which might reasonably benefit the community and the child. In assessing periods of community service to be performed and restitution to be paid by the youth who has entered into a diversion agreement, the court-designated worker shall to the extent possible involve members of the community. Such members of the community shall meet with the youth and advise the court-designated worker as to the terms of the diversion agreement and shall supervise the youth in carrying out its terms. The diversionary agreement shall not cover a period in excess of six (6) months.

(f) If the terms of the agreement are successfully completed, the court-designated worker shall retire the complaint, the charges shall be considered dismissed and further prosecution is prohibited. In the event the child fails to comply with the terms of the agreement, the court-designated worker shall provide ten (10) days' written notice to the child and the child's parent or other person exercising custodial control or supervision and counsel of his intent to file a public offense petition based upon the original complaint, whereupon the court-designated worker shall meet and confer with the child and the child's parent or other person exercising custodial control and supervision and counsel to consider from the child's viewpoint why a petition should not be filed.

(g) In the event that a complaint is not retired as a result of an agreement or in the event that the child fails to comply with the terms of an agreement and a petition is filed, the court shall proceed with the petition in accordance with the provisions of KRS Chapter 610 as if the agreement had never been formulated. In the event that petition is filed based upon the court-designated worker's determination that the child has failed to comply with the terms of an agreement, the child may upon arraignment of said petition move for dismissal of the petition on the basis that the agreement was substantially complied with.

(2) In the event a public offense petition is filed, it shall be verified by information and belief and contain the information listed in Section 21 of this Act.

SECTION 125. A NEW SECTION OF KRS CHAPTER 635 IS CREATED TO READ AS FOLLOWS:

If a child fourteen (14) or older has been adjudicated delinquent the court in its discretion may order participation in a community services work program. If the child is committed to the cabinet on a previous offense, the child shall be released from commitment if ordered to a work program. (2) The court may deny the petition or may authorize a continuation of the child's hospitalization for a period of no more than one hundred eighty (180) days.

(3) If the child has been represented previously, the same attorney shall continue to represent him at the recertification hearing unless the court determines otherwise for good cause.

(4) The child shall be brought to the court for the initial and subsequent recertification hearings unless the child's physical condition would be threatened.

(5) In evaluating the criteria specified in Section 154 of this Act at a recertification hearing, the court shall

SECTION 157. A NEW SECTION OF KRS CHAPTER 645 IS CREATED TO READ AS FOLLOWS:

(1) When, as a result of mental illness, a child appears in need of immediate hospitalization for observation, diagnosis, or treatment, any interested person may either take the child to a hospital or file a petition for emergency hospitalization. Upon filing a petition, a peace officer may detain the child up to twenty-four (24) hours, excluding weekends and holidays, in a facility other than one listed in Section 42 of this Act.

(2) On the basis of a prompt examination and any other available information, an authorized staff physician shall determine if the child needs immediate hospitalization for a period not to exceed seventy-two (72) hours.

(a) The hospital may accept physical custody of the child and may request the person who brought the child to remain on the premises until the authorized staff physician makes a determination;

(b) If the authorized staff physician determines that the child, as a result of mental illness, appears to need immediate hospitalization, he shall admit the child for observation, diagnosis, and treatment, and shall, if he deems it appropriate, file a certification petition. If the proponent of emergency hospitalization is not the child's legal custodian, the hospital shall immediately notify the child's parent or other person exercising custodial control or supervision including, if applicable, the state; and

(c) If the authorized staff physician determines the child does not need immediate hospitalization, he shall release the child and make whatever recommendations or referrals he deems appropriate.

(3) The petition for emergency hospitalization shall state the petitioner's belief, including its factual basis, that the child, as a result of mental illness, needs immediate hospitalization for observation, diagnosis, and treatment. Within forty-eight (48) hours of the filing, exclusive of weekends and holidays, the court shall:

The cabinet shall pay the actual traveling expenses of the child and the official transporting him both to and from the designated hospital.

(4) An emergency hospitalization of a child may not exceed seven (7) days, exclusive of weekends and holidays, unless a certification petition is filed before the seven (7) days expire.

The child also has a right to initiate or receive communications from his parents or others, unless the treating physician concludes such communication would be seriously detrimental to the child's condition or treatment, so indicates in the medical record, and notifies the parent or other person exercising custodial control or supervision.

(3) During involuntary hospitalizations, the court designated worker shall have access to the child but shall not have access to the child's records except by court order. The court designated worker may recommend that the court review the child's records.

(2) A finding of jurisdiction under this section shall not necessarily preclude a finding of jurisdiction under KRS Chapter 620, 625, 630, or 635; however, jurisdiction under this section shall take precedence. No child shall be released from the jurisdiction of the court under this chapter if concurrent complaints under KRS Chapter 620, 625, 630, or 635 are pending.

(3) No child who has been certified to circuit court pursuant to KRS Chapter 640 shall be eligible for hospitalization under this chapter. Petitions for treatment of such youthful offenders shall be initiated under KRS Chapter 202A or KRS Chapter 504.

SECTION 162. A NEW SECTION OF KRS CHAPTER 645 IS CREATED TO READ AS FOLLOWS:

(1) Every hospital which treats children under this Act shall have a review committee of three (3) qualified mental health professionals appointed by the hospital director. The review committee shall have the authority to review the appropriateness of a patient's individual treatment plan.

(2) Upon the written refusal of an involuntary patient to participate in any or all aspects of his treatment plan, the review committee shall examine the appropriateness of the patient's individual treatment plan. After a patient refuses to participate in his treatment plan and until his disagreement with the plan has been resolved, the hospital may administer only that treatment which the treating physician determines is necessary to protect the patient from harming himself or others. Within three (3) days, exclusive of weekends and holidays, of the refusal, the review committee shall meet with the patient and his counsel or court designated worker to discuss their recommendations.

(3) If the patient still refuses to participate in any or all aspects of his individual treatment plan, the hospital may petition the district court for a de novo determination of the appropriateness of the proposed treatment. Within seven (7) days, excluding weekends and holidays, the court shall conduct a hearing, consistent with the patient's right to due process of law, and shall utilize the following factors in reaching its determination:

(a) Whether the treatment is necessary to protect other patients or the patient himself from harm;

(b) Whether the patient is incapable of giving informed consent to the proposed treatment;

(c) Whether any less restrictive alternative treatment is available; and

(d) Whether the proposed treatment carries any risk of permanent side effects.

(4) Upon the completion of the hearing, the court shall enter an appropriate judgment which shall be considered final for purposes of appeal. No court shall consent to psychosurgery or electroshock therapy nor shall it order such treatment. If the court denies the hospital the right to administer the treatment in question, the hospital may discharge the child.

Release on convalescent leave shall not terminate the involuntary hospitalization order and shall include provisions for a jointly developed of a treatment plan by the hospital and by the provider of outpatient care who will provide follow-up care and the continual monitoring of the patient's condition by the provider.

(2) The hospital may at any time readmit a patient on convalescent leave without additional court proceedings. If there is reason to believe that it is in the best interest of the patient to be rehospitalized, the cabinet or an authorized staff physician of the hospital may issue an order for the immediate rehospitalization of the patient. Such an order, if not voluntarily complied with shall, upon endorsement by a judge of any court of the county in which the patient is a resident or is present, authorize any health or police officer to take the patient into custody and transport him to the hospital. Notice of the rehospitalization and the rehospitalization order shall be given to the court which originally certified hospitalization as soon as practicable.

(3) At the conclusion of a convalescent leave, the child may be readmitted to the hospital if the involuntary hospital order has not expired, a new convalescent leave may be initiated, or the child may be discharged.

(2) A hearing to determine the necessity for continued hospitalization shall be held within seven (7) days of the court's receipt of the notice of the contest. If the court concludes that the child does not meet the criteria set out in Section 154 of this Act, the court may order the child discharged, may commit the child to the cabinet, or may enter an emergency custody order to secure proper care for the child. "Section 187. KRS 199.473 is amended to read as follows:

(1) All persons other than a licensed child-placing agency or institution, the department or persons excepted by KRS 199.470(4) or (5) who wish to place or receive a child shall make written application to the secretary for permission to place or receive a child. Upon receipt of an application to place or receive a child the secretary shall cause an investigation to be made of the home and the background of the person or persons wishing to

receive the child. The purpose of the investigation shall be to determine the suitability of the applicants to receive a child, taking into account at all times the best interest of the child for whom application to receive has been made. The child welfare worker making the investigation shall make a finding in writing recommending either that the application be granted or that the application be denied. In either case reasons for the child welfare worker's recommendation shall be given in writing. The recommendation of the child welfare worker shall then be reviewed by the secretary. Based on the report and recommendation of the child welfare worker making the investigation, the secretary shall grant or refuse permission for the applicant to place or receive a child as early as practicable, but, in any case, the decision shall be made within sixty (60) days after the receipt of the application. In reaching his decision the secretary shall be guided by the ability of the persons wishing to receive the child to give the child a suitable home, and shall at all times consider the best interest of the child from a financial, medical, psychological and psychiatric standpoint. If the application is refused the secretary shall in general terms furnish in writing the reasons for his refusal.

(2) In any case where the department refuses to approve the placement of a child for adoption when requested by the parent or parents of the child, or refuses the request of any person or persons that a child be placed with him or them for adoption, the decision of the secretary in so refusing shall be final unless within ten (10) days after notice of refusal, the natural or proposed adopting parent or parents shall appeal to the circuit court of the county in which the adoption is proposed, provided however that no placement shall be disapproved on the basis of the religious, ethnic, racial or inter-faith background of the adoptive applicant, if such placement is made with the consent of the parent. The department shall be made a party defendant to the appeal. In the hearing of an appeal the court shall review the findings of the secretary and shall determine if the secretary has acted arbitrarily, unlawfully, or in such a manner as to constitute an abuse of discretion.

(3) No person, association or organization, other than the department or a licensed child-placing institution or agency shall place a child or act as intermediary in the placement of a child for adoption or otherwise, except in the home of a stepparent, grandparent, sister, brother, aunt or uncle, or upon written approval of the secretary. Nothing in this subsection shall be construed to limit the department for human resources in carrying out its aid to dependent children program in accordance with KRS Chapter 205.

(4) In the event a child who does not fall within the exception provided for in KRS 199.470(4) or (5) is placed or received in a home without the permission of the secretary for human resources, or in the event permission to receive a child has been denied, a representative of the department may petition the juvenile session of district court of the county in which the child is found setting out the facts concerning the child. When such petition has been filed, the court shall take jurisdiction of the child and shall provide for it as it would provide for a dependent, neglected or abused child under KRS *Chapter 620* [~~208.020~~] except that the child may not be placed in the home of the applicants to receive him unless permission to do so is granted by the secretary or such action is ordered by a circuit court, the Kentucky Court of Appeals or Supreme Court of Kentucky.

(5) Nothing in this statute shall be construed to limit the authority of the department or a licensed child-placing institution or agency to determine the proper disposition of a child committed to it by the juvenile session of district court or the circuit court, prior to the filing of an application to place or receive."

(2) The court in its discretion may deny the award provided for in this section, or may reduce the award, if it finds that:

(a) During the course of the proceeding the prevailing party unduly and unreasonably protracted the final resolution of the matter; or

(b) The reason that the party other than the Commonwealth has prevailed is an intervening change in the applicable statutes, regulations or case law; or

(c) The prevailing party refused an offer of civil settlement which was at least as favorable to the party as the relief ultimately granted; or

(d) The position of the Commonwealth was substantially justified or a special circumstance would make an award unjust provided, however, that the burden of proof of substantial justification or special circumstance shall rest with the Commonwealth.

(3) A party may apply pursuant to the applicable Rules of Civil Procedure for an award of attorney fees and other expenses authorized under this section and shall include as part of the application evidence of the party's eligibility for the award and the amount sought, including an itemized and attested statement from the attorneys and experts stating the actual time expended in representing the party and the rate at which the fees were computed. The party shall also allege in such application that the Commonwealth acted without substantial justification.

(4) The court shall base any award of fees as provided in this section on prevailing market rates for the kind and quality of services furnished, except that:

(a) An expert is not eligible for compensation at a rate in excess of the prevailing rate of compensation for similar experts paid by the Commonwealth;

(b) The award of attorney fees may not exceed the amount which the prevailing party has paid or has agreed to pay the attorney or a maximum amount of forty dollars ($40.00) per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceeding involved, justifies a higher fee;

(c) No award shall be greater than ten thousand dollars ($10,000) to each party except that no award shall be made to any party who voluntarily intervenes in any such action.

(5) This section does not:

(a) Apply to an action arising from a proceeding before the Commonwealth in which the role of the Commonwealth was to determine the eligibility or entitlement of an individual to a monetary benefit or its equivalent, or to adjudicate a dispute or issue between private parties or to establish or fix a rate. As used in this subsection, monetary benefit or its equivalent shall not include a license, permit, charter or similar instrument that the Commonwealth may require to engage in a business, profession or similar activity;

(b) Apply to proceedings brought by the Commonwealth pursuant to KRS Chapters 218A, 431 to 439, and 500 to 534;

(c) Apply to proceedings involving eminent domain, foreclosure, collection of judgment debts or proceedings in which the Commonwealth is a nominal party;

(d) Personally obligate any officer or employe of the Commonwealth for the payment of an award entered under this section; and

(e) Apply to proceedings brought pursuant to KRS Chapters 18A, 209, 342 and KRS *Chapter 625* [~~199.011 to 199.617 or 208C.100(2) and (3)~~].''

No person, except bona fide employes in line of duty, shall go upon the premises of any propagation farm, state game farm, or game refuge or fish hatchery accompanied by a dog of any type or description or while carrying firearms upon or about his person.

(2) It is unlawful for any person to mar, deface, destroy or in any wise damage, or attempt to mar, deface, destroy or damage any sign or posted notice upon any game farm, game or wildlife refuge or fish hatchery in the state.

Section 14. KRS 150.305 is amended to read as follows:

(1) Subject to regulations adopted under this chapter and except as otherwise provided in this section, no person shall have in his possession any *wildlife* [~~wild bird, wild animal or fish~~] protected by this chapter, or any raw fur, except during the open season for the particular species, unless such person be the holder of a valid permit issued pursuant to the provisions of KRS 150.275 or 150.280.

(2) Any person who has legally taken any wildlife may possess same in cold storage. If possessed in a commercial locker plant, the name of the taker, his license number, the date of taking, and the number and species of wildlife must be marked on the package in which the same is stored. Legally imported wildlife from other states or countries may be similarly held.

(3) Federal regulations shall govern the possession of migratory wild birds.

(4) To facilitate the enforcement of subsection (2) of this section, the commissioner, or such agents and employes of the department as may be designated by him, shall have authority to inspect all commercial frozen food lockers within the state of Kentucky at such periods and intervals as the commissioner shall, in the exercise of a reasonable discretion, fix and determine. No search warrant or other legal process shall be required of any properly authorized person as a condition precedent to the making of the inspections herein authorized.

Section 15. KRS 150.360 is amended to read as follows:

(1) No person shall take any *wildlife* [~~wild animals~~], except fishes, whether protected by this chapter or not, except by trapping, snaring, gig, bow and arrow, gun, gun and dog, dog, falconry, or as expressly prescribed by regulation.

(2) No shotgun used in the taking of *wildlife* [~~wild animals~~], protected or unprotected, shall be larger than 10-gauge and the same shall be fired from the shoulder. No *wildlife* [~~wild animals~~], except deer, protected or unprotected, shall be taken with or by means of any automatic loading or hand-operated repeating shotgun capable of holding more than three (3) shells, the magazine of which has not been cut off or plugged with a one-piece filler incapable of removal through the loading end thereof, in such manner as to reduce the capacity of said gun to not more than three (3) shells at one (1) time in the magazine and chamber combined. Firearms shall not be used in the taking of fishes.

(3) No person shall hunt wildlife (except opossum, raccoon, fishes and frogs) with lights or other means designed to blind wildlife or make wildlife visible at night.

Section 16. KRS 150.365 is amended to read as follows:

(2) Subsection (1) of this section shall not apply to persons who hunt red fox at night with dogs for sport and not to kill; and who during daylight or night hours exercise and train rabbit dogs, raccoon dogs, bird dogs and retrievers, but not to kill. The department may, however:

(a) Regulate training seasons for rabbit dogs, raccoon dogs, bird dogs, and retrievers in such manner as not to discriminate against one type of animal over any other nor as to unduly limit such activities; and

(b) Permit rabbit dog, raccoon dog, bird dog, *fox dogs,* and retriever meets held by organized clubs, regardless of any hunting season, with the prior approval of the department *provided said approval was requested at least thirty (30) days prior to the meet.*

(3) The possession of any raw fur when the season is not open for the particular species shall be prima facie evidence that the animal was taken out of open season, but this presumption shall not apply to possession of any fur by a trapper or hunter during the open season as prescribed by the department and twenty (20) days thereafter, or by a fur buyer during the open season and thirty (30) days thereafter.

Section 18. KRS 150.390 is amended to read as follows:

(1) No person shall take, pursue, or attempt to take or pursue or otherwise molest any elk, deer, wild turkey or bear unless the commissioner, with the approval of the commission, finds conditions and population that warrant an open season, then regulations shall be enacted to govern same.

(2) It shall be unlawful for any person to cast the rays of a spotlight, jacklight, or other artificial lighting devices on any highway or in any field, woodland, or forest, while having in his possession, or under his control, a firearm or other implement by which a deer or rabbit could be killed, even though such game be not shot at, injured or killed.

(3) It is unlawful for any dog to chase or molest deer in any manner, at any time, or at any place. Any conservation officer, peace officer, sheriff or constable may take necessary steps to stop, prevent, or bring under control any dog, or dogs, found chasing or molesting deer at any time.

(4) It shall be unlawful to shoot or attempt to shoot any *wildlife* [~~wild birds or wild animals~~], protected or unprotected, from an automobile, or other vehicle, at any time or place. Boats may be used except as prohibited by state or federal regulations.

(5) It shall be unlawful to take, pursue, or attempt to take or pursue or otherwise molest any deer or wild turkey in any manner contrary to regulations promulgated under the authority of subsection (1) of this section.

Section 19. KRS 150.400 is amended to read as follows:

(1) No person shall set, use or maintain, for the purpose of taking *wildlife* [~~wild animals~~], any steel trap unless the size and type of the trap has been approved by the commissioner and the commission by regulation.

(2) The commissioner may approve, by regulation, any commercially manufactured trap which is designed to take *wildlife* [~~animals~~] alive and unhurt or to kill instantly.

(3) Subject to the provisions of KRS 150.410 it shall be lawful to use snares, deadfalls, wire cage or box traps, but no person shall set, use or maintain a snare large enough to take deer, elk or bear.

(4) Any manufacturer designing a new trap may send a sample to the commissioner for approval or disapproval.

Section 20. KRS 150.410 is amended to read as follows:

(1) No person shall set a trap on the land of another without written permission of the owner of the land, and he shall exhibit such written consent to any agent or employe of the department or to any other person lawfully demanding to examine the same.

(2) No person shall set, use or maintain a trap for the purpose of taking *wildlife* [~~wild animals~~] unless there is attached thereto a metal tag giving the name and address of the person setting, using or maintaining trap. The commission is authorized to furnish such tag, at cost, to applicants therefor.

(3) Each person who sets, uses or maintains a trap or traps for the purpose of taking *wildlife* [~~wild animals~~] shall, within twenty-four (24) hours from the time such traps are set, give a written description of the location of the trap line, or any changes made therein, to the conservation officer for the county in which the traps are located or to the commissioner. The owner of the land on which traps are set and resident members of his family shall not be required to comply with the provisions of this subsection.

(4) Each person who sets a trap for the purpose of taking *wildlife* [~~wild animals~~] shall visit the same at least once every twenty-four (24) hours and release any *wildlife* [~~animal~~] found therein.

(5) No person shall set a trap in such manner as unreasonably to endanger the life or safety of any domestic animal.

Section 21. KRS 150.411 is amended to read as follows:

(1) Every licensed taxidermist shall keep a suitable record in which shall be entered the species of each *wildlife* [~~animal~~] mounted by him and the name and address of the person for whom the mounting was done. Within ten (10) days after the end of each month, he shall send to the department a report showing the number and name of the *wildlife* [~~animals~~] of each species mounted by him during the preceding month and the name and address of the person for whom each *wildlife* [~~animal~~] was mounted.

(2) Any legally taken wildlife may be mounted, provided the wildlife bears identification with the name and address of the owner and date and place taken until such time as it is mounted.

(3) A fish and wildlife disposal permit, signed by a conservation officer, must be attached to wildlife taken other than during a legally open hunting season. Such permit will substitute for the identification required in subsection (2) *of this section.*

Section 22. KRS 150.412 is amended to read as follows:

No commercial guide shall participate in the taking of *wildlife* [~~game or fish~~] protected by this chapter beyond the bag limit or creel limit of the person or persons he is guiding.

Section 23. KRS 150.445 is amended to read as follows:

No person shall take fish by any method other than pole and line in hand, for two hundred (200) yards below any dam on or across any stream *except as otherwise provided by administrative regulation.* [~~Greater distances below any dam where methods of fishing other than by pole and line are prohibited shall be prescribed by regulation.~~]

Section 24. KRS 150.460 is amended to read as follows:

(1) No person, firm or corporation, whether acting in a private or public capacity, shall place or cause to be placed in any public waters any substance that might injure, interfere with or cause the waters to be unfit for the support of *wildlife* [~~aquatic life~~]. When any employe of a person, firm or corporation, in the course of his employment, places or causes to be placed any such substance in any public waters, his act shall be prima facie evidence of the guilt of both the employe and the employer, and either one (1) or both may be punished as provided in subsection (4) of KRS 150.990. Each day that this section is violated shall constitute a separate offense. This section does not apply to employes or agents of the department acting in an official capacity.

(2) No person shall use, or attempt to use any electrical device (fish-finding devices excepted) of any type (such as telephone, or electrical leads from a magneto, or battery, or motor or any other type of electrical equipment) in any stream or body of water. This does not prevent the authorized employes or agents of the department from using this or any devices in research or investigational work.

(3) No person, except employes or agents of the department, shall wilfully place or attempt to place in any of the public waters of the state any substance which has a poisonous or intoxicating effect upon *wildlife* [~~aquatic life~~].

(4) No person shall kill, injure, shock or stun or attempt to kill, injure, shock or stun any fishes by any explosive agent or other device. This provision shall not apply to employes or agents of the department acting in an official capacity.

(2) The fish and wildlife commission shall determine the form of the stamp and shall administer all revenues generated by the sale of the stamp. Said revenue shall be expended for waterfowl research projects for the purpose of protecting and propagating migratory waterfowl and for the development, restoration, maintenance, and preservation of wetlands within the state. The intent of this section is to expand waterfowl research and management and increase waterfowl populations in the state without detracting from other programs. The expenditures of funds generated under the provisions of this section shall be included in the annual report provided for in KRS 150.061.

(10) Any person who violates KRS 150.525 shall be fined not less than twenty-five dollars ($25.00), nor more than two hundred dollars ($200) or imprisoned for not more than six (6) months, or both.

(11) Any person who violates any regulation which has been or may be hereafter adopted by the commission under any provisions of this chapter or which is adopted to supplement, explain, carry out or limit any provision of this chapter, shall be subject to the same penalty as is provided for the violation of any provisions of this chapter under which the regulation is adopted or which the regulation supplements, explains, carries out or limits.

"Section 3. KRS 78.530 is amended to read as follows:

(1) Each county and school board as defined in KRS 78.510 will participate in the system by appropriate order authorizing such participation which has been entered and duly recorded in the records of the governing body of the county or school board. The authority to issue and properly record such order of participation being hereby granted, permits such county to participate in the system. The effective date of such participation shall be fixed in the order.

(2) Once a county or school board participates it shall thereafter continue to participate except as provided in KRS 78.535.

(3) (a) Concurrent with the adoption of the appropriate resolution to participate in the system, a county may elect the alternate participation plan which will require the county to purchase on behalf of each employe electing coverage, at the time the county elected to participate in the system as provided under KRS 78.540(2) current service credit between July 1, 1958 and the participation date of the county. Cost of such service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of such actuarial service shall be paid by the county.

(b) The county shall establish a payment schedule subject to approval by the board for payment of the cost of such service over and above that which would be funded within the existing employer contribution rate. The maximum period allowed in a payment schedule shall be thirty (30) years with interest at the rate actuarially assumed by the board.[~~; however,~~] A shorter period is desirable and the board may approve any payment schedule provided it is not longer than a thirty (30) year period, *except that cities which participate in the system pursuant to this Act, may, at their option, extend the payment schedule to a maximum of forty (40) years, may choose to make level payments at the rate actuarially assumed by the board over the life of the payment schedule chosen, and may retain employer contributions and the earnings thereon attributable to employes electing coverage.*

[~~(c) A city entering the system under the alternate participation plan, may, by ordinance, levy a special property tax to pay for current service credit purchased for the period between July 1, 1958 and the~~

~~participation date of the city. The special tax shall be to pay, within a period of no more than fifteen (15) years, for the cost of such service credit over that which would be funded within the existing employer contribution rate, as determined by the board's consulting actuary. The reason for levying the special tax and the disposition of the proceeds shall be part of the ordinance levying the tax. The special tax shall be rescinded when the unfunded prior service liability has been amortized, and shall not be subject to the provisions of KRS 132.017 or 132.027. The city shall not collect the special property tax if its participation has been terminated pursuant to KRS 78.535.~~]

(4) Every school board not participating on June 21, 1974, shall enact a resolution of participation no later than July 1, 1976.

(5) The order of the governing body of a county, as provided for in subsection (1) of this section, may exclude from participation in the system, hospitals and any other semi-independent agency. Each such excluded agency shall be identified in the order authorizing participation and such excluded agency may participate in the system as a separate agency.

(6) An agency whose participation in the county employes retirement system has been terminated by the board of trustees in accordance with KRS 78.535 may at a later date request participation in the retirement system by the adoption of an appropriate order as authorized by subsection (1) of this section. The board may accept the participation of such agency provided it is determined that such participation is in the best interest of the agency, the employes thereof and the county employes retirement system.

(7) After July 1, *1986* [~~1985~~], *no local government retirement system shall be created pursuant to KRS 70.580—70.598 and any* local government retirement systems created pursuant to KRS 79.080, 90.400, *90.410,* 95.767 and *KRS Chapter 96* [~~96.180~~] shall be closed to new members. New employes who would have been granted membership in such retirement systems shall instead be granted membership in the county employes retirement system. Employes who would have been granted membership in retirement systems created pursuant to KRS 95.767, or any other policemen or fire fighters who would have been granted membership in retirement systems created pursuant to KRS 79.080, 90.400 or 90.410 shall be certified by their employers as working in hazardous positions. Each city participating in the county employes retirement system pursuant to this subsection shall execute the appropriate order authorizing such participation, shall[~~, if its local pension system provides a defined benefit,~~] select the alternate participation plan as described in KRS 78.530(3), and shall pay for the actuarial services necessary to determine the additional costs of alternate participation. *Cities which closed their local pension systems to new members and participated in the system prior to the effective date of this Act, whose employes at the time of transition were given the option to join the system shall not be required to offer said employes a second option to join the system* [~~Cities which provide a defined contribution pension plan locally may select the alternate participation plan, and in that case shall pay for the actuarial services necessary to determine the additional costs of alternate participation~~].

Section 4. KRS 65.156 is amended to read as follows:

The evaluation shall be prepared by an actuary who is a fellow of the society of actuaries, a member of the American academy of actuaries, or an enrolled actuary under the Employes' Retirement Income Security Act of 1975. The board shall send a copy of the most recent evaluation to the librarian of the legislative research commission by September 1, 1982, and thereafter the board shall send a copy of each new evaluation within ten (10) days of receipt.

(2) Actuaries performing evaluations pursuant to this section shall use the entry age normal cost funding method. Their reports shall include a definition of each actuarial term and an explanation of each actuarial assumption used. Assumptions shall be reasonably related to the experience of the system and represent the actuary's best estimate of anticipated experience.

(3) Any city with a retirement system created pursuant to KRS 79.080, 90.400, 90.410, 95.520 to 95.620, 95.621 to 95.629, 95.767 to 95.784, 95.851 to 95.884 or 96.180 which is closed to new members pursuant to KRS 78.530, 95.520, 95.621 or 95.852 shall, if its local pension system provides a defined benefit, contribute annually to the pension system, for the benefit of the retirees of the system and the active participants who choose to remain in the system, and in cities of the second class for the benefit of members who have completed

at least twenty (20) years' service and withdrawn from service pursuant to KRS 95.857, an amount equal to that which would be required pursuant to the funding standards of KRS 95.868, plus so much of the principal amount of any unfunded prior service liability as the actuary states is necessary to maintain cash flow adequate to pay retiree and beneficiary payments until financial obligations to all retirees and beneficiaries are fully satisfied.

In the event the board elects to provide a pension plan, it shall determine and formulate the form of pension plan to be used; determine and prescribe the eligibility of employes or their dependents to a pension or other benefits; determine and prescribe the monthly allowance or pension for employes or their dependents so determined to be eligible for a pension or benefits under the pension plan, not to exceed, however, a sum equal to one-half (1/2) of the monthly salary or wages of any employe at the time of his or her retirement; appoint a commission, which shall consist of three (3) members possessing the qualifications of a member of the board, for the administration of the pension plan and prescribe the powers and duties of such commission; appoint a trustee of the pension fund, fix the term of his office and the compensation of such trustee, and prescribe the powers and duties of such trustee and do and perform any other or further acts necessary to effectuate such pension plan. When a pension plan shall have been adopted, a commission appointed to administer such plan and a trustee of the pension fund appointed and qualified, the board may annually appropriate and pay out of its operating revenue, as a operating expense, into the sinking fund, a sum sufficient, when determined on a fair actuarial basis, to maintain the pension plan so adopted, not exceeding, however, a sum equal to one-half of one per cent (.5%) of the fair value of the utility property and assets. The board may assess, and cause to be paid into the pension fund monthly, such amount or per cent of the salary of all employes eligible under and electing to accept the pension plan as may be equitably determined on a fair actuarial basis, not to exceed, however, five per cent (5%) of the monthly salary of any employe. The trustee of the pension fund shall give such bond as required by the board, the cost of which shall be payable out of the pension fund. The trustee of the pension fund shall each year file with the board a report showing his actions and his accounts as such trustee.

(2) The board shall have full power to receive any and all funds of property which may be available or become available to the board or the city for use in the creation or maintenance of a pension plan for the employes of the board, including but not limiting the power to sign, execute and deliver such receipts, indemnity agreement or other writing which either the board or the city may be required to sign, execute and deliver to obtain any such fund or property for such purpose.

(3) (a) After July 1, *1986* [~~1985~~], no new pension fund shall be created pursuant to this section.

(b) Any board which provided a pension plan for its employes on or prior to July 1, *1986* [~~1985~~] shall place employes hired after July 1, *1986* [~~1985~~] in the county employes retirement system. The board shall offer employes hired on or prior to July 1, *1986* [~~1985~~] membership in the county employes retirement system under the alternate participation plan as described in KRS 78.530(3), but such employes may elect to retain coverage under this section. *Employes shall make their election by June 1, 1986.* [~~Selection of the alternate participation plan shall be optional for cities which provide a defined contribution pension plan.~~]

Section 13. KRS 95.761 is amended to read as follows:

(1) Any city of the fourth or fifth class which has now, or in which there may be hereafter established a regular police or fire department in the future, may by ordinance create a civil service commission, whose duties shall be to hold examinations as to the qualifications of applicants for employment within the police or fire departments.

(2) A city of the fourth or fifth class is authorized to adopt the provisions of KRS 95.520 to 95.620 governing policemen's and fire fighter's pension fund, the same as a city of the third class.

(3) A city of the fourth or fifth class is authorized to adopt the provisions of KRS 90.300 to 90.420 governing civil service, the same as a city of the third class, and may provide a retirement system for any of its employes, including police and fire fighters, pursuant to KRS 90.400 or 90.410. If a city creates a retirement system for its police and fire fighters pursuant to KRS 90.400 or 90.410, it shall establish a board of trustees for that system. The provisions of KRS 90.400 and 90.410 notwithstanding, a majority of the board shall be members of the retirement system elected by the members of the retirement system. The board of trustees shall control and manage the retirement fund, for the exclusive purposes of providing benefits to members and their beneficiaries and defraying reasonable expenses of administering the plan. The board may contract with investment advisors or managers to perform investment services as deemed necessary and prudent by the board.

(4) A city of the fourth or fifth class may adopt the provisions of KRS 79.080 or 78.510 to 78.852 for any of its employes, or KRS 95.767 to 95.784 for its police and fire fighters.

(5) The legislative body of the city of the fourth or fifth class may not establish or continue a retirement system for any of its employes unless such action is taken pursuant to statutes listed in subsection (2), (3) or (4) of this section, *or unless the city adopts a deferred compensation program pursuant to KRS 18A.270 or a defined contribution or money purchase plan qualified under section 401(a) of the internal revenue code of 1954 as amended.* If a city has adopted a retirement system but has not done so pursuant to *the options* [~~statutes~~] listed in *this subsection or in* subsection (2), (3), or (4) of this section, it shall amend its action to comply with the provisions of this subsection. This subsection shall not be construed to limit the application of KRS 82.082(2) with respect to the comprehensive nature of Kentucky law governing city retirement systems. After adoption of the provisions of any of the statutes listed in this section, the city may not revoke, rescind or repeal these adoptions for any employe covered thereby.

(6) (a) Any of the following offices, positions, and places of employment, in the police and fire departments, may be excluded from the classified service: The chief of police, assistant chief of police, chief of fire fighters and assistant chief of fire fighters.

(b) Any classified employe in either department who shall accept an appointment and qualify as chief of police, assistant chief of police, chief of fire fighters, or assistant chief of fire fighters, shall be deemed to have received a leave of absence from the classified service for, and during the incumbency of, any of said respective positions. Should any such chief or assistant chief, cease to serve as such, the same classification and rank which he had prior to said appointment shall be restored to him.

(7) After July 1, *1986* [~~1985~~], no city shall create a new pension fund pursuant to this section other than by adopting KRS 78.510 to 78.852, *or by adopting a deferred compensation program pursuant to KRS 18A.270 or a defined contribution or money purchase plan qualified under section 401(a) of the internal revenue code of 1954 as amended.*

Section 14. KRS 78.531 is re-enacted to read as follows:

(1) Any member of a retirement system created pursuant to KRS 67A.320, 67A.340, 79.080, 90.300 through 90.420, 95.520 through 95.620, 95.621 through 95.629, 95.767 through 95.784, 95.851 through 95.884 and 96.180 notwithstanding any provisions of the statutes to the contrary, may elect to terminate coverage under the retirement system in which he is a member, if the city or urban-county government has adopted the provisions of the county employes retirement system pursuant to KRS 78.510 through 78.852.

(2) If the city or urban-county government elects the alternate participation plan, as set forth in KRS 78.530(3), employe contributions made to the fund under authority of KRS 67A.320, 67A.340, 79.080, 90.400(1), 90.410, 95.520 through 95.620, 95.621 through 95.629, 95.767 through 95.785, 95.851 through 95.884 or 96.180 shall be paid to the county employes retirement system and credited to the individual member's account in the system for any employe electing to terminate coverage under the provisions of this section. Proper credit for these employe contributions shall be given to the city or urban-county government in computing the cost of participation under the alternate participation plan as provided by KRS 78.530(3).

(3) If the city or urban-county government does not elect the alternate participation plan as set forth in KRS 78.530(3), the employe contributions paid into the fund under authority of KRS 67A.320, 67A.340, 79.080, 90.400(1), 90.410, 95.520 through 95.620, 95.621 through 95.629, 95.767 through 95.785, 95.851 through 95.884 or 96.180 by each employe electing to terminate coverage under the provisions of this section shall be refunded to the employe with interest as specified in the applicable statute, unless the employe has a vested account in which case he may elect to leave his contributions in the fund in order to later receive a pension when he becomes eligible.

Section 15. KRS 78.540 is re-enacted to read as follows:

Membership in the system shall consist of the following:

(1) All persons who become employes of a participating county after the date such county first participates in the system, except that city managers or other appointed local government executives who participate in a retirement system, other than social security, which operates in more than one (1) state, may decline to participate in the system; and

(2) All persons who are employes of a county on the date the county first participates in the system, either in service or on authorized leave from service, and who elect within thirty (30) days next following such county's participation, or in the case of persons on authorized leave, within thirty (30) days of their return to active service, to become members and thereby agree to make contributions as provided in KRS 78.510 to 78.852.

(3) The provisions of subsections (1) and (2) of this section notwithstanding, cities which participate in the CERS and close existing local pension systems to new, or all members pursuant to the provisions of KRS 78.530, 95.520, 95.621 or 95.852 shall not be required to provide membership in the county employes retirement system to employes in any employe category not covered by a city pension system at the date of participation.

Section 16. Whereas it is necessary to require certain city pension systems to join with the county employes retirement system on July 1, 1986 because the plan or fiscal year begins on July 1, and it is necessary for employes who will have an option to join the county employes retirement system to make their decision by June 1, 1986, and whereas the interest rates available to any city of the first class through investments are dramatically decreasing for the purpose of amortizing the unfunded service liability, an emergency is declared to exist and this Act shall take effect upon passage by the General Assembly and signature by the Governor.";

SECTION 5. A NEW SECTION OF KRS CHAPTER 82A IS CREATED TO READ AS FOLLOWS:

No action in tort subject to the provisions of this Act, except or actions pursuant to Section 6(6), shall be maintainable against a city unless notice has been given to the mayor of the city, or the chairman of the governing body or chief executive officer of a special district, in the manner provided for the service of notice in actions in the Rules of Civil Procedure, within one hundred and twenty (120) days of the occurrence which gives rise to the claimed action in tort. No person may maintain an action under this subsection if he has unlawfully contributed by word or deed toward exciting or inflaming the tumult or riot, or if he failed to do what he reasonably could toward preventing, allaying or suppressing it; or

(6) Any claim against a city growing out of any defect in the condition of any bridge, street, sidewalk, alley or other public thoroughfare, unless notice has been given to the mayor, clerk of the city or clerk of the legislative body, if any, in the manner provided for the service of notice in actions in the Rules of Civil Procedure. This notice shall be filed within ninety (90) days of the occurrence for which damage is claimed, stating the time of and place where the injury was received and the character and circumstances of the injury, and that the person injured will claim damages therefor from the city.

Periodic payments may be ordered paid over a period of time not exceeding ten (10) years. Any periodic payment upon becoming due under the terms of the judgment shall constitute a separate judgment. Any judgment ordering any such payments shall specify the total amount awarded, the amount of each payment, the interval between payments and the number of payments to be paid under the judgment. Judgments paid pursuant to this section shall bear interest accruing from the date final judgment is entered, at the interest rate as specified in KRS 360.040. For good cause shown, the court may modify such judgment with respect to the amount of such payments and the number of payments to be made or the interval between payments, but the total amount of damages awarded by such judgment shall not be subject to modification in any event and periodic payments shall not be ordered paid over a period in excess of ten (10) years.

(2) A court may order periodic payments only upon finding that:

(a) Payment of the judgment is not totally covered by insurance; and

(b) Funds for the current budget year and other funds of the city which lawfully may be utilized to pay judgments are insufficient to finance both the adopted budget of expenditures for the year and the payment of that portion of the judgment not covered by insurance.

SECTION 8. A NEW SECTION OF KRS CHAPTER 82A IS CREATED TO READ AS FOLLOWS:

If the legislative body of a city against whom a judgment has been entered or a settlement made for a tort claim covered by this Act determines that current revenues of the city are insufficient to pay the judgment or settlement, or the installment due pursuant to Section 7 of this Act, it may levy a special tax for the purpose of paying such judgment or settlement. Such levy may include any tax permitted by Section 181 of the Kentucky constitution. An ad valorem tax levied pursuant to this section shall not be considered for purposes of calculating either the maximum tax rate or the compensating tax rate in accordance with KRS 132.027. Any tax levied for the purpose of paying a judgment or settlement shall be used solely for such purpose.

SECTION 9. A NEW SECTION OF KRS CHAPTER 82A IS CREATED TO READ AS FOLLOWS:

(1) A city shall provide for the defense of any employe in any action in tort arising out of an act or omission occurring within the scope of his employment of which it has been given notice pursuant to subsection (2) of this section. The city shall pay any judgment based thereon or any compromise or settlement of the action except as provided in subsection (3) of this section, except that a city's responsibility under this section to indemnify an employe shall be subject to the limitations contained in Section 3 of this Act.

(2) Upon receiving service of a summons and complaint in any action in tort brought against him, an employe shall, within ten (10) days of receipt of service, give written notice of such action in tort to the executive authority of the city.

(3) A city may refuse to pay a judgment or settlement in any action against an employe, or if a city pays any claim or judgment against any employe pursuant to subsection (1) of this section, it may recover from such employe the amount of such payment and the costs to defend if:

(a) The employe acted or failed to act because of fraud, malice or corruption;

(b) The action was outside the actual or apparent scope of his employment;

(c) The employe willfully failed or refused to assist the defense of the cause of action, including the failure to give notice to the executive authority of the city pursuant to subsection (2) of this section; or

(d) The employe compromised or settled the claim without the consent of the governing body of the city.

(4) No employe who is being provided a defense in any action in tort by a city pursuant to this section shall enter into any compromise or settlement of the action without the approval of the governing body of the city.

SECTION 10. A NEW SECTION OF KRS CHAPTER 82A IS CREATED TO READ AS FOLLOWS:

This Act shall apply to all actions in tort in which money damages have not been adjudged as of the effective date of this Act.

SECTION 11. A NEW SECTION OF KRS CHAPTER 82A IS CREATED TO READ AS FOLLOWS:

(1) Any two (2) or more cities may enter into an agreement to pool their financial and administrative resources for the purposes of providing the parties to the agreement risk management, insurance or self-insurance for any property or liability risks to which cities may be exposed. All such agreements shall be made pursuant to KRS 65.230 to 65.260, except that the provisions of KRS 65.260(2) shall not apply to any agreement entered into under this section.

(2) Any pooling agreement established pursuant to this section shall be open to any city requesting to enter into such agreement. In addition to agreeing to all terms of the agreement, a city shall agree to an annual contribution sufficient to pay a proportionate share of the expenses necessary to maintain the resources of the pool. Contributions levied against participating cities may vary, based upon the individual city's loss history, risk management practices, exposure to risk and such other factors deemed relevant.

(3) In addition to those items included in any such agreement pursuant to KRS 65.250, the agreement may specify: the nature and scope of insurance coverages to be provided; the methods by which coverages are to be extended, contributions levied and paid, claims administered and defended against; the procedures by which financial reserves shall be established and maintained; and, any other provisions necessary for proper administration of the pooled resources.

(4) Such agreements may provide for the pooling of losses so that any or all of the funds contributed by a participating city may be used to pay claims against or with respect to any of the other participating cities.

(5) No entity established by an agreement under this section shall be considered an "insurer" as defined by KRS 304.1-040 or an assessment or cooperative insurance company as defined by KRS Chapter 299. Provided, however, that there shall be maintained in any fund or pool created pursuant to this section, an amount of reserve funds as is deemed adequate. The adequacy of reserve funds shall be determined based upon an annual independent actuarial audit of the pool.

(6) Any entity created to carry out the purposes of this section shall have the power to reinsure, in whole or in part, any of the areas of liability or insurability of cities.

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full-time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Revenue Cabinet. Said Cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1986-87 and 1987-88 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for school foundation program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:025. In fiscal year 1987-88, the allotments to school districts for grades one (1) through three (3) shall be made on the basis of one (1) for every twenty-two (22) pupils in average daily attendance; the allotments to school districts for grades four (4) through six (6) shall be made on the basis of one (1) every twenty-six (26) pupils in average daily attendance; and the allotments to school districts for grades seven (7) through twelve (12) shall be made on the basis of one (1) for every twenty-seven (27) pupils in average daily attendance.

All classes shall be within the maximum class size limitations, as required by KRS 157.360, by September 15 of each school year. If a district has a space limitation as defined by state board of education regulations, an increase of up to ten percent (10%) above the maximum class size shall be approved by the state board of education, except the number above the maximum class size shall not exceed three (3) students in any class. If a district's enrollment increases after September 15 of any school year, the state board of education may grant an exception under the space limitation regulations. An exempt class with enrollment exceeding ten percent (10%) shall reduce enrollment as provided by state board of education regulations.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1986-87	1987-88
Vocational Education	2,538	2,538
Exceptional Children	4,285	4,360

Provided, however, that if the budgeted units in any category of classroom units—Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration—prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1986-87 and fiscal year 1987-88 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted shall be based on end-of-year prior year average daily attendance including the percent of kindergarten increase in average daily attendance the first two months of the current year over the first two months of the previous school year.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions, (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1986-87 and in fiscal year 1987-88 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1986-87 and in fiscal year 1987-88 shall be deducted for each exceptional children unit allotted.

The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by nine.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1986-88 biennium shall be determined by multiplying the number of classroom units by: $4,890 in the 1986-87 school year and $5,110 in the 1987-88 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1986-87 school year and $1,800 in the 1987-88 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1986-87 and 1987-88 shall lapse to the General Fund except where provisions to the contrary are provided in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, of this Act, and the provisions of KRS Chapter 48.

Included in this appropriation is $6,000,000 in fiscal year 1985-86, $84,451,500 in fiscal year 1986-87, and $86,805,000 in fiscal year 1987-88 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370 and 157A.090, except that the total of the funds allotted under KRS 157.390(5) shall not exceed $84,451,500 in fiscal year 1986-87 and $86,805,000 in fiscal year 1987-88 provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370 and 157A.090, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

In the event that the funds appropriated for pupil transportation in fiscal year 1986-87 and fiscal year 1987-88 are insufficient to provide allotments to local school districts in accordance with KRS 157.370 and 157A.090, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

Also, included is $153,000 in fiscal year 1986-87 and $174,600 in fiscal year 1987-88 for the operation of the Kentucky Law Enforcement Council program and the administration of the Kentucky Law Enforcement Foundation Program Fund.

It is the intention of the General Assembly that no changes be made in the KLEFPF fund during the FY 1986-88 Biennium as there is the potential that should all currently eligible persons participate, the fund could not provide benefits at the current level. It is recommended that during the Biennium, the Department of Training pursue an aggressive policy of training the 1,000 eligible non-participants by providing local training, by arranging personnel substitutions through local or state law enforcement agencies, by studying the effect of requiring all agency members to participate, by studying any change resulting from not requiring the chief to pursue training, or any other means feasible in order to establish a reliable level of participation for future decision-making. It is also recommended that during the interim reliable measurements of fund receipts be developed for fund projections.

Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All Funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS Chapter 12, 42, 45, and 48.

In the event receipts received and credited to any Federal Fund account during fiscal year 1986-87 or fiscal year 1987-88, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent (5%), the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the State Budget Director of the Governor's Office for Policy and Management upon approval of the Secretary of the Finance and Administrative Cabinet; provided, however, that institutions of higher education may receive and expend all Federal Funds without limitation.

Except as herein otherwise provided, the appropriate agency may requisition for expenditure from the Federal Fund account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1987, and during the fiscal year ending June 30, 1988, all receipts placed to the credit of the Federal Fund for such year, out of which has been established a Federal Fund account for each separate agency during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1986 General Assembly, and statements which explain the occurrence of such variances.

In the event a budget unit not listed herein receives unanticipated monies, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Governor's Office for Policy and Management the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any General Fund appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the subheading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Pursuant to the provisions of KRS 45.760(12), the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for future projects.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the Secretary of Commerce is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the Secretary of Commerce. The criteria shall include but not be limited to such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the appropriations act. 3) Project selection shall be documented when presented to the Secretary of Finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the Secretary of Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Commerce Cabinet to the next regularly scheduled Capital Construction and Equipment Purchase Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Handicapped Access, Fire and Life Safety, and Asbestos Litigation and Abatement projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Committee. All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

There is hereby created an Asbestos Litigation and Abatement account in the Finance and Administration Cabinet. The Asbestos Litigation and Abatement account shall be for the purpose of depositing any funds received as a result of litigation involving the Commonwealth of Kentucky and asbestos manufacturers. Any funds received from a judgment or settlement from this litigation shall be used for all litigation support costs incurred as a result of this litigation, and for cost of asbestos abatement in any building owned by the Commonwealth of Kentucky. In addition, all funds hereby identified in the Finance and Administration Cabinet 1986-88 appropriations expressly for the purpose of asbestos abatement shall be available for expenditure from the Asbestos Litigation and Abatement account. The General Fund shall be reimbursed for any General Fund expenditures for these same purposes from this account.

PART VI

GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1986, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 152, 177, and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon the budget memorandum and supporting legislative records.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal funds shall lapse to the General Fund to the extent such Federal Funds otherwise become available.

7. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within seventy-five days upon adjournment of the 1986 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1986 General Assembly as well as other acts which provide appropriations for the 1986-88 biennium and based upon supporting documentation and legislative records as considered by the 1986 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight. The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management as provided in each part of this Act or by law, and any supporting documents, shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

8. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

9. In the event that funds become available to the Commonwealth pursuant to settlements of litigation brought by the U.S. Department of Energy for alleged overcharges for crude oil or refined petroleum products sold during the period of time in which federal price controls were in effect, all such receipts shall be credited to a low income energy assistance trust fund which is hereby established. Monies in this fund shall be invested and interest earnings shall accrue to this fund account. Investment income of the low income energy assistance fund is hereby appropriated to the Human Resources Cabinet to be expended only for weatherization and related energy conservation activities. The Cabinet for Human Resources shall submit to the Governor and to the Legislative Research Commission a detailed report identifying the specific purposes and amounts to be expended. In addition, a quarterly report shall be made to both the Governor's Office for Policy and Management and the Legislative Research Commission regarding the actual expenditures of these funds.

10. It is the intent of the General Assembly that the Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

11. A Budget Reserve Trust Fund is hereby established. There is appropriated from the General Fund, $50,000,000 for fiscal year 1986-87 and $50,000,000 for fiscal year 1987-88 to the Budget Reserve Trust Fund.

These funds shall be used in the event actual General Fund receipts during the 1986-87 fiscal year or the 1987-88 fiscal year are not sufficient to meet the General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency or mandated expenditures elsewhere provided for in this Act.

No allotment or expenditure from the Budget Reserve Trust Fund shall be made except upon approval of the Governor of the Commonwealth. The Secretary of the Finance and Administration Cabinet shall communicate any allotment or expenditure from the Budget Reserve Trust Fund, in writing, to the Interim Joint Committee on Appropriations and Revenue.

Any unexpended balance remaining at the close of the 1986-87 fiscal year, shall not lapse, but shall continue into the 1987-88 fiscal year.

12. There is hereby established a General Fund surplus expenditure plan for fiscal year 1986-87 and fiscal year 1987-88, pursuant to KRS 48.140. This plan is for the expenditure of excess General Fund revenue receipts up to two and one-half percent (2.5%) in excess of the revenue receipts estimate for the General Fund as determined by subsection (3) of KRS 48.120.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of fiscal year 1985-86 and fiscal year 1986-87, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess unappropriated General Fund revenue receipts available for expenditure through the General Fund surplus expenditure plan. The amount of excess unappropriated receipts available shall be determined after all allocations required by the Local Government Economic Assistance Fund pursuant to KRS 42.450 have been adjusted.

The Secretary of the Finance and Administration Cabinet is hereby authorized to restore the Budget Reserve Trust Fund to its original level of appropriation in the event that appropriations which have been made to the Budget Reserve Trust Fund have been depleted in whole or in part. No further allotments shall be made for any other purpose.

13. It is the intent of the General Assembly, in furtherance of the Commonwealth's Industrial Development Training program, that funds be authorized for expenditure from the General Fund Surplus Account (KRS 48.700) not to exceed $12,600,000 in the 1986-88 biennium for a comprehensive job training program. Such funds shall be made available only upon certification by the Secretaries of the Human Resources and Commerce Cabinets to the Governor that the regular appropriations for fiscal year 1987 and fiscal year 1988 are insufficient to fulfill the Commonwealth's needs and obligations in support of the Economic Development Training program authorized by this General Assembly. In the event that the Governor shall affirm such certifications, the Secretary of the Finance and Administration Cabinet shall approve the allocations of the required sum from the General Fund Surplus Account and the State Treasurer shall approve such payment. A copy of the certifications, and written approval by the Governor, shall be filed with the Legislative Research Commission.

14. No General Fund allotments to the Corrections Cabinet during the 1984-86 fiscal biennium shall be expended for the purpose of construction or operation of the Geriatrics/Special Needs Unit. The Secretary of Finance is directed to revert such allotments to the General Fund Surplus Account.

Part VII

General Fund Budget Reduction Plan

Pursuant to KRS 48.130, there is hereby established a General Fund Budget Reduction Plan for state government for fiscal year 1986-87 and fiscal year 1987-88. Direct services and obligations essential to the minimum level of constitutional functions are exempted.

A. In the event of an actual or estimated deficit in General Fund receipts of $2,997,840,000 for fiscal year 1986-87 and $3,199,220,000 for fiscal year 1987-88, the heads of the Executive, Judicial and Legislative Branches shall implement reductions for their respective branches as follows:

1. The Local Government Economic Assistance Fund shall be adjusted to equal revised estimates of receipts pursuant to KRS 42.450.

2. Allotments to the itemized budget units shall be reduced to the extent required to avoid a deficit in fiscal year 1986-87 up to the sum of $23,900,000 for the Executive Branch, $900,000 for the Judicial Branch and $200,000 for the Legislative Branch. Allotments to the itemized budget units shall be reduced to the extent required to avoid a deficit in fiscal year 1987-88 up to the sum of $26,300,000 for the Executive Branch, $1,000,000 for the Judicial Branch and $200,000 for the Legislative Branch. Such reductions shall be in allotments for the

programs listed in section B, below, and shall not exceed the amounts listed for each respective program for each respective year.

3. If the allotment reductions made pursuant to paragraph 2., above, are insufficient to eliminate the actual or estimated deficit, then the allotment to the Budget Reserve Trust Fund shall be reduced up to $25,000,000 in each respective fiscal year.

4. If the allotment reductions pursuant to paragraphs 2. and 3., above, are insufficient to eliminate the actual or estimated deficit, then the allotment reductions provided for in paragraph 2., above, shall be repeated. However, in no event shall the total of the allotment reductions made pursuant to paragraph 2., above, and this paragraph exceed the amounts listed in section B, below, for each respective program for each respective fiscal year.

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste *incinerators,* landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5); in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that in either case may cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness or pose a substantial present or potential hazard to human health or the environment.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure.

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination. The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). A hazardous waste disposal facility shall maintain additional excess liability coverage in the amount of at least ten million dollars ($10,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be five million dollars ($5,000,000) per occurrence with an annual aggregate of ten million dollars ($10,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet

shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

Section 4. Whereas the need for proper control and review of disposal of radioactive and hazardous wastes as provided in this Act is a present need, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor."

The county clerk shall be collector of all state, county, city, urban-county government, school, and special taxing district ad valorem taxes on motor vehicles *registered by him*.

Section 2. KRS 138.450 is amended to read as follows:

As used in *KRS 138.455 to* [~~KRS 138.460 and~~] 138.470, unless the context requires otherwise:

(1) "Dealer" means any person engaged in the sale of motor vehicles at retail;

(2) "Motor vehicle" means any vehicle that is propelled by other than muscular power and that is used for transportation of persons or property over the public highways of the state, except road rollers, mopeds, vehicles that travel exclusively on rails, and vehicles propelled by electric power obtained from overhead wires;

(3) "Moped" means either a motorized bicycle whose frame design may include one (1) or more horizontal

crossbars supporting a fuel tank so long as it also has pedals, or a motorized bicycle with a step through type frame which may or may not have pedals rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour;

(4) Except as provided in subsection (5) of this section, "retail price" shall be determined as follows:

(a) For new motor vehicles "retail price" shall be 90% of the manufacturer's suggested retail price of the vehicle with all equipment and accessories, standard and optional, and transportation charges;

(b) For used motor vehicles whose values appear in the automotive reference manual prescribed by the revenue cabinet, "retail price" shall be the value given in such reference manual;

(c) For the older used motor vehicles whose values no longer appear in the automotive reference manual, "retail price" shall be determined as follows:

Number of Years Removed From Manual	Retail Price
1	75% of value of same make vehicle last appearing in manual
2	50% of value of same make vehicle last appearing in manual
3	25% of value of same make vehicle last appearing in manual
All Others	10% of value of same make vehicle last appearing in manual;

(d) In the case of used motor vehicles previously registered in this state, which are sold in this state, a trade-in allowance equal to the "retail price" of the vehicle taken in trade shall be deducted in computing the "retail price" of the vehicle sold.

(e) If a holder of a U-Drive-It permit transfers a vehicle which he has registered as a U-Drive-It within one hundred eighty (180) days of such registration, and if less than five thousand (5000) miles have been placed on the vehicle during the period of its registration as a U-Drive-It, then the "retail price" of such vehicle shall be the same as the retail price determined in subsection (b) or (c) of this section computed as of the date on which the vehicle is transferred except that the provisions of subsection (d) of this section shall not apply.

(5) "Wrecked motor vehicle" means any motor vehicle damaged by any cause except wear and tear or rust including but not limited to damage caused by collision, fire, flood, wind or vandalism. Any other provision of subsection (4) notwithstanding, the retail price of a wrecked motor vehicle shall be [~~the lesser of fifty percent (50%) of~~] the retail price as determined without reference to this subsection[~~, or such retail price~~] minus the average of the repair estimates submitted to the county clerk. The owner of the wrecked motor vehicle shall obtain a minimum of two (2) repair estimates from disinterested persons regularly engaged in the repair of motor vehicles and submit them to the county clerk.

SECTION 3. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

(4) "Gross rental charge" means the amount paid by a customer for time and mileage only.

Section 4. KRS 138.463 is amended to read as follows:

(1) A holder of a *permit* [~~certificate~~] as required under KRS 281.615 to operate as a U-Drive-It as defined in KRS 281.014 may pay the usage tax as provided in KRS 138.460 or, subject to the provisions of *this section* [~~subsection (2)~~], may pay a usage tax of *eight* [~~five~~] per cent *(8%)* [~~(5%)~~] levied upon the amount of the gross rental or lease charges paid by a customer or lessee renting or leasing a motor vehicle from such holder of the *permit* [~~certificate~~].

(2) A holder of a *permit* [~~certificate~~] shall pay the usage tax as provided in KRS 138.460 unless he shows to the satisfaction of the cabinet that he is regularly engaged in the renting or leasing of motor vehicles to retail customers as a part of an established business. Persons first engaging in the renting or leasing of motor vehicles to retail customers shall, in addition to obtaining a *permit* [~~certificate~~] required under KRS 281.615, demonstrate to the satisfaction of the cabinet that they are prepared to qualify under the standards set forth in this subsection.

(3) In the event the holder of such *permit* [~~certificate~~] qualifies under subsection (2) and elects to pay the usage tax by the alternate method as provided in subsection (1), *or is required by subsection (8) to pay by the alternate method, he shall pay the seat tax imposed by KRS 186.281(3) and in addition shall pay the monthly tax authorized by subsection (1) of this section. The tax due shall be remitted to the [~~revenue~~] cabinet each month on forms and pursuant to regulations promulgated by the cabinet.

(5) (a) As soon as practicable after each return is received, the cabinet shall examine and audit it. If the amount of tax computed by the cabinet is greater than the amount returned by the taxpayer, the excess shall be assessed by the cabinet within four (4) years from the date the return was filed, except as provided in paragraph (c) of this subsection, and except that in the case of a failure to file a return or of a fraudulent return the excess may be assessed at any time. A notice of such assessment shall be mailed to the taxpayer. The time herein provided may be extended by agreement between the taxpayer and the cabinet.

(b) For the purpose of paragraphs (a) and (c) of this subsection, a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day.

(c) Notwithstanding the four (4) year time limitation of paragraph (a) of this subsection, in the case of a return where the tax computed by the cabinet is greater by twenty-five percent (25%) or more than the amount returned by the taxpayer, the excess shall be assessed by the cabinet within six (6) years from the date the return was filed.

(6) Failure of the holder of the *permit* [~~certificate~~] to remit the taxes applicable to the rental [~~and leasing~~] charges as provided herein shall be sufficient cause for the department of vehicle regulation to void the *permit* [~~certificate~~] issued to such holder and the usage tax on each of the motor vehicles which had been registered by the holder under the *permit* [~~certificate~~] shall be due and payable on the retail price of each such motor vehicle when it was first purchased by the holder.

(7) Notwithstanding the provisions of KRS 138.460 and subsection (1) of this section, a holder of a permit operating a fleet of rental passenger cars which has been registered pursuant to an allocation formula approved by the cabinet shall pay the tax by the method provided in this section. The provisions of this section shall apply to all vehicles rented by the holder in this state.

(8) Every rental of a vehicle registered pursuant to this section shall represent a bona fide arm's-length transaction and the consideration for such rental shall be based on the fair rental value of the vehicle. The burden of proving that the consideration charged by the holder satisfies this subsection is on the holder.

Section 5. KRS 138.4631 is amended to read as follows:

(1) If any holder of a *permit* [~~certificate~~] under KRS 138.463(2) fails or refuses to file a return or furnish any

The cabinet shall have placed on said insignia either figures, letters, writing, marks or a combination thereof, which indicate that the motor vehicle has been registered and which in conjunction with the records of the cabinet make identity of the registrant readily ascertainable.

SECTION 3. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) Subject to Section 4 of this Act, a taxpayer is entitled to a credit against any state tax liability which may be imposed on the taxpayer for any tax year beginning after December 31, 1986, if the taxpayer purchases a qualified investment in the qualified entity. However, a taxpayer may only receive a credit for qualified investments purchased during calendar years 1986, 1987 and 1988. However, the credit carryover may not be used for any tax year that begins on or after January 1, 1992. The amount of the carryover from a tax year shall be reduced to the extent that the carryover is used by the taxpayer to obtain a credit under this Act for any subsequent tax year. A credit based on a qualified investment purchased during 1986 shall be a credit carryover to tax years that begin after December 31, 1986.

(c) Third, against the taxpayer's bank and trust company share tax liability or savings and loan tax liability for the tax year;

(d) Fourth, against the taxpayer's corporation license tax for the tax year.

(2) Whenever the tax paid by the taxpayer under any of the above listed tax provisions is a credit against the liability or a deduction in determining the tax base under another Kentucky tax provision, the credit or deduction shall be computed without regard to the credit to which a taxpayer is entitled under this Act.

SECTION 6. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:
